Fuck Christopher Fairman, 2009-09-01 % Our most taboo word and how the law keeps it forbidden This entertaining read is about the word fuck the law and the taboo Whether you shout it out in the street or whisper it in the bedroom deliberately plan a protest or spontaneously blurt it out if you say fuck someone wants to silence you either with a dirty look across the room or by making a rule that you cannot say the word When it s the government trying to cleanse your language though you should worry Words are ideas If the government controls the words we use it can control what we think To protect this liberty we must first understand why the law s treatment of fuck puts that freedom at risk This book examines the law surrounding the word and reveals both inconsistencies in its treatment and tension with other identifiable legal rights that the law simply doesn t answer The power of taboo provides the framework to understand these uncertainties It also explains why attempts to curtail the use of fuck through law are doomed to fail Fundamentally it persists because it is taboo not in spite of it
