From Voice To Influence Understanding Citizenship In A Digital Age:

From Voice to Influence Danielle Allen, Jennifer S. Light, 2015-06-19 How have online protests like the recent outrage over the Komen Foundation's decision to defund Planned Parenthood changed the nature of political action? How do Facebook and other popular social media platforms shape the conversation around current political issues? The ways in which we gather information about current events and communicate it with others have been transformed by the rapid rise of digital media. The political is no longer confined to the institutional and electoral arenas and that has profound implications for how we understand citizenship and political participation. With *From Voice to Influence* Danielle Allen and Jennifer S. Light have brought together a stellar group of political and social theorists, social scientists and media analysts to explore this transformation. Threading through the contributions is the notion of egalitarian participatory democracy and among the topics discussed are immigration rights activism, the participatory potential of hip hop culture and the porous boundary between public and private space on social media. The opportunities presented for political efficacy through digital media to people who otherwise might not be easily heard also raise a host of questions about how to define good participation. Does the ease with which one can now participate in online petitions or conversations about current events seduce some away from serious civic activities into slacktivism? Drawing on a diverse body of theory from Hannah Arendt to Anthony Appiah *From Voice to Influence* offers a range of distinctive visions for a political ethics to guide citizens in a digitally connected world.

Research Anthology on Citizen Engagement and Activism for Social Change Management Association, Information Resources, 2021-11-26 Activism and the role everyday people play in making a change in society are increasingly popular topics in the world right now especially as younger generations begin to speak out. From traditional protests to activities on college campuses to the use of social media more individuals are finding accessible platforms with which to share their views and become more actively involved in politics and social welfare. With the emergence of new technologies and a spotlight on important social issues people are able to become more involved in society than ever before as they fight for what they believe. It is essential to consider the recent trends, technologies and movements in order to understand where society is headed in the future. The *Research Anthology on Citizen Engagement and Activism for Social Change* examines a plethora of innovative research surrounding social change and the various ways citizens are involved in shaping society. Covering topics such as accountability, social media, voter turnout and leadership it is an ideal work for activists, sociologists, social workers, politicians, public administrators, sociologists, journalists, policymakers, social media analysts, government administrators, academicians, researchers, practitioners and students.

Examining the Roles of IT and Social Media in Democratic Development and Social Change Kumar, Vikas, Malhotra, Geetika, 2019-11-15 Social media has emerged as a powerful tool that reaches a wide audience with minimum time and effort. It has a diverse role in society and human life and can boost the visibility of information that allows citizens the ability to play a vital role in creating and fostering social change.

This practice can have both positive and negative consequences on society. Examining the Roles of IT and Social Media in Democratic Development and Social Change is a collection of innovative research on the methods and applications of social media within community development and democracy. While highlighting topics including information capitalism, ethical issues, and e-governance, this book is ideally designed for social workers, politicians, public administrators, sociologists, journalists, policymakers, government administrators, academicians, researchers, and students seeking current research on social advancement and change through social media and technology. *Journalism, Online Comments, and the Future of Public Discourse* Marie K. Shanahan, 2017-09-13. Comments on digital news stories and on social media play an increasingly important role in public discourse as more citizens communicate through online networks. The reasons for eliminating comments on news stories are plentiful. Off-topic posts and toxic commentary have been shown to undermine legitimate news reporting. Yet the proliferation of digital communication technology has revolutionized the setting for democratic participation. The digital exchange of ideas and opinions is now a vital component of the democratic landscape. Marie K. Shanahan's book argues that public digital discourse is a crucial component of modern democracy, one that journalists must stop treating with indifference or detachment and for news organizations to use journalistic rigor and better design to add value to citizens' comments above the social layer. Through original interviews, anecdotes, field observations, and summaries of research literature, Shanahan explains the obstacles of digital discourse as well as its promises for journalists in the digital age. Narrative Power Ken Plummer, 2019-05-29 Narratives are the wealth of nations they animate life sustain culture and cultivate humanity They regulate and empower us bringing both joy and discontent And they are always embedded in ubiquitous power stories shape power and power shapes story In this provocative and original study Ken Plummer takes us on a journey to explore some of the key dimensions of this narrative power His main focus is on what he calls narratives of suffering and how these change through transformative narrative actions across an array of media forms The modern world is in crisis and long standing narratives are being challenged in five major directions through deep inequalities global state complexities digital risks the perpetual puzzle of truth and the ever emerging contingencies of time Asking how we can build sustainable stories for a better future the book advocates the cultivation of a narrative hope a narrative wisdom and a politics of narrative humanity Narrative Power suggests novel directions for enquiry discusses a raft of innovative ideas and concepts and sets a striking new agenda for research and action

Political Participation on Social Media Elizabeth Anne Bailey, 2021-02-10 This book explores people's lived experience of discussing politics online Based on original research involving in depth conversations with 85 participants around the UK it asks people about their own understanding of their online engagement focusing on major UK political events and related debates the Scottish Independence Referendum the EU Referendum and the UK Labour Party leadership contests It shows how people's experiences are varied and influenced by many factors but with a focus on personal feelings needs and concerns as much as wider political ones Participants struggle with self awareness and understanding the motives and actions of others which has an impact on their behaviour and perceived efficacy They can have profound emotional responses owing to the constraints of using social media but still value it as a medium for political learning and self expression Communication effects in this environment are complex and unpredictable there is much crosstalk Social media itself is proving to be an unprecedented learning environment where people begin to better understand their own behaviour and that of others and adapt over time

Difference without Domination Danielle Allen, Rohini Somanathan, 2020-12-21 Around the globe democracy appears broken With political and socioeconomic inequality on the rise we are faced with the urgent question of how to better distribute power opportunity and wealth in diverse modern societies This volume confronts the dilemma head on exploring new ways to combat current social hierarchies of domination Using examples from the United States India Germany and Cameroon the contributors offer paradigm changing approaches to the concepts of justice identity and social groups while also taking a fresh look at the idea that the demographic make up of institutions should mirror the make up of a populace as a whole After laying out the conceptual framework the volume turns to a number of provocative topics among them the pernicious tenacity of implicit bias the logical contradictions inherent to the idea of universal human dignity and the paradoxes and problems surrounding affirmative action A stimulating blend of empirical and interpretive analyses Difference without Domination urges us to reconsider the idea of representation and to challenge what it means to measure equality and

inequality **Between Power and Irrelevance** George E. Mitchell, Hans Peter Schmitz, Tosca Bruno-van Vijfeijken, 2020-05-28 Geopolitical shifts increasing demands for accountability and growing competition have been driving the need for change within transnational nongovernmental organizations TNGOs As the world has changed and TNGOs ambitions have expanded the roles of TNGOs have shifted and their work has become more complex To remain effective legitimate and relevant in the future necessitates organizational changes but many TNGOs have been slow to adapt As a result the sector's rhetoric of sustainable impact and social transformation has far outpaced the reality of TNGOs more limited abilities to deliver on their promises **Between Power and Irrelevance** openly explores why this gap between rhetoric and reality exists and what TNGOs can do individually and collectively to close it George E Mitchell Hans Peter Schmitz and Tosca Bruno van Vijfeijken argue that TNGOs need to change the fundamental conditions under which they operate by bringing their own forms and norms into better alignment with their ambitions and strategies This book offers accessible future oriented analyses and lessons learned to assist practitioners and other stakeholders in formulating and implementing organizational changes Drawing upon a variety of perspectives including hundreds of interviews with TNGO leaders firsthand involvement in major organizational change processes in leading TNGOs and numerous workshops training institutes consultancies and research projects the book examines how to adapt TNGOs for the future **Artists, Cosmopolitanism, and the Civic Imagination** Maria Rovisco, 2025-02-17 Artists Cosmopolitanism and the Civic Imagination unpacks the political agency of artists by looking at artists as moral reflexive and political agents Do artists play a role in civil society Can artists make a difference in the world In what ways do artists act politically To address these questions this book moves away from a focus on social organisation and the production of art to ask how artists attach meaning to their interventions in social and political conditions Maria Rovisco draws from in depth interviews with UK based visual artists and theatre practitioners with a migrant background and semiotic analysis of a theatre play visual artworks and film texts to argue that artists are quintessential cosmopolitans who care deeply about changing society for the better By explaining how artists get involved in cross cultural encounters this book reveals the processes of listening reflection imagination social learning and moral intentionality through which artists imagine and realise their visions of a better world In so doing it offers a new direction in thinking about the intersection of art and politics by showing how artists play a crucial role in building a civic culture outside traditional sites of political participation This book will be essential reading for students and scholars across the social sciences and the humanities with interests in migration citizenship and the public sphere cultural sociology media and culture cosmopolitanism and art **Fear of Breakdown** Noëlle McAfee, 2019-06-04 What is behind the upsurge of virulent nationalism and intransigent politics across the globe today In **Fear of Breakdown** Noëlle McAfee uses psychoanalytic theory to explore the subterranean anxieties behind current crises and the ways in which democratic practices can help work through seemingly intractable political conflicts Working at the intersection of psyche and society McAfee draws on

psychoanalyst D W Winnicott's concept of the fear of breakdown to show how hypernationalism stems from unconscious anxieties over the origins of personal and social identities giving rise to temptations to reify exclusionary phantasies of national origins Fear of Breakdown contends that politics needs something that only psychoanalysis has been able to offer an understanding of how to work through anxieties ambiguity fragility and loss in order to create a more democratic politics Coupling robust psychoanalytic theory with concrete democratic practice Fear of Breakdown shows how a politics of working through can help counter a politics of splitting paranoia and demonization McAfee argues for a new approach to deliberative democratic theory not the usual philosopher sanctioned process of reason giving but an affective process of making difficult choices encountering others and mourning what cannot be had **Power, for All** Julie Battilana, Tiziana

Casciaro, 2021-08-31 Discover how to gain and keep power in any situation with this remarkably insightful read on what power is how it's gained and how it can be used for good Adam Grant bestselling author of Think Again Power is one of the most misunderstood and therefore vilified concepts in our society Many assume power is predetermined by personality or wealth or that it's gained by strong arming others You might even write it off as dirty and want nothing to do with it But by staying away from power you give it up to someone else who may not have your best interest in mind We must understand and use our power to have impact and pioneering researchers Julie Battilana and Tiziana Casciaro provide the playbook for doing so in Power for All Battilana and Casciaro offer a necessary Tarana Burke creator of the MeToo movement and bestselling author of Unbound and invaluable David Gergen CNN political analyst vision of power the ability to influence someone else's behavior This influence is derived from having access to valued resources and once you understand what those are you can take action to improve life for yourself and others With proven strategies of agitating innovating and orchestrating change Power for All shows how those with less power can challenge established structures to make them more balanced The authors teach you how to power map your workplace to find who can create real change at work plan for and cause sustaining shifts and understand the two basic needs all human beings share safety and self esteem and the resources people seek to satisfy those needs money and status but also autonomy achievement affiliation and mortality They explore how these dynamics play out through vivid storytelling as Donatella Versace successfully leads her brother's company after his death despite having a title but little influence what social movements can learn from youth climate activists and how they can go farther and how a manager can gain the trust of skeptical employees and improve the workplace Power for All demystifies the essential mechanisms for acquiring and using power for all people *Behind Their Screens* Emily Weinstein, Carrie James, 2022-08-16 TEENS AND THEIR SCREENS Harvard researchers reveal how younger generations navigate a networked world and how adults can support them A new and important voice to the conversation around teenagers and the ways we interact with our screens San Francisco Chronicle What are teens actually doing on their smartphones Contrary to many adults assumptions they are not simply addicted to their screens oblivious to the afterlife of

what they post or missing out on personal connection They are just trying to navigate a networked world In Behind Their Screens Emily Weinstein and Carrie James Harvard researchers who are experts on teens and technology explore the complexities that teens face in their digital lives and suggest that many adult efforts to help Get off your phone Just don't sext fall short Weinstein and James warn against a single minded focus by adults on screen time Teens worry about dependence on their devices but disconnecting means being out of the loop socially with absence perceived as rudeness or even a failure to be there for a struggling friend Drawing on a multiyear project that surveyed more than 3 500 teens the authors explain that young people need empathy not exasperated eye rolling Adults should understand the complicated nature of teens online life rather than issue commands and they should normalize let teens know that their challenges are shared by others without minimizing or dismissing Along the way Weinstein and James describe different kinds of sexting and explain such phenomena as watermarking nudes comparison quicksand digital pacifiers and collecting receipts Behind Their Screens offers essential reading for any adult who cares about supporting teens in an online world

Disconnected Carrie James, 2016-09-02 How young people think about the moral and ethical dilemmas they encounter when they share and use online content and participate in online communities Fresh from a party a teen posts a photo on Facebook of a friend drinking a beer A college student repurposes an article from Wikipedia for a paper A group of players in a multiplayer online game routinely cheat new players by selling them worthless virtual accessories for high prices In Disconnected Carrie James examines how young people and the adults in their lives think about these sorts of online dilemmas describing ethical blind spots and disconnects Drawing on extensive interviews with young people between the ages of 10 and 25 James describes the nature of their thinking about privacy property and participation online She identifies three ways that young people approach online activities A teen might practice self focused thinking concerned mostly about consequences for herself moral thinking concerned about the consequences for people he knows or ethical thinking concerned about unknown individuals and larger communities James finds among other things that youth are often blind to moral or ethical concerns about privacy that attitudes toward property range from what's theirs is theirs to free for all that hostile speech can be met with a belief that online content is just a joke and that adults who are consulted about such dilemmas often emphasize personal safety issues over online ethics and citizenship Considering ways to address the digital ethics gap James offers a vision of conscientious connectivity which involves ethical thinking skills but perhaps more important is marked by sensitivity to the dilemmas posed by online life a motivation to wrestle with them and a sense of moral agency that supports socially positive online actions
