Fundamental Principles of Immortality* Oris Oris,2013-02-21 The Universal Knowledge given by Oris offers the fundamentals of a new and unique world view for all of us It allows us to penetrate the mystery of eternal existence to an extent inaccessible efore reasonably and substantially solving the problems therein offering convincing answers which are not available in any religious world view philosophical movement or scientific theory Oris Information expands the limits of human experience and perception literally to infinity *ISSIIDIOLIGY* is a deep synthesis of high quality spiritual thinking and coherent rational scientific analysis Oris explains with appropriateness the

unusual form in which he presents this systematic Knowledge before we can reach and understand the deepest layers of the truth expressed in complex wording everyone will have to free themselves from all previous limiting conclusions and conceptions thus allowing more intensive flows of the newest information into one's self consciousness to form in it totally new high quality goals and objectives that until now have been considered fantastic and absolutely unachievable The Living Energy Universe Gary E. R. Schwartz, Linda G. S. Russek, 1999 Presents the theory of universal living memory and living energy systems Biko's Ghost Shannen L. Hill, 2015-05-21 When you say Black is Beautiful what in fact you are saying is Man you are okay as you are begin to look upon yourself as a human being With such statements Stephen Biko became the voice of Black Consciousness And with Biko's brutal death in the custody of the South African police he became a martyr an enduring symbol of the horrors of apartheid Through the lens of visual culture Biko's Ghost reveals how the man and the ideology he promoted have profoundly influenced liberation politics and race discourse in South Africa and around the globe ever since Tracing the linked histories of Black Consciousness and its most famous proponent Biko's Ghost explores the concepts of unity ancestry and action that lie at the heart of the ideology and the man It challenges the dominant historical view of Black Consciousness as ineffectual or racially exclusive suppressed on the one side by the apartheid regime and on the other by the African National Congress Engaging theories of trauma and representation and icon and ideology Shannen L Hill considers the martyred Biko as an embattled icon his image portrayals assuming different shapes and political meanings in different hands So too does she illuminate how Black Consciousness worked behind the scenes throughout the 1980s a decade of heightened popular unrest and state censorship She shows how in streams of imagery that continue to multiply nearly forty years on Biko's visage and the ongoing life of Black Consciousness served as instruments through which artists could combat the abuses of apartheid and unsettle the rainbow nation that followed **Psychic Exploration** Edgar D. Mitchell, 1974 Parapsychology Abstracts International, 1988 *Beyond the Brain* Stanislov Grof, 1985-01-01 Beyond the Brain seriously challenges the existing neurophysiological models of the brain After three decades of extensive research on those non ordinary states of consciousness induced by psychedelic drugs and by other means Grof concludes that our present scientific world view is as inadequate as many of its historical predecessors In this pioneering work he proposes a new model of the human psyche that takes account of his findings Grof includes in his model the recollective level or the reliving of emotionally relevant memories a level at which the Freudian framework can be useful Beyond that is perinatal level in which the human unconscious may be activated to a reliving of biological birth and confrontation with death How birth experience influences an individual's later development is a central focus of the book The most serious challenge to contemporary psycho analytic theory comes from a delineation of the transpersonal level or the expansion of consciousness beyond the boundaries of time and space Grof makes a bold argument that understanding of the perinatal and transpersonal levels changes much of how we view both mental illness and mental health His reinterpretation

of some of the most agonizing aspects of human behavior proves thought provoking for both laypersons and professional therapists
