Context And Circumstance The Turkish Military And Politics Adelphi Series:

Context and Circumstance Gareth Jenkins, 2001 Debates about military influence on civilian government tend to be partisan and rarely pay sufficient attention to specific contexts This paper analyses without condemnation or justification why and how the military exercises such influence in Turkey and whether it is likely to continue to do so It argues that the role of the military in Turkey grows out of a specific Turkish context and is more a symptom than a cause of the country's flawed democracy It examines the Turkish officer ethos particularly the role of the indigenous ideology of Kemalism and the broad though not universal public mandate for an interventionist role in politics It contends that the military's influence is neither uniform nor total and that it is more effective at blocking than initiating policy thus creating a system in which civilian authority is primary rather than supreme It analyses the mechanisms through which the military attempts to shape policy and demonstrates how its influence depends more on its informal authority than legislated rights or responsibilities The paper suggests that fears of threats to national security resulting from the reforms required for EU accession have made the military more not less reluctant to withdraw from the political arena It concludes that regardless of the future of Turkey's candidacy such a withdrawal will be a slow and gradual process dependent more on changes in Turkish social and political culture and the perceived security environment than in the military itself

Democratic Consolidation in Turkey Müge Aknur, 2012 Although Turkey began its transition to democracy as early as the 1950s it is still far from having reached a level of consolidated democracy with the country's sixty year history of democratic politics being punctuated by numerous breakdowns and restorations of democracy In an attempt to examine why consolidation of Turkish democracy has taken so long this book aims at analyzing various factors including state political parties civil society civil military relations socio economic development the EU as an international actor and the rise of internal threats political Islam and separatist Kurdish nationalism that both hinder and enhance democratic consolidation in Turkey By highlighting the strengths and shortcomings of the Turkish experience from these perspectives this book suggests the optimal policy priorities for current and future Turkish governments to establish a consolidated democracy in Turkey Contributors Muge Aknur Canan Aslan Akman Filiz Baskan Gulgun Erdogan Tosun Siret Hursoy Aysegul Komsuoglu Gul M Kurtoglu Eskisar Yesim Kustepeli Nazif Mandaci Ibrahim Saylan Ugur Burc Yildiz

Dealing with a Rising Power Svante Cornell, Gerald Knaus, Manfred Scheich, 2012-04-29 Download PDF for free from <http://martenscentre.eu/publications/dealing-rising-power-turkeys-transformation-and-its-implications> eu Turkey's growing assertiveness on the international stage difficulties with EU accession rapidly rising economy and the long and controversial reign of the Justice and Development Party AKP are all necessitating a need for analysis The present study of the Centre for European Studies presents two papers which look at Turkey and the AKP from different perspectives Svante Cornell's paper argues that AKP has moved away from democratic reforms and that Turkey's zero problems with the neighbours approach to international relations has failed Gerald Knaus maintains that the AKP and the EU's influence on Turkey have effected radical changes in the balance of power between the military and civilian actors thus bringing Turkey somewhat closer to Western democratic standards Both authors advocate continued EU engagement with Turkey irrespective of the progress of accession negotiations

Regime Change in Contemporary Turkey Necati Polat, 2016-09-08 Turkey has undergone a series of upheavals in its political regime from the mid 19th century This book details the most recent change locating it in its broader historical setting Beginning with the Justice and Development Party's rule from late 2002 supported by a broad informal coalition that included liberals the book shows how the former Islamists gradually acquired full power between 2007 and 2011 It then describes the subsequent phase looking at politics and rights under the amorphous new order This is the first scholarly yet accessible assessment of this historic change placing it in the larger context of political modernisation in the country over the past 150 years
