London Underground Serial Killer Geoff Platt, 2016-08-30 The full story of the life and times of Kieran Patrick Kelly the London Underground Serial Killer who wandered up and down the Northern Line of the London Underground between 1960 and 1983 pushing innocent people that he had never met under trains and who finished up killing over thirty people The book provides a full biography of Kelly discussing the details of his crimes his victims and his ability to evade justice he managed to secure mistrials or acquittals in twenty five trials before being eventually convicted and sentenced to die to prison which he did in Durham in 2001 It could be argued that Kelly is the most investigated serial killer in the history of the world His murders were investigated as they occurred between 1953 and 1983 they were reinvestigated in 1983 and again in 2015 The author of this book played major roles in the two latter inquiries conducting the entire inquiry in 1983 and acting as a consultant to the 2015 inquiry More is known about Kelly than any other serial killer in history He was arrested before he had finished killing then murdered his cellmate in the police station and was interviewed by the author ten minutes after this final murder before spending the next two years discussing his crimes and his motivations with the author The end result is a truly unique insight into the mind of a serial killer

Underground Rap as Religion Jon Ivan Gill, 2019-10-28. Underground rap is largely a subversive grassroots and revolutionary movement in underground hip hop, tending to privilege creative freedom as well as progressive and liberating thoughts and actions. This book contends that many practitioners of underground rap have absorbed religious traditions and ideas and implement critique or abandon them in their writings. This in turn creates processural mutations of God that coincide with and speak to the particular context from which they originate. Utilising the work of scholars like Monica Miller and Alfred North Whitehead, Gill uses a secular religious methodology to put forward an aesthetic philosophy of religion for the rap portion of underground hip hop. Drawing from Whiteheadian process thought, a theopoetic argument is made. Namely, that it is not simply the case that God is the poet of the world, but rather rap can in fact be the poet-creator of its own form of quasi-religion. This is a unique look at the religious workings and implications of underground rap and hip hop. As such, it will be of keen interest to scholars of Religious Studies, Hip Hop Studies, and Process Philosophy and Theology.

The Occult Underground James Webb, 1974. Just when it seemed that Science and Reason had scored their greatest triumphs, the mid-nineteenth century witnessed an astonishing rebirth of occultism and anti-rationalism. The beginnings of the movement we now call New Age, a secret tradition of knowledge rejected by the Christian or Scientific establishments, suddenly became emboldened to seek publicity and converts.
