

DOES PEACEKEEPING WORK?

Does Peacekeeping Work Does Peacekeeping Work

Charles T. Hunt

Does Peacekeeping Work Does Peacekeeping Work:

Does Peacekeeping Work? Virginia Page Fortna, 2008-07-01 In the last fifteen years the number size and scope of peacekeeping missions deployed in the aftermath of civil wars have increased exponentially From Croatia and Cambodia to Nicaragua and Namibia international personnel have been sent to maintain peace around the world But does peacekeeping work And if so how In Does Peacekeeping Work Virginia Page Fortna answers these questions through the systematic analysis of civil wars that have taken place since the end of the Cold War She compares peacekeeping and nonpeacekeeping cases and she investigates where peacekeepers go showing that their missions are crucial to the most severe internal conflicts in countries and regions where peace is otherwise likely to falter Fortna demonstrates that peacekeeping is an extremely effective policy tool dramatically reducing the risk that war will resume Moreover she explains that relatively small and militarily weak consent based peacekeeping operations are often just as effective as larger more robust enforcement missions Fortna examines the causal mechanisms of peacekeeping paying particular attention to the perspective of the peacekept the belligerents themselves on whose decisions the stability of peace depends Based on interviews with government and rebel leaders in Sierra Leone Mozambique and the Chittagong Hill Tracts in Bangladesh Does Peacekeeping Work demonstrates specific ways in which peacekeepers alter incentives alleviate fear and mistrust prevent accidental escalation to war and shape political procedures to stabilize peace *Does Peacekeeping Work?*, 2010 **Protecting**

Peace? How the UN's Protection of Civilians Contributes to Peace Processes Jenna Russo, **The Oxford Handbook of International Organizations** Jacob Katz Cogan, Ian Hurd, Ian Johnstone, 2016-11-24 Virtually every important question of public policy today involves an international organization From trade to intellectual property to health policy and beyond governments interact with international organizations in almost everything they do Increasingly individual citizens are directly affected by the work of international organizations Aimed at academics students practitioners and lawyers this book gives a comprehensive overview of the world of international organizations today It emphasizes both the practical aspects of their organization and operation and the conceptual issues that arise at the junctures between nation states and international authority and between law and politics While the focus is on inter governmental organizations the book also encompasses non governmental organizations and public policy networks With essays by the leading scholars and practitioners the book first considers the main international organizations and the kinds of problems they address This includes chapters on the organizations that relate to trade humanitarian aid peace operations and more as well as chapters on the history of international organizations The book then looks at the constituent parts and internal functioning of international organizations This addresses the internal management of the organization and includes chapters on the distribution of decision making power within the organizations the structure of their assemblies the role of Secretaries General and other heads budgets and finance and other elements of complex bureaucracies at the international level This

book is essential reading for scholars practitioners and students alike *Understanding Land Warfare* Christopher Tuck,2014-04-29 *Understanding Land Warfare* provides a thorough grounding in the vocabulary concepts issues and debates associated with modern land warfare The book is a thematic debate driven analysis of what makes land warfare unique how it interacts with the other environments the key concepts that shape how it is executed the trade offs associated with its prosecution and the controversies that continue to surround its focus and development *Understanding Land Warfare* contains several key themes the difficulty of conducting land warfare the interplay between change and continuity the growing importance of co operation the variety of ways in which land warfare is fought the competing theoretical debates the tensions and trade offs This book will be essential reading for military personnel studying on cadet intermediate and staff courses In addition it will also be of use to undergraduate and postgraduate students of military history war studies and strategic studies **Understanding War and Peace** Dan Reiter,2023-07-20 Undergraduate multi author textbook by leading conflict scholars focusing on the roots of global conflicts and the various means used to resolve them *Peacekeeping, Policing, and the Rule of Law after Civil War* Robert A. Blair,2020-11-05 The rule of law is indispensable for sustained peace good governance and economic growth especially in countries recovering from civil war Yet despite its importance we know surprisingly little about how to restore the rule of law in the wake of conflict In this book Robert A Blair proposes a new theory to explain how the international community can help establish the rule of law in the world's weakest and most war torn states focusing on the crucial but often underappreciated role of the United Nations Blair tests the theory by drawing on original household surveys in Liberia highly disaggregated data on UN personnel and activities across Africa and hundreds of interviews with UN officials local leaders citizens and government and civil society representatives The book demonstrates that UN intervention can have a deeper more lasting and more positive effect on the rule of law than skeptics typically believe **Historical Dictionary of Multinational Peacekeeping** Terry M. Mays,2010-12-16 As long as there have been wars there have been peace processes to settle them In the 12th century BC the Egyptians and Hittites concluded one of the earliest peace treaties still in existence Peacekeeping as understood as a modern concept emerged out of the League of Nations after World War I The League fielded many international military operations that were essentially deployments by the victorious Allied powers to oversee local plebiscites Peacekeeping operations have evolved to become essential elements in most international attempts to guide belligerents through a peace process Peacekeeping operations can be great examples of the international community cooperating to help settle a crisis *Historical Dictionary of Multinational Peacekeeping* Third Edition is a single source research guide for current and completed peacekeeping operations With an extensive chronology an introductory essay an appendix with the mandates for three UN peacekeeping operations a research oriented bibliography based on numerous categories of peacekeeping operations and issues related to peacekeeping 32 photographs of UN EU and NATO peacekeeping operations and over 500 cross referenced dictionary entries on peacekeeping operations people

organizations countries and events associated with peacekeeping and brief descriptions of all currently fielded operations as well as those that have completed their missions dating back to the League of Nations in 1920

Protection of Civilians in UN Peacekeeping Operations Aminul Islam, 2024-08-14 This book discusses the legal responsibility of UN peacekeepers for the protection of civilians under international legal regimes particularly international human rights law international humanitarian law international refugee law and occupation law It considers both negative and positive obligations that is a duty to respect or not violate a particular right directly and a duty to take positive action to secure or protect a particular right respectively In addition it describes the standards and methods as well as their strengths and weaknesses by which actors in UN peacekeeping operations including the UN troop contributing countries and individual peacekeepers can be held accountable for third party claims and allegations of criminal misconduct against UN peacekeepers for violations of responsibility in peacekeeping operations The work will be a valuable resource for academics researchers and policy makers working in the areas of International Law International Humanitarian Law International Human Rights Law and International Relations

Peacekeeping in the Midst of War Lisa Hultman, Jacob D. Kathman, Megan Shannon, 2019 This book offers the most comprehensive study to date of peacekeeping over time and across all regions of the world

Handbook on Peacekeeping and International Relations Han Dorussen, 2022-12-06 Integrating comparative empirical studies with cutting edge theory this dynamic Handbook provides a comprehensive overview of the study and practice of peacekeeping Han Dorussen brings together a diverse range of contributions which represent the most recent generation of peacekeeping research embodying notable shifts in the kinds of questions asked as well as the data and methods employed

The EU, the UN and Collective Security Joachim Krause, Natalino Ronzitti, 2012 This book examines the effectiveness of multilateralism in ensuring collective security and in particular the EU's role in this process In 1992 shortly after the end of the Cold War a Security Council Summit in New York reaffirmed the salience of the system of collective security and stated the determination of the Heads of State to maintain it as the prime international instrument for preserving peace Twenty years later however the record of collective security as well as of multilateralism has not been very encouraging The system of collective security as enshrined in the United Nations UN Charter failed repeatedly to accomplish its mandate in the 1990s and has led to controversial debates in the United States and Europe that reached a climax during the Iraq crisis in 2002 03 The volume draws upon both theoretical and empirical research to answer the following core questions What are the reasons that have made multilateralism either effective or ineffective in the field of peacekeeping peace preservation and peacebuilding How can multilateralism be made more effective How can attempts made by Europe to render UN multilateralism in the security area more efficient be assessed This book will be of much interest to students of peacebuilding peacekeeping EU policy the UN security studies and IR in general

Humanitarian Hypocrisy Andrea L. Everett, 2018-02-15 In *Humanitarian Hypocrisy* Andrea L. Everett maps the often glaring differences between declared ambitions to protect

civilians in conflict zones and the resources committed for doing so Examining how powerful governments contribute to peace operations and determine how they are designed Everett argues that ambitions resources gaps are a form of organized hypocrisy Her book shows how political compromises lead to disparities between the humanitarian principles leaders proclaim and what their policies are designed to accomplish When those in power face strong pressure to protect civilians but are worried about the high costs and dangers of intervention Everett asserts they allocate insufficient resources or impose excessive operational constraints The ways in which this can play out are illustrated by Everett s use of original data and in depth case studies of France in Rwanda the United States in Darfur and Australia in East Timor and Aceh Humanitarian Hypocrisy has a sad lesson missions that gesture toward the protection of civilians but overlook the most pressing security needs of affected populations can worsen suffering even while the entities who doom those missions to failure assume the moral high ground This is a must read book for activists NGO officials and policymakers alike UN Peace Operations and International Policing Charles T. Hunt, 2014-09-15 This book addresses the important question of how the United Nations UN should monitor and evaluate the impact of police in its peace operations UN peace operations are a vital component of international conflict management Since the end of the Cold War one of the foremost developments has been the rise of UN policing UNPOL Instances of UNPOL action have increased dramatically in number and have evolved from passive observation to participation in frontline law enforcement activities Attempts to ascertain the impact of UNPOL activities have proven inadequate This book seeks to redress this lacuna by investigating the ways in which the effects of peace operations and UNPOL in particular are monitored and evaluated Furthermore it aims to develop a framework tested through field research in Liberia for Monitoring and Evaluation M E that enables more effective impact assessment By enhancing the relationship between field level M E and organisational learning this research aims to make an important contribution to the pursuit of more professional and effective UN peace operations This book will be of much interest to students of peace operations conflict management policing security studies and IR in general *The Economics of UN Peacekeeping* Nadège Sheehan, 2011-07-25 Peacekeeping is a security concept that is very representative of the current interventionism multilateralism human rights and humanitarian ideas UN peacekeeping plays an important role in international security and includes various activities that go beyond the original roles assigned to UN armed forces e g humanitarian aid election supervision disarmament mine clearance civilian protection and peacebuilding The problem is to define the economic efficiency of these operations and to develop some recommendations in the context of an economic globalization process Although UN peacekeeping has shortcomings it must be considered essential for organizing and defending the world politico economic order UN peacekeeping is a political activity but its production strongly depends on nations economic considerations Governments make political decisions that also take into account the economic gains they expect to obtain from their contribution to any specific mission With low means and inadequate strategies to meet the

challenges UN peacekeeping must pay particular attention to resolving the problems of free riding and of prisoner's dilemma in contributions that delay deployments and create significant financial problems. Understanding how peacekeeping can be most cost effectively carried out while considering the importance of legitimacy in interventions is essential. This book believes that regional organizations can ease the UN's financial responsibility by managing conflicts in their regions. But to be most effective they must involve the UN in their interventions. This book also emphasizes UN peacekeeping trust funds as the key to better financial effectiveness. It strongly recommends that NATO be empowered by the UN with the role of global peace police and proposes the establishment of a UN high ranking team of international specialists in peacekeeping issues. This research should be of interest to students and researchers looking at international and political economics as well as international relations, defence security and peace studies. *Georgetown Journal of International Affairs, Summer/Fall 2015*

Mike Fox, Angela Ribaud, 2015-07-31. The Georgetown Journal of International Affairs is the official publication of the Edmund A Walsh School of Foreign Service at Georgetown University. Each issue of the journal provides readers with a diverse array of timely peer reviewed content penned by top policymakers, business leaders and academic luminaries. The theme of this issue will be a look at the United Nations past, present and future to commemorate its 70th anniversary. The secondary theme will be global development. *Governance for Peace* David Cortright, Conor Seyle, Kristen Wall, 2017-09-21. An evidence based analysis of governance focusing on the institutional capacities and qualities that reduce the risk of armed conflict.

Doing Bad by Doing Good Christopher J Coyne, 2023-05-25. An economics focused analysis of why humanitarian relief efforts fail and how they can be remedied. In 2010 Haiti was ravaged by a brutal earthquake that affected the lives of millions. The call to assist those in need was heard around the globe. Yet two years later humanitarian efforts led by governments and NGOs have largely failed. Resources are not reaching the needy due to bureaucratic red tape and many assets have been squandered. How can efforts intended to help the suffering fail so badly? In this timely and provocative book Christopher J Coyne uses the economic way of thinking to explain why this and other humanitarian efforts that intend to do good end up doing nothing or causing harm. In addition to Haiti Coyne considers a wide range of interventions. He explains why the US government was ineffective following Hurricane Katrina, why the international humanitarian push to remove Muammar Gaddafi in Libya may very well end up causing more problems than prosperity and why decades of efforts to respond to crises and foster development around the world have resulted in repeated failures. In place of the dominant approach to state led humanitarian action this book offers a bold alternative focused on establishing an environment of economic freedom. If we are willing to experiment with aid, asking questions about how to foster development as a process of societal discovery or how else we might engage the private sector for instance we increase the range of alternatives to help people and empower them to improve their communities. Anyone concerned with and dedicated to alleviating human suffering in the short term or for the long haul from policymakers and activists to scholars will find this book to be an

insightful and provocative reframing of humanitarian action Praise for Doing Bad by Doing Good Coyne is to be congratulated for a book that strongly calls into question the conventional wisdom that we must look first to government to accomplish humanitarian ends George Leef Regulation Magazine Coyne attempts to explain why conventional approaches to humanitarian aid and longer term economic development have failed miserably Recommended M Q Dao Choice Coyne offers a classic neo liberal economic analysis to explain why the humanitarian project in its current state is doomed Zoe Cormack Times Literary Supplement **Cosmopolitan Peace** Cécile Fabre, 2016 Cecile Fabre presents the first major statement of key moral principles which should be followed when ending wars She defends restitutive and reparative justice punishment of war criminals transitional administrations and deployment of peacekeeping and occupation forces She outlines practices to foster trust and improve prospects for peace The United Nations, Peace and Security Ramesh Thakur, 2017 Explains the United Nations key roles in underwriting international security humanitarian protection and the international rule of law
