The Doctrine of Sacred Scripture George Trumbull Ladd,1883 *Divine Speech in Human Words* Emmanuel Durand, OP,2022-06-10 Is the portrait of God revealed in Scripture fundamentally intelligible The biblical accounts of God reveal seemingly contradictory themes God s holiness and narratives telling of his anger the Divine Omnipotence faced with the Impossible the suffering Christ upon the Cross and the transcendent Trinity of Persons in God the unique Savior and the universality of God s salvific will and so forth How are we to hold together all of this data without denying any aspect of the mystery of God Must we give into our ambient culture s sense that the biblical God cannot be taken seriously by truly discerning and rational minds when they try to understand the Divine Or in the midst of this apparent contradiction can we find the lines of harmony in the revealed mysteries In *Divine Speech in Human Words* Fr Emmanuel Durand unties some of the knots that face us when we reflect on the God of biblical Revelation In each of the essays gathered here Fr Durand sympathetically articulates the tensions and apparent contradictions experienced by contemporary minds as they strive to understand the revealed truth of God A whole host of topics are covered in this volume the Cross and the revelation of the Trinity God s holiness and transcendence divine immutability and the sorrow of a loving God Divine Providence and human prayer the fatherhood of God and eschatology Christ s way of life and many others Drawing philosophical insights from the Thomistic tradition as his intellectual tools Fr Durand nonetheless emphasizes the importance of a properly theological mode of reflection allowing these issues to be illuminated by the revealed truth of Sacred Scripture Thus for each of these difficult topics he shows that a vital theological response must not limit itself to mere logical rigor but rather requires metaphysical insight and above all sapiential appreciation of God s revealed word With such instruments in hand each essay approaches the tensions of biblical revelation with an eager readiness to show how a thoughtful Thomistic practice of biblical theology can guide faith as it seeks an understanding of both contemporary and perennial theological problems **Mapping Youth Religiosity in Santiago de Chile** Catalina Cerda-Planas,2023 This research aimed to generate more complex knowledge regarding youth religiosity in Santiago de Chile Following Van der Ven s proposal an empirical theological study was

developed guided by three main questions How is youth religiosity in Santiago today configured What personal and social factors influence it And what contributions does this knowledge bring to theological and pastoral reflection Using a Mixed Method qual QUAN five dimensions were explored beliefs events of contact practices consequences in daily life and groups of reference The results were a valuable contribution to the available knowledge and theological reflection in dialogue with lived religion
