Does Atlas Shrug Does Atlas Shrug:

Does Atlas Shrug? Joel Slemrod, 2000 Since the introduction of the income tax in 1913 controversy has raged about how heavily to tax the rich Opponents of high tax rates claim that heavy assessments have negative incentives on the productivity of some of our most talented citizens supporters stress the importance of the rich shouldering their fair share and decry the loopholes that permit many to escape their obligations Notably absent from this debate is hard evidence about the actual impact of taxes on the behavior of the affluent This book presents evidence by leading economists of the effects of taxes on the formation of businesses the supply of labor the form of executive compensation the accumulation of wealth the allocation of portfolios and the realization of capital gains Among its findings are that the labor supply of the rich remained unchanged in the face of large tax cuts in 1986 and that in late 1992 executives exercised billions of dollars worth of stock options in order to beat the tax increases expected in 1993 The book also presents a history of efforts to tax the rich a demographic snapshot of the financially affluent and a road map to widely used tax avoidance strategies Does Atlas Shrug will be of great interest to policymakers and interested citizens who want to know how much tax revenue could really be gained by increasing tax rates on the rich or whether low capital gains tax rates really spur economic growth **Atlas Shrugged** Ayn Rand, 2005-04-21 Peopled by larger than life heroes and villains charged with towering questions of good and evil Atlas Shrugged is Ayn Rand's magnum opus a philosophical revolution told in the form of an action thriller nominated as one of America's best loved novels by PBS's The Great American Read Who is John Galt When he says that he will stop the motor of the world is he a destroyer or a liberator Why does he have to fight his battles not against his enemies but against those who need him most Why does he fight his hardest battle against the woman he loves You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book You will discover why a productive genius becomes a worthless playboy why a great steel industrialist is working for his own destruction why a composer gives up his career on the night of his triumph why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill Atlas Shrugged a modern classic and Rand's most extensive statement of Objectivism her groundbreaking philosophy offers the reader the spectacle of human greatness depicted with all the poetry and power of one of the twentieth century's leading artists **Ayn Rand's Atlas Shrugged** Edward W. the penny press to Playboy the NBA to NASCAR big band to hip hop and other topics including film comics television sports dance and music Paying careful attention to matters of race gender class technology economics and politics LeRoy Ashby emphasizes the complex ways in which popular culture simultaneously reflects and transforms American culture revealing that the world of entertainment constantly evolves as it tries to meet the demands of a diverse audience Trends in popular entertainment often reveal the tensions between competing ideologies appetites and values in American society For example in the late nineteenth century Americans embraced self made men such as John D Rockefeller and Andrew Carnegie the celebrities of the day were circus tycoons P T Barnum and James A Bailey Wild West star Buffalo Bill Cody professional baseball organizer Albert Spalding and prizefighter John L Sullivan At the same time however several female performers challenged traditional notions of weak frail Victorian women Adah Isaacs Menken astonished crowds by wearing tights that made her appear nude while performing dangerous stunts on horseback and the shows of the voluptuous burlesque group British Blondes often centered on provocative images of female sexual power and dominance Ashby describes how history and politics frequently influence mainstream entertainment When Native Americans blacks and other non whites appeared in the nineteenth century circuses and Wild West shows it was often to perpetuate demeaning racial stereotypes crowds jeered Sitting Bull at Cody s shows By the early twentieth century however black minstrel acts reveled in racial tensions reinforcing stereotypes while at the same time satirizing them and mocking racist attitudes before a predominantly white audience Decades later Red Foxx and Richard Pryor s profane comedy routines changed American entertainment The raw ethnic material of Pryor s short lived television show led to a series of African American sitcoms in the 1980s that presented common American experiences from family life to college life with black casts Mainstream entertainment has often co opted and sanitized fringe amusements in an ongoing process of redefining the cultural center and its boundaries Social control and respectability vied with the bold erotic sensational and surprising as entrepreneurs sought to manipulate the vagaries of the market control shifting public appetites and capitalize on campaigns to protect public morals Rock n Roll was one such fringe culture in the 1950s Elvis blurred gender norms with his androgynous style and challenged conventions of public decency with his sexually charged performances By the end of the 1960s Bob Dylan introduced the social consciousness of folk music into the rock scene and The Beatles embraced hippie counter culture Don McLean s 1971 anthem American Pie served as an epitaph for rock s political core which had been replaced by the spectacle of hard rock acts such as Kiss and Alice Cooper While Rock n Roll did not lose its ability to shock in less than three decades it became part of the established order that it had originally sought to challenge With Amusement for All provides the context to what Americans have done for fun since 1830 showing the reciprocal nature of the relationships between social political economic and cultural forces and the way in which the entertainment world has reflected refracted or reinforced the values those forces represent in America

Of Irony and Empire Laura Rice,2012-02-01 Of Irony and Empire is a dynamic thorough examination of Muslim writers

from former European colonies in Africa who have increasingly entered into critical conversations with the metropole Focusing on the period between World War I and the present the age of irony this book explores the political and symbolic invention of Muslim Africa and its often contradictory representations Through a critical analysis of irony and resistance in works by writers who come from nomadic areas around the Sahara Mustapha Tlili Tunisia Malika Mokeddem Algeria Cheikh Hamidou Kane Senegal and Tayeb Salih Sudan Laura Rice offers a fresh perspective that accounts for both the influence of the Western instrumental imaginary and the Islamic holistic one **Nikolai Chernyshevskii and Ayn Rand** Aaron Weinacht,2021-10-07 Nikolai Chernyshevskii and Ayn Rand Russian Nihilism Travels to America argues that the core commitments of the nihilist movement of the 1860 s made their way to 20th century America via the thought of Ayn Rand While mid nineteenth century Russian nihilism has generally been seen as part of a radical tradition that culminated in the Bolshevik Revolution of 1917 the author argues that nihilism s intellectual trajectory was in fact quite different Analysis of such sources as Nikolai Chernyshevskii s What is to Be Done 1863 and Ayn Rand s Atlas Shrugged 1957 archival research in Rand s papers and broad attention to late nineteenth century Russian intellectual history all lead the author to conclude that nihilism s legacy is deeply implicated in one of America s most widely read philosophers of capitalism and libertarian freedom

The Twilight of the Middle Class Andrew Hoberek,2009-01-10 In The Twilight of the Middle Class Andrew Hoberek challenges the commonly held notion that post World War II American fiction eschewed the economic for the psychological or the spiritual Reading works by Ayn Rand Ralph Ellison Saul Bellow Phillip Roth Flannery O Connor Thomas Pynchon Don DeLillo and others he shows how both the form and content of postwar fiction responded to the transformation of the American middle class from small property owners to white collar employees In the process he produces compelling new accounts of identity politics and postmodernism that will be of interest to anyone who reads or teaches contemporary fiction Hoberek argues that despite the financial gains and job security enjoyed by the postwar middle class the transition to white collar employment paved the way for its current precarious state in a country marked by increasingly deep class divisions Postwar fiction provided the middle class with various imaginative substitutes for its former property owning independence substitutes that since then have not only allowed but abetted this class s downward mobility To read this fiction in the light of the middle class experience is thus not only to restore the severed connections between literary and economic history in the second half of the twentieth century but to explore the roots of the contemporary crisis of the middle class **Cultures of Commerce** E. Brown,C. Gudis,M. Moskowitz,2016-10-19 While historians have explored the impact on workers of changes in American business the broader impact on other cultural forms and vice versa has not been widely studied This anthology contributes to the debate at the intersection of business history and the study of cultural forms ranging from material to visual culture to literature *Ayn Rand* , **Ayn Rand Explained** Ronald E. Merrill,2013 Scorned by the established critics Rand wrote brilliant popular novels that have become permanent best sellers and founded an comprehensive

philosophical and cultural movement which is shaking the foundations of the post New Deal American political order Merrill examines her espousal and then rejection of Nietzschean philosophy her dismissal of religious faith and her influence on and yet hostility to both conservatism and libertarianism **Perspectives on Ayn Rand's Contributions to Economic and Business Thought** Edward W. Younkins, 2020-07-06 Ayn Rand wrote and lectured on economic concepts and topics This volume addresses the economic and business aspects of her writings The authors of this anthology are from a variety of fields and all of them are enthusiastic supporters of her ideas **Essays on Ayn Rand's Anthem** Robert Mayhew, 2005-05-20 In this first book length study of Ayn Rand's anti utopia Anthem essays explore the historical literary and philosophical themes presiding in this novella written in opposition to the totalitarianism of the Soviet Union and Nazi Germany Written in 1937 published in 1938 in Britain and subsequently in a revised form in the United States in 1946 Anthem investigates the importance of the ego and freedom and the individual against the state Editor Robert Mayhew has collected a variety of essays dealing with such topics including the history behind the novella's creation publication and reception its connection to other anti utopian novels and the significance of ego and freedom which it portrays and defends This book is important to philosophers as well as readers looking to gain a better understanding of Ayn Rand and Anthem **Atlas Shrugged (Centennial Ed. HC)** Ayn Rand, 2005-04-21 Peopled by larger than life heroes and villains charged with towering questions of good and evil Atlas Shrugged is Ayn Rand's magnum opus a philosophical revolution told in the form of an action thriller nominated as one of America's best loved novels by PBS's The Great American Read Who is John Galt When he says that he will stop the motor of the world is he a destroyer or a liberator Why does he have to fight his battles not against his enemies but against those who need him most Why does he fight his hardest battle against the woman he loves You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book You will discover why a productive genius becomes a worthless playboy why a great steel industrialist is working for his own destruction why a composer gives up his career on the night of his triumph why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill Atlas Shrugged a modern classic and Rand's most extensive statement of Objectivism her groundbreaking philosophy offers the reader the spectacle of human greatness depicted with all the poetry and power of one of the twentieth century's leading artists
