Thinking of Questions Peter Limm, 2015-09-23 This is not a conventional book It is designed to stimulate and challenge all

people who are curious to find out about the world they inhabit and their place within it. It does this by suggesting questions and lines of questioning on a wide range of topics. To this end almost all questions have a list of books or articles to provide a starter for stimulating further reading. Once you start you will be hooked. Never stop questioning. 100 Activities for Teaching Research Methods Catherine Dawson, 2016-08-08.
