Doing Right A Practical Guide:

Doing Right Philip C. Hébert, 1996 Traditionally the knowledge needed by physicians has consisted largely of medical science But in recent years ethical questions have been looming ever larger in everyday clinical practice Doing Right is a practical guide to decision making in those situations Using dozens of real cases it analyzes the most common ethical problems encountered by physicians and medical trainees The many topics covered include truth telling refusal of treatment confidentiality rationing of health care parents refusal of treatment for their children living wills the ethics of medical research and assisted suicide Written simply and concisely with little philosophical or legal jargon Doing Right should be essential reading for medical students residents and practising physicians For those who teach bioethics it will be welcome as a practical and readable textbook **Doing Right** Philip C. Hébert, Wayne Rosen, 2023 Doing Right : A Practical Guide to Ethics for Medical Trainees and Physicians Philip C. Hébert, 2013 **Doing Right** Philip Charles Hébert, 1996

Doing Right Philip C. Hébert, 2014-04 Aimed at second and third year ethics courses offered out of medical schools health sciences departments and nursing programs Doing Right A Practical Guide to Ethics for Medical Trainees and Physicians third edition is a practical guide to analyzing and resolving the ethical dilemmas medical practitioners face on a day to day basis **Doing Right** Philip Hébert, 2008-11-06 Doing Right is a concise and practical guide to ethical decision making in medicine The text is aimed at second and third year one semester ethics courses offered in medical schools health sciences departments and nursing programs **The Oxford Handbook of Mental Health and Contemporary Western**

Aesthetics , 2025-01-02 Human flourishing depends upon the mental health of the individuals Throughout history various cultural traditions have established and practiced diverse strategies to maintain their community members mental health treat their mental illness and enhance their well being They range from spiritual disciplines religious rituals and philosophical training to communal activities educational instructions and community support It is noteworthy that aesthetic objects and activities are frequently integrated into these strategies They include visual arts music dance story telling theatre and occasions and events made special by certain foods drinks decorations clothes and fragrance This long held and widely practiced integration of aesthetics into promotion of mental health testifies to the power of the aesthetic to affect the well being of humans and their communities The world s major philosophies and religious traditions have recognized this power of the aesthetic For example Plato s proposed censorship of the arts in his utopian Republic indicates his acknowledgement of and a respect for the power of the arts to mold the citizens psyche and character Confucianism also utilizes arts and rituals to promote moral virtues Finally Buddhism teaches the cultivation of mindful practice for human flourishing by developing an alternative relationship with present moment experience such as suffering and distress Today the most dominant methods of treating mental illness in the West are psychotherapy psychology and psychiatry methodologies and practices established and developed in Europe since the nineteenth century Ever since the birth of art and poetry its purpose has been to inspire

stir and move people This handbook addresses the valuable role aesthetics plays in psychotherapy and psychiatry exploring both theory and practice **The Cambridge Textbook of Bioethics** Peter A. Singer,A. M. Viens,2008-01-31 Medicine and health care generate many bioethical problems and dilemmas that are of great academic professional and public interest This comprehensive resource is designed as a succinct yet authoritative text and reference for clinicians bioethicists and advanced students seeking a better understanding of ethics problems in the clinical setting Each chapter illustrates an ethical problem that might be encountered in everyday practice defines the concepts at issue examines their implications from the perspectives of ethics law and policy and then provides a practical resolution There are 10 key sections presenting the most vital topics and clinically relevant areas of modern bioethics International interdisciplinary authorship and cross cultural orientation ensure suitability for a worldwide audience This book will assist all clinicians in making well reasoned and defensible decisions by developing their awareness of ethical considerations and teaching the analytical skills to deal with them effectively **The Art and Science of Healing Since Antiquity** Daya Ram Varma,2011-02-03 **The Objective Structured Clinical Examination Review** Mubashar Hussain Sherazi,Elijah Dixon,2018-11-05 This review book comprehensively covers most aspects of the Objective Structured Clinical Examination OSCE Each chapter provides a meticulous overview of a topic featured in the OSCE including general surgery pediatrics psychiatry obstetrics and gynecology gastroenterology geriatrics hematology and ethics Common scenarios for each topic are featured in every chapter accompanied by instructions and tips on how to take a patient s history diagnose a patient discuss treatment options and address patient concerns under each scenario Possible areas of difficulty common candidate mistakes made and important differential diagnosis are outlined in each chapter The text is also supplemented with check lists photographs and tables for enhanced readability and ease of use Written by experts in their respective fields The Objective Structured Clinical Examination Review is a valuable resource for medical students and residents preparing for the OSCE **Ethical And Legal Issues In Modern Surgery** Nadey S Hakim,Vassilios E Papalois,Miran Epstein,2014-12-18 Over the last quarter of a century the fields of medical ethics and of legal issues related to medical practice have rapidly developed for a number of reasons Firstly the provision of healthcare nowadays is based on a complicated partnership between healthcare providers patients administrators and organizations responsible for providing finance this complicated partnership frequently results in clashes of views opinions and priorities which have a major ethical and legal dimension Secondly a major event of the 21st century is the development of multicultural societies healthcare related decisions thus have to be made on the background of so many different ethnicities religions cultures and languages resulting in a great spectrum of ethical and legal implications Thirdly in the modern world people are more mobile and can easily and cost effectively seek treatment outside of their country of origin or residence which raises many ethical and legal issues Lastly the development of new medical specialties modern and advanced treatments for very challenging patients and the introduction of new technologies in medical practice have

dramatically broadened the spectrum of ethical and legal issues related to medical practice This book will therefore aim to cover in detail general principles and specific issues related to the ethical and legal dimensions of modern surgical practice

Eye of the Heart William F. Sullivan,2005-01-01 What is the role of feelings in the euthanasia debate This is the central question in William F Sullivan s unique philosophical and ethical exploration of the issue Eye of the Heart Employing the principles and techniques of the great Canadian theologian and thinker Bernard Lonergan Sullivan offers a concrete examination of the role of feelings in grasping moral values and the key role that feelings play in ethical decision making The heart has its reasons he argues convincingly and it is a type of reason that bioethicists philosophers and legal scholars all need to know Sullivan draws on his experiences as a practicing physician to analyse the distinguishing elements of human knowing illustrating them through common examples of decision making in health care He highlights the occurrence of various types of insight particularly deliberative insights that occur in the process of making value judgments These deliberative insights are affective and through them a person apprehends moral values Eye of the Heart proposes that feelings are relevant to knowing moral values and orient us towards moral self transcendence The implications of this stance in ethics are drawn out for the euthanasia debate

The Way of Selflessness: A Practical Guide to Enlightenment Based on the Teachings of the World's Great Mystics Joel Morwood,2019-04-15 Praised as a spiritual treasure by Huston Smith The Way of Selflessness is an authoritative guide for anyone who wishes to walk a mystical path and discover directly the truth testified to by the mystics of the world s spiritual traditions Drawing from the universal teachings and essential practices of the mystics from all the world s major religious traditions distilled and presented in generic terms suitable for all seekers The Way of Selflessness is appropriate for both those who belong to an established religion and those who do not
