

BEST LASH STYLE FOR YOUR EYE SHAPE

BEST LASH STYLE FOR YOUR EYE SHAPE

Upturned Eyes

Upturned eyes can be paired with several different eye shapes, the almond shaped eye is the most common. These are paired with upturned eyes. If you are going for the dramatic look that is common, they are not toward the outer part of the eye, the outer part is covering back, by lifting and then not really across the eye.

Close Set Eyes

Focus on accentuating the outer corner to lift and lengthen they eye. To increase the appearance of width, a natural look style should be used. The look style to help you achieve the lift and lengthen look, use styles with longer back lengths from corner to tail that feel shorter back, in the inner corner, focusing on longer lashes toward the outer corner.

Downturned Eyes

For a look that will draw attention to the eye in the first row, the downturned eye is the perfect shape for a dramatic and voluminous eye look. Placing longer lashes in the inner corner will put the eye a little upturned and more length along the back line.

Monolid Eyes

Monolid eyes often naturally have straight lashes, choose a style with more flare for dramatic and length on the outer corner, this will create an illusion of elongated eyes.

(Page 1 of 4)

Wide Set Eyes

If the focus is on the inner to the outer corner of the eye, the inner corner is not ignored. If it is a natural eye or a curled look are incorporated, natural look, it's best to avoid "cat eye" lashes, they place the full weight of the eye toward the outer to look too wide.

Rounded Eyes

In the heavily rounded eye, you want to have a strong eye starting as a look toward the outer corner. Use styles to create a slight effect, a curved eye giving them the illusion of length, lengthen eye, avoid "heavy", this will make the eye more rounded and closed.

Protruding Eyes

It is best to use "W" or "U" curls as well as using the "cat eye shape". This will make the eye appear longer.

Round Eyes

All straight and natural shape rounded bright eyes. To naturally lift the eye to the outer and create a subtle lift, voluminous effect, also focus on the outer eye effect.

Almond Eyes

Almond Eye shape can carry off any lash style, depending on the look and eye giving the eye shape is very versatile and any style will complement your eye shape. (Page 2 of 4)
