for form to play out those dualistic concepts we chose at our beginnings all our issues stem from those original concepts based on ideas of separation rather than unity That understanding time makes the seven day creation model valid What are the extraterrestrials origins How we can reconcile the growing evidence of our past association with the ETs and our scriptures and beliefs Our need to embrace the Indigenous peoples connection to Gaia That we chose to be here at this time of the Shift to bring about our personal and Gaias Ascensions *The Journey Home* Lori-ellen Pisani,2020-02-03 Lori ellen Pisani lives with a powerful enemy inside her brain At times Lori ellen soars to the heights of mania She s highly creative and a multi tasker Then a trigger such as an argument will send her into a suicidal depression Having been undiagnosed until her early thirties and working as a teacher if anyone were to find out her career would be in serious jeopardy Bipolar Disorder is very often misunderstood and therefore perceived as a threat by the parents who have entrusted their children to her care She takes you on her journey to learn the identity of this enemy and to declare a secret war to save her life Each chapter brings the reader along her experiences as she battles abandonment emotional abuse sexual abuse divorce and cancer Readers will relate to Lori ellen s words and hopefully find the strength to wage war against mental illness and begin their own journey towards victory peace of mind and heart **Peace from Anxiety** Hala Khouri,2021-04-13 A holistic approach to easing anxiety without hiding from the world s challenges Overwhelming anxiety and stress most of us experience these feelings at some point The challenges in our lives threaten to overpower us at times and the struggles we see in the world further add to the burden Peace from Anxiety helps us understand the deep roots of our suffering so that we can work toward finding more peace even in chaos Therapist and yoga teacher Hala Khouri takes us on a journey to investigate our personal habits understand our lives and transform what doesn t serve us Even though the roots of our anxiety stress and pain may feel complicated healing doesn t have to be Khouri explores how our brain and nervous system experience stress and discusses how we can begin to get in touch with our body to better understand its signals and how to handle them She delves deeply into the primary causes of anxiety and offers practical tools for releasing stress and being present with discomfort Peace from Anxiety discusses topics including trauma relationships technology and working not only for individual healing but also collective healing in our world Filled with relatable stories and examples each chapter offers a range of practices and tools to help us find more peace and work for good in our own lives and the lives of others **Peace by Design** Mardelle McCuskey Shepley,2024-09-23 We live in an era in which designers will make an essential and critical contribution to the health and success of humanity Design can promote healing in healthcare environments contribute to good mental health reduce gun violence and positively impact health and racial equity all of which contribute to providing a more peaceful world The primary focus of this book is to inspire young designers academics and practitioners to achieve their maximum societal contribution It also supports experienced designers seeking reaffirmation of their social goals To provide a foundation the first chapter discusses the definition of design and design thinking and evidence regarding the direct and
