Contend A Survey Of Christian Apologetics On A High School Level:

Contend Jason Dollar, Bradley Pinkerton, 2009-04 Training in Christian apologetics is an absolutely necessary and vital part of Christian discipleship Contend is a compelling volume designed to strengthen the faith of believers while challenging skeptics to reconsider the evidence for the truth of the Christian worldview Written on a high school level Contend is perfect for classrooms small groups or individual study Developing a Christian Apologetics Educational Program Douglas E.

Potter, 2010-02-18 Many are expressing concern about the future of Christian youth today What can we do to help ensure they will keep their evangelical faith once they graduate from high school Can Christian apologetics provide an educational solution Developing A Christian Apologetics Educational Program explores issues certain to be encountered by secondary school educators who want to teach apologetics as a distinct subject of study either as a part of a Christian institutional or home school curriculum This book helps the apologist and educator blend their skills to soundly integrate the two subjects A solution is sought by providing a background and rationale for implementing an age level appropriate apologetics course at this critical level of Christian education This book is designed as a text to supplement those used in Christian education or applied apologetics courses each chapter successively builds upon the other to help develop an educational philosophy that supports the inclusion of apologetics in the curriculum A model is explained and materials are given to support the development of a curriculum in Christian Apologetics Education at the secondary level Practical ideas are explored and a sample unit of instruction is supplied to help the educator develop an evangelical approach to education that is in the classical apologetic tradition **My Concerns for America** Herbert W. Byrne, 2008-10 Since 1960 vast changes have taken place in our country During that period cultural changes were numerous some good and some bad This work refers to changes that give cause for grave concern including increase in crime child abuse abortion and disturbing developments in government all described and suggested solutions for them made Herbert W Byrne Ed D has worked in Christian ministry for over forty years serving as Pastor Evangelist classroom teacher and Sunday School lecturer in over thirty different denominations in the United States and Canada He is the author of more than twelve books in the field of Christian Education *The Case for Classical Christian Education* Douglas Wilson, 2002-11-12 Newspapers are filled with stories about poorly educated children ineffective teachers and cash strapped school districts In this greatly expanded treatment of a topic he first dealt with in *Rediscovering the Lost Tools of Learning* Douglas Wilson proposes an alternative to government operated school by advocating a return to classical Christian education with its discipline hard work and learning geared to child development stages As an educator Wilson is well equipped to diagnose the cause of America's deteriorating school system and to propose remedies for those committed to their children's best interests in education He maintains that education is essentially religious because it deals with the basic questions about life that require spiritual answers reading and writing are simply the tools Offering a review of classical education and the history of this movement Wilson also reflects

on his own involvement in the process of creating educational institutions that embrace that style of learning He details elements needed in a useful curriculum including a list of literary classics Readers will see that classical education offers the best opportunity for academic achievement character growth and spiritual education and that such quality cannot be duplicated in a religiously neutral environment Medical Apologetics Kris F. French,2017-04-28 Have you wondered if science and religion conflict with each other Does science explain everything including the existence of the mind This book will examine these questions and many others and then weigh the evidence using medical diagnostic tools and techniques to determine the best explanation for the way things are Like the study of God neuroscience is mysterious and complicated but we are able to dive into these mysteries and strengthen our faith *Shakespeare Survey* 74 Emma Smith,2021-09-16 Shakespeare Survey is a yearbook of Shakespeare studies and production Since 1948 Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of that year s textual and critical studies and of the year s major British performances The theme for Volume 74 is Shakespeare and Education The complete set of Survey volumes is also available online at <https://www.cambridge.org/core> what we publish collections shakespeare survey This fully searchable resource enables users to browse by author essay and volume search by play theme and topic and save and bookmark their results **Annual Catalog of Columbia College** Loras College,1959 Faith and Learning David S. Dockery,2012 Two dozen Christian higher education professionals thoroughly explore the question of the faith s place on the university campus whether in administrative matters the broader academic world or in student life *A Comparative Study of Some High School Religion Texts* Richard James Gabel,1934 The Case for Life (Second edition) Scott Klusendorf,2023-10-24 Pro Life Advocate Scott Klusendorf Answers the Important Question What Are the Unborn Pro life Christians take heart the pro life message can compete in the marketplace of ideas if Christians properly understand and articulate that message In light of the 50th anniversary of Roe v Wade too many Christians do not understand the essential truths of the pro life position making it difficult for them to articulate a biblical worldview on issues like abortion cloning and embryo research This second edition of The Case for Life now with added content provides intellectual grounding for the pro life convictions that most evangelicals hold Author Scott Klusendorf simplifies the debate the sanctity of life is not a morally complex issue The debate turns on one key question What is the unborn In this timely ebook Klusendorf teaches readers what the role of the pro life Christian should be and how to lovingly and winsomely engage in questions and objections Timely Covers current hot button topics related to abortion cloning and embryo research Ideal for Christians or Anyone Curious about the Pro Life Movement Written for those looking to learn more about the pro life argument and why it matters Logically Grounded Klusendorf explains the core of the argument and how to engage in a thoughtful and loving way Additional Content Includes two new chapters on how to organize material for a pro life talk and what it means to be pro life
