Pauls, Mark A. Pierson, Timothy J. Pauls, 2021-03-23 *Take Courage* is a collection of essays written by pastors and professors about the care and cure of souls in the 21st century As spiritual physicians pastors are called to diagnose and treat all those suffering with the disease of sin This noble task requires much from these undershepherds who are placed over Christ's flock Yet the Good Shepherd himself has provided the effective tools of this healing art the life-giving word and sacraments Pastors then specialize in applying the medicine of forgiveness and bringing comfort to broken consciences Collectively these essays teach and expound upon this theme This helpful book honors the 45 years of faithful service given by one such undershepherd Harold L. Senkbeil As a pastor seminary professor author speaker husband father and the executive director of DOXOLOGY Senkbeil has consistently provided competent

treatment for both laity and pastors by distributing the forgiveness won by Jesus on the cross     The God Who Is There  
Leader's Guide D. A. Carson, 2010-07 Eminent evangelical theologian provides a basic introduction to the faith that traces the story of redemption through the Bible     A Christian Apologetic For Christian Apologists Lance Waldie, 2013-01-09 The Christian faith is based on historical truths that if properly understood can be defended as truth and not wishful thinking In a day and age where it is said that truth does not exist or that truth is whatever people believe it is Christians must stand up and present the truth of Jesus Christ in a loving and clear way We are to be prepared at all times to defend our faith why we believe that Jesus is the Christ the Son of God This book lays out the traditional arguments for the existence of God proves that there must be only one God for anything to exist that does exist and then it demonstrates that the only God is Jesus Christ Moreover the Bible is shown to be reliable and believable for it is the logical avenue through which God if He exists would communicate with His people     **Moral Apologetics for Contemporary Christians** Mark Coppenger, Mark T. Coppenger, 2011 A respected Christian apologist thoughtfully pushes back against critics of the faith as well as cultural relativists arguing that Christianity is morally superior to its competitors and above all true     *The God Who Is There* D. A. Carson, 2010-07-01 It can no longer be assumed that most people or even most Christians have a basic understanding of the Bible Many don't know the difference between the Old and New Testament and even the more well known biblical figures are often misunderstood It is getting harder to talk about Jesus accurately and compellingly because listeners have no proper context with which to understand God's story of redemption In this basic introduction to faith D A Carson takes seekers new Christians and small groups through the big story of Scripture He helps readers to know what they believe and why they believe it The companion leader's guide helps evangelistic study groups small groups and Sunday school classes make the best use of this book in group settings     The Great Partnership Jonathan Sacks, 2012-09-11 National Jewish Book Awards 2012 Finalist Dorot Foundation Award for Modern Jewish Thought and Experience An impassioned erudite thoroughly researched and beautifully reasoned book from one of the most admired religious thinkers of our time that argues not only that science and religion are compatible but that they complement each other and that the world needs both Atheism deserves better than the new atheists states Rabbi Jonathan Sacks whose methodology consists of criticizing religion without understanding it quoting texts without contexts taking exceptions as the rule confusing folk belief with reflective theology abusing mocking ridiculing caricaturing and demonizing religious faith and holding it responsible for the great crimes against humanity Religion has done harm I acknowledge that But the cure for bad religion is good religion not no religion just as the cure for bad science is good science not the abandonment of science Rabbi Sacks's counterargument is that religion and science are the two essential perspectives that allow us to see the universe in its three dimensional depth Science teaches us where we come from Religion explains to us why we are here Science is the search for explanation Religion is the search for meaning We need scientific explanation to understand nature We need meaning to understand

human behavior There have been times when religion tried to dominate science And there have been times including our own when it is believed that we can learn all we need to know about meaning and relationships through biochemistry neuroscience and evolutionary psychology In this fascinating look at the interdependence of religion and science Rabbi Sacks explains why both views are tragically wrong **Skepticism: The Case against Christianity?** John G. Weldon ,2023-04-11

An examination of skepticism and one of its principal complaints against God the Bible and Christianity Despite the best efforts of the most skilled skeptics for 20 centuries the case against Christianity has never been made Alleged moral dilemmas often cited by skeptics as proof the Bible could not be divinely inspired have critical information left out

Getting at Jesus Peter S. Williams,2019-01-29 Portraying themselves as challenging blind religious dogma with evidence led skepticism the neo atheist movement claims that the New Testament contains unreliable tales about a mythical figure who far from being the resurrected Lord of life may not even have lived This comprehensive critique documents the falsehood of these neo atheist claims correcting their historical and philosophical mistakes to show how we can get at the truth about the historical Jesus **Outgrowing God?** Peter S. Williams,2020-09-30 Join a cast of characters with different

perspectives thinking through some of the biggest questions in life as they discuss atheist Richard Dawkins s book *Outgrowing God A Beginner s Guide* Written in the form of a dialogue between members of a student book club *Outgrowing God A Beginner s Guide* to Richard Dawkins and the God Debate encourages critical thinking about Professor Dawkins s arguments concerning God Jesus and the Bible *The Resurrection Fact* John J. Bombaro,Adam Francisco,2016-10-31 In the first century the resurrection fact faced both Jewish and Greek audiences with a challenge the challenge of a new reality Christ the risen Lord Since facts are by definition something that happened and this happening was witnessed proclaimed and recorded the fact stands for all generations In answering critics a defense of the resurrection consists not only of a response by way of negation e g Christianity is not this but also through positive affirmations this is Christianity In this book the reader will find both However it is our hope that the final word retained would be the one that stands for something rather than against something Together our words stand for something positive not negative namely the good news that the one true God has now taken charge of the world in and through Jesus and His death and resurrection **REASONING**

**WITH THE WORLD'S VARIOUS RELIGIONS** Edward D. Andrews,2018-02-27 The Devil's Advocate versus God's Honest Truth Necip Fikri Alican,2025-02-27 *The Devil s Advocate versus God s Honest Truth* is a scholarly monograph exploring the rationality of religion particularly the tenability of theism through a dialectical analysis of plausible arguments for the existence of God versus reasonable grounds for suspicion It offers a comprehensive and balanced coverage of the issues inviting readers to reflect and ponder the subject in its full scope The book thus makes up for the missing objectivity in an area that has long been dominated by sectarian scholarship and polarized beyond reconciliation Loving Wisdom Paul Copan,2020-04-23 A guide to Christian philosophy that engages with the biblical story As human beings we all qualify as

philosophers and Paul Copan contends that we take a position of trust faith shaped by philosophical stances but also personal heart commitments worldviews In this thoroughly revised and expanded second edition of Loving Wisdom Copan explores philosophy of religion from a distinctively evangelical Christian perspective biblically grounded informed by apologetics and engaging with questions about universal human longings Copan presents a distinctively and deliberately biblical philosophy of religion in Loving Wisdom addressing a wide range of topics and questions as they arise in the metanarrative of scripture He acknowledges the difficulties mystery and disagreements in religion while attempting to show how the Christian faith does a much more adequate job of responding to a wide range of challenges as well as addressing our deepest human yearnings With discussion questions for each chapter and an accessible approach Loving Wisdom is ideal for the classroom or small groups      **Threshold: Aperture to the Light of the World ,**
