SYMONS,2013-12-23 How does faith impact culture What influence does culture have on faith These questions might seem academic limited to university religion or philosophy classes until we look at the morning headlines or listen to the evening newscasts Our lives are invaded daily by stories of extremists with yet another suicide bombing or protests for of against reproductive rights or scientific discoveries raising questions about the creation of the universe all based on conflicting faith commitments Like it or not these faith culture questions are part of all of our lives In this book six writers explore the juncture of faith and different dimensions of 21st century cultures The words faith and culture are dynamic not static Over time they take on new meanings In the Christian tradition for centuries faith meant the total life of a follower of Jesus But in the last three centuries of the Enlightenment many have come to see faith as a rational set of beliefs that are often separated from the way a person lives In the chapters of this book there is an effort to describe faith as a way of life that sometimes supports current dimensions of culture and sometimes opposes them Since faith is a personal response to God there are as many different expressions of faith as there are people Instead of seeing this as a problem each of our writers presents the juncture of faith and culture from their own personal experience and we are all enriched by the differences In this book we see the process of current cultures changing being shaped in new ways at least in part by faith communities Being aware of these changes makes it possible for each of us to join our writers to be a part of the change we seek in our world instead of being victims of forces beyond our control

Expressions of Faith Doug Lusk,2024-07-22 There is a similarity in content to the first book but a difference in style The recent poems are increasingly attuned to giving praise and honor to God and His son Jesus Christ Following the number and name of each chapter are comments derived from Devotionals that Doug has presented from time to time at his regularly attended Church These thoughts were a significant factor in choosing which poems to include in a particular chapter One might think of these words as an introduction to the poems that follow He hopes that those who choose to read this book might feel the peace and joy he has found in his walk with Christ the Lord which he has sought to express in these poems

Christian Faith and Its Cultural Expression George Rudolph Gordh,1962

Expressions of Faith W. Anderson,2018-08-28 The four stories of Expressions of Faith convey the consequences of faith in the lives of three individuals along with a farcical rendition of the origin of the universe and the emergence of humanity
