Science Confirms the Existence of God Kevin Bradford

Ornellas,2022-05-15 This book demonstrates that God exists and the book does so on the grounds of secular scientific data and mathematics While that might not sound possible this book demonstrates it using insight into a key verse 2Peter 3 8 to help set up a mathematical model of what the Bible is asserting to be true When compared to modern scientific data a direct correlation between what Saint Peter and the Genesis Writer said was true and what occurred according to modern scientific data is presented If you ve ever wondered whether God exists or not read this book If you ve ever felt discouraged at the idea of not seeing a possible way to reconcile God and Science the way is contained in this book HOLY BIBLE HOLMAN BIBLE.,2018 *Discovering the Revelations of God* Thomas Idler,2024-05-29 If you re wondering where God is and whether He s real consider the obvious If He is real wouldn t He reveal Himself and give us the answers we re looking for Surely those answers should be right in front of us Even though God has given us nine witnesses of His existence the world seems to have come up with alternative explanations How would you interpret these witnesses Will you follow what the world says or instead acknowledge what each witness says about God God revealed Himself to me face to face although I didn t realize it right away I saw how genuine God is how pure His heart is and how transparent His message is When I had my God moment everything got set into motion and that s why I wrote this book You are precious to God and you are precious to me God will reveal Himself to you throughout your life and hopefully this book will help you to more clearly understand Him Secret Body Jeffrey J. 5 Questions of the Inquisitive Ape Subhrashis Adhikari,2019 Humans ascended to the top of the food chain through their uncanny ability to weave stories Some stories are hardwired in our brains while some we create over time It is such stories that have steered the history of the world While technologies are bringing disruptive changes and global warming is threatening our existence it is more imperative than ever before to craft a global story that benefits all This book discusses five profound questions whose answers will lay the foundation of future stories and those stories will decide the fate of inquisitive apes How we came to be Was it a chance episode or were things predetermined How we make sense of the universe around us Are we hallucinating reality Is sex bad Are we naturally monogamous Who are we Is there a unique us How to be happy Can we hack our brain and control the bio chemicals The Beginning of All Things Hans Kng,2008-06-06 In an age when faith and science seem constantly to clash can theologians and scientists come to a meeting of minds Yes maintains the intrepid Hans K ng as he brilliantly argues here that religion and science are not mutually exclusive but complementary Back cover **Pilgrimage** Pierce Kelley,2018-08-17 In this book young Mekhaeil Zacharias a sixteen year old Egyptian boy travels to northern Spain to walk el Camino de Santiago the way of St James the apostle He has been raised as a Copt a follower of Jesus Christ but he has doubts and concerns about what he has been taught and what it is he believes By making a journey of five hundred miles by foot across sacred grounds he hopes that he will be able to discover who he is and exactly what it is that he believes

THE CREATION DAYS OF GENESIS Edward D. Andrews,2019-06-20 How much of God s creation do you notice each day God s infinite wisdom and the depth of his love for us can be seen through the things he has made Did you know that some creationist ideas actually conflict with the Bible Patterns we see in the natural world are not accidental Each one is a reflection of order and careful design Is the Bible s account of creation compatible with scientific fact Do you have to be anti science to believe in creation The Bible describes six days during which God created life Were these 24 hour days How long were the creation days When was the beginning Has science disproved the Bible s account of creation Andrews will lay out the biblical interpretation concerning the creation days of Genesis There are over a dozen different interpretations concerning the creative days of Genesis In THE CREATION DAYS OF GENESIS Andrews will consider the main four to get at how God created the heavens and the earth Andrews will give the reader the Bible s answer to these questions i e God s Viewpoint Moreover readers will find real meaning and purpose in life based on accurate knowledge of the Creator and his

creative activity as was written and what is revealed in the Bible DISCOVERING GENESIS ANSWERS Edward D. Andrews, 2025-03-08 Discovering Genesis Answers Tackling Tough Questions in Genesis One Solution at a Time Book Three invites you into a journey through the foundational truths of the Bible's first book This volume boldly addresses the challenging questions that have perplexed both believers and skeptics from the origins of creation and the nature of the Flood to the intricate narratives of the patriarchs Edward D Andrews addresses the toughest questions raised against the biblical record providing clear reasonable rational logical historically grounded answers that affirm the inerrancy of God's Word This book is a powerful resource for anyone who longs to defend their faith with clarity and confidence With insights that are both scholarly and accessible it demonstrates how a careful literal reading of Genesis not only withstands modern challenges but also reveals profound truths about humanity's origins the entrance of sin and the redemptive plan woven throughout Scripture Each page is designed to equip you with the intellectual tools and spiritual encouragement necessary to navigate the complexities of Genesis ensuring that you can articulate your faith with conviction Whether you are deepening your personal study or preparing to share your insights with others this volume offers a compelling explanation of the biblical narrative Embrace a clear understanding of creation history and divine promise as you explore answers that illuminate the path of truth in today's challenging world **THE GAP IS NOT A THEORY!** Jack W. Langford, 2011-12-21 What has been called the Gap Theory was a popular and consistent explanation of the first chapter of Genesis among fundamental evangelical Christians up through the mid 1900s With the rise of Young Earth Creationism the gap theory was simply pushed to the background and ridiculed as a past effort to satisfy the claims of modern evolutionary science In effect the new teachers buried this doctrine with the debris of Noah's flood deposits However we shall see in this study that the YEC effectively left the literal Biblical record of Genesis 1 and leaped into the realm of pseudo science to claim that Noah's flood deposited all the various sedimentary strata of the whole earth In addition they pontifically assert that the whole heavens and earth are only about 6000 years old This study is going to prove that the YEC are the very ones who do not take the Scriptures literally This study will prove conclusively that Moses did not make the blunder of either stating or inferring the earth is only 6000 years old There is an abundance of biblical evidences that the Gap is not a theory but a fact In this study you will find that certain of the prophets and an apostle were inspired of God to look back in time even to the backside of earth's history We shall be surprised to find that the past is as captivating as the future In fact as we better understand the past we shall better comprehend the future The cover picture is from two pages of the Jewish Sarajevo Haggadah as seen in the Saravejou museum in Spain This work was done in 1400 CE The pictures on each page are to be read in the Hebrew manner from right to left The pictures graphically depict the six day activity of God in preparing the earth of man's habitation Two things are to be noted first these six days are preceded by a scene of the earth in a chaotic condition as described in the second verse of Genesis 1 first fame upper right hand corner second on the first day light was made and nothing else third

verse of Genesis 1 second frame Obviously this six hundred year old work was not influenced by modern scientific theories rather it represents a long standing interpretation in Judaism **The Golden Book** Charles Mwalimu,2010 v 1 Dynamic jurisprudential thought *Nothing Created Everything* Ray Comfort,2009 Richard Dawkins is arguably the modern poster boy for Charles Darwin However a key difference radically separates the two men Darwin believed in the existence of God and calls God the Creator seven times in *The Origin of Species* Dawkins in contrast claims The more you understand the significance of evolution the more you are pushed towards atheism It seems Professor Dawkins thinks Charles Darwin didn't understand his own theory Just months after the 2009 discovery of the supposed missing link author Ray Comfort turns the tables on evolutionists In *Nothing Created Everything* he examines the evidence for evolution and shows it is lacking He demonstrates that when it comes to explaining how life began atheists and evolutionists offer faith not facts Ironically atheists insist nothing created everything a scientific impossibility In a conversational tone Comfort speaks to both atheists and believers and urges this discussion be based on hard evidence And when it is he insists people will realize evolution is a theory that can't be tested or measured and therefore can't be scientific
