Serving Children and Families Through Community-University Partnerships Thomas R. Chibucos, Richard M. Lerner, 2012-12-06 A consistently identified criticism about contemporary higher education is that academia is not playing a visible role in contributing to the improvement of the lives of people in the community as the lives are lived on a day to day basis However there has been a long tradition of such Outreach Scholarship in America and this focus is gaining renewed attention at least in part because policy makers and philanthropic organizations are pressing universities and colleges to use their learning resources in ways that more directly benefit society Universities have listened to and continue to heed such appeals Serving Children and Families Through Community University

Partnerships Success Stories illustrates such work by presenting several dozen exemplary success stories of community university partnerships that serve to enhance the lives of children youth and families These illustrations are drawn from collaborations across the breadth of the nation and reflect the work of many diverse colleges and universities Moreover these partnerships involve an array of target audiences ranging across the individual life span from infancy through old age and involving a diverse set of groups and organizations In addition this work takes many forms for example technical assistance evaluation training program design and delivery demonstration or participatory action research and dissemination The book is useful to two broad audiences 1 Individuals in and out of academia in decision making roles that directly impact what gets done or does not get done in colleges and universities and 2 Persons outside academia who are concerned with creating positive change across a wide range of issues pertinent to the lives of youth families and communities This volume will guide universities and communities to work together to promote positive development in the diverse children families and communities of our nation

Family Diversity and Family Policy: Strengthening Families for America's Children Richard M. Lerner, Elizabeth E. Sparks, Laurie D. McCubbin, 2013-03-09 Family Diversity and Family Policy describes the dimensions of diversity which characterize the contemporary American family and discusses the implications for public policy and associated intervention programs linked to this diversity The authors contend that if the programs and policies available to support families are to be most useful they need to reflect the diversity of the families they intend to help Beginning with a discussion of the historical and contemporary context of the American family Family Diversity and Family Policy focuses on child poverty and argues that this topic may be usefully studied within the context of developmental systems theory This theory systematically links the development of individuals to variations in their physical and social ecology and is used as a framework for discussing Contemporary challenges faced by parents charged with rearing adolescents and the familial and societal issues that arise when the adolescents being reared are parents themselves Current policy issues that arise from welfare debates in the United States and from recently enacted welfare reform legislation The importance for our nation of developing a comprehensive national youth policy The authors draw implications for the design delivery and evaluation of diversity sensitive policies and programs for families and youth and offer a vision of how to link scholars policy makers and community members in multi professional and multi institutional collaborations promoting the positive development of American families and youth Family Diversity and Family Policy is relevant to scholars and policy makers interested in human development particularly of children and adolescents In addition it should be essential reading for practitioners and policy makers in government private industry and public and private social service organizations
