Christian Zionism Examined, Second Edition Steven Paas, 2020-01-15 This book deals with Christian Zionism and in a wider sense with the phenomenon of Israelism By Israelism I mean a certain kind of literal reading of the Scriptures God's revealed plan for Israel and the Jewish people are construed by many in such a way that Jews are to receive a higher status or a lower place than all other nations These two opposite positions have many gradations from moderate to extreme The most extreme consequences are glorification and degradation idolization and hatred Philo Semitism and Anti Semitism Christian Zionism Examined emphatically asserts that the Bible provides absolutely no basis for this literal way of reading and understanding the prophetic word in the Holy Scriptures God's promises of redemption and judgment to Old Testament Israel have never meant to be solely fulfilled to one particular ethnic people and geographical area i.e. only modern Israel or only the Jewish people Redemption and judgment are fulfilled in Christ In him those promises or predictions have received a final meaning for all nations essentially for all creation The completion of that fulfillment will take place upon his return in the perfection of his kingdom or his universal rule and in the final judgment The Good Christian Ruler in the First Millennium Philip Michael Forness, Alexandra Hasse-Ungeheuer, Hartmut Leppin, 2021-07-19 The late antique and early medieval Mediterranean was characterized by wide ranging cultural and linguistic diversity Yet under the influence of Christianity communities in the Mediterranean world were bound together by common concepts of good rulership which were also shaped by Greco Roman Persian Caucasian and other traditions This collection of essays examines ideas of good Christian rulership and the debates surrounding them in diverse cultures and linguistic communities It grants special attention to communities on the periphery such as the Caucasus and Nubia and some essays examine non Christian concepts of good rulership to offer a comparative perspective As a whole the studies in this volume reveal not only the entanglement and affinity of communities around the Mediterranean but also areas of conflict among Christians and between Christians and other cultural traditions By gathering various specialized studies on the overarching question of good rulership this volume highlights the possibilities of placing research on classical antiquity and early medieval Europe into conversation with the study of eastern Christianity Contextual Theology for Latin America Sharon E. Heaney, 2008-07-01 In the context of Latin America the theology of liberation is both dominant and world renowned However this context and the pursuit of theological relevance belong also to other voices Orlando E Costas Samuel Escobar J Andrew Kirk Emilio A Nunez and C Rene Padilla are thinkers who have sought to bring an evangelical understanding of liberation to the people of Latin America Despite their influence on national and international theology and despite their transformative contribution to the praxis of churches ministering in contexts of poverty their thought has not been systematized to date This work deals with this lacuna

presenting the vitality of Latin American evangelical theology which seeks to be biblical relevant and missiologically effective thus offering a liberation which is holistic and grounded in the kingdom of God

**A Physicist Examines Hope in the Resurrection** John F. Wilson, 2016-12-22 John Polkinghorne ordained member of the Royal Society past President of Queen's College Cambridge Knight Commander of the Order of the British Empire 2002 Templeton Prize winner theoretical physicist and theologian writes in breathless style to unfold core Christian doctrine in dialogue with science His work deftly addresses how one would interpret and commend Christian faith in the contemporary world as he elucidates the key topics in the dialogue of religion with science Polkinghorne's work addresses the hope Christians have present and future in the faithfulness of a loving God who stands alongside them today and for all eternity Eschatological hope enables and empowers Christian life and emerges in God's resurrection of Jesus from the horrific crucifixion Polkinghorne ably supports his thesis with a strong argument for the resurrection built on the kenotic acts of God His thesis sees Christian eschatology as the advent of hope the heart of faith In Christian eschatology as argued by Polkinghorne and supported in the work of Jürgen Moltmann and Nicholas T Wright Christ's presence is not some far off event but present reality

The Global Edwards Rhys S. Bezzant, 2017-10-20 In a globalized world networks are key whether they are networks of people ideas or interests In this volume of essays on the texts and teachings of Jonathan Edwards contributors from each continent ask questions about how the world of Edwards explains or illuminates the world of today whether in the area of systematics missions historiography politics church planting or biblical studies Such diverse discourses enrich the networks of scholarship that the contributors represent and provide a global snapshot of contemporary research in Edwards studies These papers were presented in August 2015 at the Jonathan Edwards Congress held at Ridley College in Melbourne Australia where personal engagement with the topics at hand made the worldwide network of Edwards aficionados and scholars not merely a virtual aspiration but an experience in time and space This book will not only inform its readers but surprise them as well as they track the power of eighteenth century theological ideas in the late modern world

[Speaking in Tongues: A Critical Historical Examination, Volume 2](#) Philip E. Blosser, Charles A. Sullivan, 2023-08-21 In three carefully researched volumes this ground breaking study examines the gift of tongues through two thousand years of church history Starting in the present and working back in time these volumes consider 1 the modern redefinition of tongues as a private prayer language 2 the church's perennial understanding of tongues as ordinary human languages and 3 the Corinthian tongues which in light of Jewish liturgical tradition turn out to have been a Semitic liturgical language requiring bilingual interpreters This second volume tracks the perception and practice of tongues back through the first eighteen hundred years of church history demonstrating that tongue speaking was always active but puzzlingly different from today's glossolalia From Pope Benedict XIV's detailed treatise in the 1700s it works back through long forgotten scholastic and patristic debates to the earliest Christian writers such as Irenaeus No other resource on the subject approaches the depth and scope of the present volume
