**At Home with God: Here and Now** Lee Adams Young, 2000-05-25 From biblical times through the Middle Ages and the Reformation the Christian religion enjoyed a sturdy belief in God consistent with human knowledge of the universe But modern science then introduced a new picture of this world at odds not only with the old world picture but with the miracle working God of ancient Scripture Of the many different responses to this conflict three stand out i To deny the religious view of God and the world orii To deny many solid findings of generations of scientists concerning the evolution of stars the Earth and life oriii To deny little yet to affirm little in religionto repeat ancient rituals without serious conviction Lee Adams Young a physicist and Bible scholar claims to replace this chaos with an orderly view of God and the worldin only 437 pages He makes three main points 1 The Bible consistently but falsely split the world into two separate realms Heaven and Earth God rarelyor neverleft his celestial throne room to visit the Earth The steeples of traditional churches pointed toward this Sky God and the Lord s Prayer still speaks of a Father in Heaven The result has been a disconnect between God and the believer a chasm bridged only by armies of angels and other intermediaries or via long distance calls The solution according to *At Home with God Here and Now* is to proclaim as does science that there is only one realm of reality God should be seen as dwelling in this world says Youngindeed within each of us available for direct communication and personal support Prayer should take the form of face to face communication with a person no farther away than the other end of a park bench 2 The Bible consistently and correctly insists upon the inseparability of the human body and soul So does Aristotle and the latest Catholic Catechism Alas in postbiblical times many Jews and Christians have come to believe that at death the human soul could detach itself from the body and ascend to Heaven Young responds as follows a If there is no Heaven the latter step has no meaning We are face to face with God now in this life Because we already live in a sacred world one need not die in order to reach the divine b The notion of a soul that can function independently of bodily support goes against ancient and modern awareness of the influence of bodily conditions on thinking and memory c Near death experiences NDEs are reports from the living not from those who died Medical research shows that NDEs are triggered not by the objective peril of death but by the subjective fear of death d Human faith in an afterlife can blunt the human need to put interpersonal relationships in order in this life We must mend our personal fences nowthere is no second chance as the Hebrew Bible says 3 The God depicted in Young s book is entirely consistent with modern science That God is seen as the essential governor of nature whose regularities people depend on and science describes This book is recommended to all who seek a religious faith based on reality not makebelieve a faith grounded in ancient wisdom yet believable in this modern age     **The Here and Now** Gregg Easterbrook, 2002-12-11 Carter then undergoes a series of slightly magical experiences that cause him to review his life s choices and to dream of loving life and knowing love once more     *Here and Now!* Pat Martino, 2011-09-01 Book By age 16 Pat Martino was already working as a member of R but more important learning to transcend the instrument itself and live his life completely in the moment More than just the remarkable story of one of the most original and profoundly influential

guitarists in jazz history this extraordinarily revealing autobiography is also a survival manual of sorts in overcoming incredible adversity and learning to live in the here and now **Here and Now** Robby Gallaty,2019-02-15 The Christian life was so much more than just a one time decision to secure a place in heaven What if you could experience heaven on earth today Not flying angels singing on clouds but the fulfilled abundant life Jesus promised in the Bible a life that regardless of your circumstances or your present context experiences joy happiness and peace that is difficult to encapsulate in human terms What if heaven was available to us today Pastor and author Robby Gallaty thinks it is We have been taught that salvation is getting man out of earth to live in heaven when the Bible teaches that God desires to bring heaven to earth through man In **Here and Now** readers will journey together to uncover the nucleus of Jesus messages which says the opposite Jesus spoke about the Kingdom of Heaven and the Kingdom of God both are synonymous as we will see more than any other topic No other concept is even close God Here and Now Karl Barth,2003-08-29 Karl Barth was without doubt one of the most significant religious thinkers of modern times His radical affirmation of the revealed truth of Christianity changed the course of Christian theology in the twentieth century and is a source of inspiration for countless believers Pope Pius XII declared that there had been nothing like Karl Barth s later thought since Thomas Aquinas **God Here and Now** offers a succinct and accessible overview of that thought In it Barth outlines his position on the fundamental tenets of Christian belief from the decision of faith to the authority of the Bible and from the interpretation of grace to the significance of Jesus Christ In this way Barth challenges each and every reader to discover what it means to encounter God here and now
