Introducing Gender and Women's Studies Diane Richardson,Victoria Robinson,2020-04-22 At a time where after decades of progress in gender and sexual rights people in many parts of the world are facing new forms of resistance and opposition to gender equality this timely publication confirms the continuing importance and relevance of gender and women s studies The fifth edition of this best selling textbook provides a comprehensive overview of key issues and debates in gender and feminist theory With fully revised chapters written by specialists across a range of core topics including sexuality race bodies family masculinity methodologies and migration this clearly written but rigorous collection examines contemporary debates and provides helpful examples and questions to consider Furthermore it continues to reflect the shift from women s studies to gender studies incorporating coverage of masculinity throughout as well as discussing live debates such as around global activism transgender rights and the environment It continues to be an indispensable resource for students academics and anyone interested in this lively field New to this Edition A new chapter on gender and migration Expanded discussion of transgender rights as well as masculinity studies Brings seven new contributors to the collection with newly authored chapters on Gender and Environment Gender and Education Gender and Sexuality and Gender and Race Fully revised and updated with new material and new case examples Greater attention to intersectional approaches and international reach **Mixed Race Identities** P. Aspinall,M. Song,2013-07-26 This book explores the ethnic and racial options exercised by young mixed race people in Britain It reveals the diverse ways in which young people identify and experience their mixed status the complex nature of such identities and the rise of other identity strands which are now challenging race and ethnicity as dominant and salient identities **Gender, Work and Community After De-Industrialisation** V. Walkerdine,L. Jimenez,2012-01-17 How does an industrial community cope when they are told that closure is inevitable What if this is only the last in a 200 year long line of threats insecurities and closure How did people weather the storms and how do they face the future now While attempts to regenerate communities are everywhere we do

not often hear from the people themselves just how they managed to create safe collective spaces or how the fall of the whole house of cards brought with it effects which can be felt by young people who never knew the town when it was an industrial heartland We hear the story of how men and women tried to cope and still want to retain their community in the face of its destruction What can they and will they have to pass to the next generation and where will that leave the young people themselves who have nothing to stay for but are unable to leave This book examines these crucial questions facing post industrial societies

Perceptions of the European Union's Identity in International Relations Anna Skolimowska, 2018-12-07 This book examines the perception of European Union s identity by the main actors in international relations Analysing issues related to public discourse in third countries as demonstrated by amongst others their political elites civil society and think tanks the book highlights a normative gap with regards to the European Union s self definition perception and its perception in the international environment It also shows that the European Union s perception of normative power in international relations is not shared consistently by the main principal actor yet is differentiated relative to geographical area and scope of activities undertaken by the EU It demonstrates that the perception of the EU s normative identity is a source of the crisis of the European Union as an effective and significant player in the international arena This book will be of key interest to scholar and students of European Union politics European politics studies European integration identity politics and international relations

Challenging Identities Peter Madsen, 2016-08-12 Identity is a keyword in a number of academic fields as well as in public debate and in politics During the last decades references to identity have proliferated yet there is

no simple definition available that corresponds to the use of the notion in all contexts The significance of the notion depends on the conceptual or ideological constellation in which it takes part This volume on one hand demonstrates the role of notions of identity in a variety of European contexts and on the other hand highlights how there may be reasons to challenge the use of the term and corresponding social cultural and political practices Notions of national identity and national politics are challenged by European integration as well as by the increasing demographic heterogeneity due to migration and migrants experience conflicts of identification stemming from clashes between cultural heritage and the cultures of the new habitat European horizons frames of mind historical memories and expectations at the level of groups or communities at the national level and at the general European level are at odds Analyzing a series of issues in European countries from Turkey to Spain and from Scandinavia to the Balkans the contributions demonstrate uses and abuses of the notion of identity

Bodies of Work Julie M. Powell, 2022-10-27 Bodies of Work examines the transnational development of large scale national systems international organizations technologies and cultural material aimed at rehabilitating Allied ex servicemen disabled in the First World War When nations mobilised in August 1914 it was thought that casualties would be minimal and the war would be quickly over Little consideration was given to what ought to be done for those men whose bodies would forever bear the marks of war s destruction Julie M Powell charts how rehabilitation emerged as the best means to deal with millions of disabled ex servicemen She considers the ways in which rehabilitation was shaped by both durable and discrete influences including social reformism paternalist philanthropy the movement for workers rights patriotism class tensions cultural ideas about manliness and disability nationalism and internationalism Powell sheds light on the ways in which rehabilitation systems became sites for the contestation and maintenance of boundaries of belonging

Dialectic Special Pedagogy Louise Bøttcher, Charlotte Mathiassen, 2024-11-28 This book offers theoretical and practical discussion on the inclusion of students with disabilities and learning impairments within the learning environments and beyond It explores how social relations and social activities can support the personal and social transitions of children young people and adults in need of specialized support Written by academics based in Australia Canada Denmark the Netherlands and the UK the contributors take a cultural historical and dialectical approach as a starting point for special pedagogy This approach enables special pedagogy to rise above biological essentialist environmental social training and purely sociological approaches and to focusing on development as a psychological as well as a social phenomenon The chapters cover a range topics including deaf education

primary and secondary disabilities play mediation incarcerated youth and mental illness The contributors draw heavily on psychologist Lev Vygotsky's work and his notion of the zone of proximal development

Contested Concepts in

Migration Studies Ricard Zapata-Barrero, Dirk Jacobs, Riva Kastoryano, 2021-11-29 This volume demonstrates that migration and diversity related concepts are always contested and provides a reflexive critical awareness and better comprehension of the complex questions driving migration studies The main purpose of this volume is to enhance conceptual thinking on migration studies Examining interaction between concepts in the public domain the academic disciplines and the policy field this book helps to avoid simplification or even trivialization of complex issues Recent political events question established ways of looking at issues of migration and diversity and require a clarification or reinvention of political concepts to match the changing world Applying five basic dimensions each expert chapter contribution reflects on the role concepts play and demonstrates that concepts are ideology dependent policy politics dependent context dependent discipline dependent and language dependent and are influenced by how research is done how policies are formulated and how political debates extend and distort them This book will be essential reading for students scholars and practitioners in migration studies politics migrant integration citizenship studies racism studies and more broadly of key interest to sociology political science and political theory
