Rottman, 2011-01-01 An entertaining book detailing the military slang of World War II The soldier slang of World War II was as colourful as it was evocative It could be insulting pessimistic witty and even defeatist From spam bashers to passion wagons and roof pigs to Hell's Ladies the World War II fighting man was never short of words to describe the people and events in his life FUBAR F ed Up Beyond All Recognition takes a frank look at the British Commonwealth American German Japanese and Russian slang used by the men on the ground and shows how even in the heat of battle they somehow managed to retain their sense of humour black though it might have been North,2012-03-28 The mainstream media are trying to discredit our victory in Iraq by saying there was no reason to take out Saddam But Oliver North knows better He was there Embedded with Marine and Army units for FOX News Channel during Operation Iraqi Freedom North himself a decorated combat veteran vividly tells the story his camera gave us glimpses of during the campaign to liberate Iraq This updated edition features a new chapter detailing the events after the end of major hostilities including the capture of Saddam Hussein and brand new action photos straight from the front line **All Hands** War Stories for My Grandchildren H.F. Jansen Estrup, 2007-03-15 Storytelling at its best this compelling ,1947 memoir graphically portrays the scarred emotional landscape of young men who seek a place in the world by way of a military career Exhausted shadows of the past are brought alive with uncommon eloquence as the author looks back on his youth brimming with innocence idealism and patriotism A page turner the book explores the complex nature of a man whose brave daring and sometimes foolhardy exploits led to the essential task building a scaffold of choices and attitudes by rendering meaning from the intractable depths of experience What in other hands might be a dreary tale of adolescent angst betrayal and disillusion takes on truly pyrotechnic energy lifting his coming of age from the mundane to the profound Reviews Rating Excellent top rating by Writer's Digest What I like best is the humanity of the speaker Narrators often glorify themselves or the people they love and consequently attack those who might have ever hurt them slightly It seems those authors do not approach their lives from a position of power But this book is filled with real people with distinctive voices made human and vulnerable by their standards and faults and are loved all the more for them by the reader Especially wonderful is the perspective on the world the philosophies and stories presented with reasoning throughout as well as the

various layers of actual war and the psychology of boy and manhood the raw relatable vivid voice that is found inside the project is quite necessary and brilliant and I hope it will come under the gaze of many a person interested at all in our worlds history or the intelligent wisdom of one who has lived Rating 5 Stars By jd2 ID In War Stories For My Grandchildren the author vividly portrays how war is not always on the military battlefield This unique book tells of war in all walks of life be it young old personal social or military It connects the reader to war through the eyes and mind of the author who experienced these events as they unfolded With a poignant view of the military gained from a combined total of twenty plus years in the Air Force and Navy he writes with the technical expertise of an insider and the wisdom acquired after five tours in Southeast Asia Here's a bargain if I ever read one The book contains about twenty different stories for the price of one book Each story filled with a refreshingly honest point of view Not just the blood and guts side of war but a deeper philosophical understanding of what it is what it does and how humanity can t seem to detach itself from it Real life danger and excitement await the reader in stories like The Drowning of Helen Lee and Sea Dragon as well as others I m sure his Grandchildren will enjoy them all I did Highly recommended from a satisfied reader Jd2 SFR Decker's War: Book 1-3 Eric Thomson, 2021-06-26 The dream of a stable democratic human Commonwealth has been dying for years Politicians financiers and spies vie for supremacy power and wealth in pursuit of a nightmarish vision that can have only one outcome the creation of a repressive interstellar empire All that stands between them and their goal is a small band of determined Fleet operatives working in the shadows Drawn into the struggle against his will former Marine Pathfinder Zack Decker soon realizes he must choose sides and join those fighting off the growing darkness but at great personal cost However try as they might the double crossing humans deadly aliens cruel pirates and merciless slavers he must battle cannot keep Decker from extracting his revenge especially after his beloved Corps recalls him to active duty as a Marine He takes no prisoners and pulls no punches because his growing list of enemies has forced him to accept that this is also Decker's War And it is a fight to the death Unfortunately for his foes they always seem to forget that he is still one of the Few This omnibus edition includes the first three Decker's War novels which have been published separately They are Death Comes But Once Decker's War Book 1 Cold Comfort Decker's War Book 2 Fatal Blade Decker's War Book 3 10 Things You Might Not Know About Nearly Everything Mark Jacob, Stephan Benzkofer, Chicago Tribune, 2012-05-10 A compendium of outrageous hilarious or just plain shocking trivia about everything from history and politics to arts religion technology and much more For years the Chicago Tribune s 10 Things You Might Not Know column has been informing and entertaining readers on a diverse range of subjects This volume collects the best of these columns offering readers obscure fascinating facts on universal topics that will appeal to everyone from sports fans to history buffs foodies and more Expertly researched and thoroughly entertaining 10 Things You Might Not Know About Nearly Everything contains a plethora of surprising trivia on numerous topics with an especially close look into Chicago area history and facts For example in Zion Illinois it was once illegal to spit eat oysters wear tan
