From Postwar to Postmodern Doryun Chong, Michio Hayashi, Kenji Kajiya, Fumihiko Sumitomo, 2012 Brings together critical historical documents many of which are translated into English for the first time in Japanese arts from the end of World War II through the next four and a half decades Page 14 **History of Japanese Art after 1945** Kitazawa Noriaki, Kuresawa Takemi, Mitsuda Yuri, 2023-03-20 English edition of key essays on Japanese art history History of Japanese Art after 1945 surveys the development of art in Japan since WWII The original Japanese work which has become essential reading for those with an interest in modern and contemporary Japanese art and is a foundational resource for students and researchers spans a period of 150 years from the 1850s to the 2010s Each chapter is dedicated to a specific period and written by a specialist The English edition first discusses the formation and evolution of Japanese contemporary art from 1945 to the late 1970s subsequently deals with the rise of the fine art museum from the late 1970s to the 1990s and concludes with an overview of contemporary Japanese art dating from the 1990s to the 2010s These three parts are preceded by a new introduction that contextualizes both the original Japanese and the English editions and introduces the reader to the emergence of the concept of art bijutsu in modern Japan This English language edition provides valuable reading material that offers a deeper insight into contemporary Japanese art With an introduction by Kajiya Kenji Contributors Kitazawa Noriaki editor Mori Hitoshi editor Sato Doushin editor Tom Kain translation editor Alice Kiwako Ashiwa translator Kenneth Masaki Shima translator Ariel Acosta translator and Sara Sumpter translator Translated from the original Japanese edition published with Tokyo Bijutsu 2014 In cooperation with Art Platform Japan The Agency for Cultural Affairs Government of Japan Art Platform Japan is an initiative by the Agency for Cultural Affairs Government of Japan to maintain the sustainable development of the contemporary art scene in Japan The Oxford Handbook of World War II G. Kurt Piehler, Jonathan A. Grant, 2023 World War II dramatically transformed human life and society resulting in the deaths of 100 million people and shaping the worldview and psyches of generations The Oxford Handbook of World War II broadens traditional narratives of the war and in the process changes our understanding of this epic conflict Spanning the rise and fall of the Versailles system to the postwar reintegration of veterans and the eventual commemoration of the conflict and its victims The Oxford Handbook of World War II marks a landmark contribution to the historical literature of war Design and Visual Culture from the Bauhaus to Contemporary Art Edit Tóth, 2018-05-16 This book complements the more textually based Bauhaus scholarship with a practice oriented and creative interpretive method which makes it possible to consider Bauhaus related works in an unconventional light Edit Toth argues that focusing on the functionalist approach of the Bauhaus has hindered scholars from properly understanding its design work With a global scope and under studied topics the book advances current scholarly discussions concerning the relationship between image technologies and the body by calling attention to the materiality of image production and strategies of re channeling image culture into material
