France Regina R. Félix, Scott D. Juall, 2016-07-15 Brazil and France have explored each other's geographical and cultural landscapes for more than five hundred years. The Brazilian *je ne sais quoi* has captivated the French from their first encounter, and the ingenuity of French artistic and scholarly movements has intrigued Brazilians in kind. Ongoing Brazil-France interactions have resulted in some of the richest cultural exchanges between Europe and Latin America. In *Cultural Exchanges between Brazil and France*, leading international scholars evaluate these reciprocal transnational explorations from the earliest French interventions in Brazil in the sixteenth century to the growing mutual influence that the nations have exerted on one another in the twenty-first century. Original interdisciplinary essays examine cross-cultural interactions and collaborations in the social sciences, intellectual history, the press, literature, cinema, plastic arts, architecture, cartography, and sport. The comparative cultural method used in these analyses deepens the collective treatment of crucial junctures in the long history of often harmonious but also sometimes ambivalent and occasionally contentious encounters between Brazil and France.

Threads of Time Mugo Theuri, 2023-05-29. Mugo Theuri was plucked from his reporting job at the lawcourts in Nakuru after barely three months in post and driven to Nairobi for what would turn out to be 49 days of torture in the infamous Nyayo House. Jailed for four years, he joined the Liberation University study group in prison and emerged a much more thoughtful and reflective man. He uses personal memoir to thread his personal experiences into the historical events in the country and the world. His experience with the courts and his attempt to get justice for his wrongful imprisonment enable him to reflect on the justice system just as his average scholarship gives him clarity of how the country's systems and policies discriminate against the poor and frustrate the right to justice and education. The candour with which *Threads of Time* is rendered allows the reader into the writer's personal crisis in struggling to reconcile his father's public role as headman during the Mau Mau war of independence in a context where most

of his family were guerrillas in the forest as well as his relationship with religion
