Extreme Joint Locking And Breaking Restraint And Submission Techniques For The Street:

Extreme Joint Locking And Breaking Loren W. Christensen, 2006-04-01 This book isn't about sport fighting flashy moves or how to become a better person through a martial art. It presents realistic grappling techniques designed to control and restrain through the application of pain to the joints. Its purpose is to provide today's modern warrior, the self-defense oriented martial artist, combat soldier, or law enforcement officer with easy-to-apply techniques that first restrain and then if taken to their maximum potential inflict severe physical injury including torn ligaments and tendons, broken bones, and even paralysis or death in extreme cases.

Popular Mechanics, 2000-01 Popular Mechanics inspires, instructs, and influences readers to help them master the modern world. Whether it's practical DIY home improvement tips, gadgets, and digital technology information on the newest cars or the latest breakthroughs in science, PM is the ultimate guide to our high-tech lifestyle.

Bulletin of the Atomic Scientists, 1988-01 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world.

Comprehensive Joint-Locking Techniques for Law Enforcement Al Arsenault, 2021-08-20 The new martial art of Police Judo covers the critical gap between talking and tasing arrestees. The difference between holding and controlling uncooperative, resistant, and violent individuals is profound. Comprehensive Joint Locking Techniques for Law Enforcement offers ethically sound and sometimes unique control and arrest techniques and tactics for police officers, sheriffs, jail guards, loss prevention officers, and anyone who needs to effectively control those held in custody without resorting to injurious and optically unappealing striking techniques. Police Judo is the hybridization of the practical, non-sporting basics of ancient judo with modern control and arrest techniques. It was created for police by police. If you are looking to add some highly useful and innovative tools to your arsenal or you are seeking to street-proof your martial art, then this book is for you. Indeed, the entire Police Judo series will enhance your control tactics skills as a law enforcement officer or as a civilian while minimizing injuries to those who resist arrest.
