*From the Silent Earth: a Report on the Greek Bronze Age ; Introduction by Sir Maurice Bowra ; Photographs by Alison Frantz* Joseph Alsop, 1970      **Carl W. Blegen** Jack L. Davis, Vasiliki Florou, Natalia Vogeikoff-Brogan, 2015-01-01 Carl Blegen is the most famous American archaeologist ever to work in Greece and no American has ever had a greater impact on Greek archaeology Yet Blegen unlike several others of his generation has found no biographer In part the explanation for this must lie in the fact that his life was so multifaceted not only was he instrumental in creating the field of Aegean prehistory but Blegen his wife and their best friends the Hills the family were also significant forces in the social and intellectual community of Athens Authors who have contributed to this book have each researched one aspect of Blegen s life drawing on copious documentation in the United States England and Greece The result is a biography that sets Blegen and his closest colleagues in the social and academic milieu that gave rise to the discipline of classical archaeology in Greece      *The Architecture of the Museum* Michaela Giebelhausen, 2003-11-08 From the Louvre to the Bilbao Guggenheim and Tate Modern the museum has had a long standing relationship with the city Examination of the meaning of museum architecture in the urban environment considering issues such as forms of civic representation urban regeneration cultural tourism and the museumification of the city itself Ranging from the seventeenth century to the present day case studies are drawn from Europe South America and Australia Contributions written by J Birksted V Fraser H Lewi D J Meijers and others

*Modernism and the Mediterranean* Jan K. Birksted, 2017-07-05 Situated in a Mediterranean landscape the Maeght Foundation is a unique Modernist museum product of an extraordinary collaboration between the architect Jos uis Sert and the artists whose work was to be displayed there The architecture garden design and art offer a rare opportunity to see work in settings conceived in active collaboration with the artists themselves By focusing on the relationship between this art foundation and its Arcadian setting including Joan Mir labyrinth George Braque s pool Tal Coat s mosaic wall and Giacometti s terrace Jan K Birksted demonstrates how the building articulates many of the ideas that preoccupied this group of artists during the culminating years of their lives The study pays special attention to the ways in which architecture can shape the experience of time and addresses the Modernist desire for wilderness and its problematic roots in the classical Mediterranean ideal In showing how the design of the Maeght Foundation is a Modernist representation of Mediterranean culture the author has developed an interpretation of architecture that accommodates not only the architect s handling of

material or function but shows as well how it can be the embodiment of a particular vision of space and time Muckrakers Edd Applegate, 2008 Professor Edd Applegate profiles the men and women who either wrote muckraking journalism or edited publications that featured muckraking articles Some of the most important figures of journalism are here including Nellie Bly Upton Sinclair Lincoln Steffens George Kennan Jack London Frank Norris Rachel Carson George Seldes and I F Stone
