Family Worship 2nd Edition Family Guidance:

God, Marriage, and Family (Second Edition) Andreas J. Köstenberger, David W. Jones, 2010-05-05 The release of the landmark first edition of God Marriage and Family provided an integrated biblical treatment of God's purposes for the home. Since then explain authors Andreas Köstenberger and David Jones the crisis confronting modern households has only intensified and yet the solution remains the same: obedience to and application of God's Word. In the second edition of God Marriage and Family Köstenberger and Jones explore the latest controversies, cultural shifts and teachings within both the church and society and further apply Scripture's timeless principles to contemporary issues. This new edition includes an assessment of the family integrated church movement, discussion of recent debates on corporal punishment, singleness, homosexuality and divorce, and remarriage, new sections on the theology of sex and the parenting of teens, and updated bibliographies. This book will prove to be a valuable resource for personal and group study, Christian counseling and marriage and family courses.

A Family Guide to Spiritual Warfare Kathleen Beckman, 2020-09-11 Demons wage war against families because families are vital to God's plan of salvation. This stark reality requires that your family members become well-trained spiritual warriors who actively secure your home and fight to keep it off-limits to demonic activity.

Networks for Faith Formation Steve Emery-Wright, Ed Mackenzie, 2017-05-19 The spiritual formation of young people can often focus on encouraging their personal spiritual practices and perhaps linking them to a local youth group. While both are important, Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow. The aim of Networks for Faith Formation is to describe and commend eight key networks, relational bonds that nurture and nourish faith. The eight networks are: bedroom practices, personal faith, church, family, friends, mentors, small groups, events and gatherings, and mission and service. The description of each network draws on biblical studies, practical theology, and the social sciences, and practical ideas for helping young people engage with such networks are included throughout the book. In a context where some overlook the complexity of spiritual formation, Networks for Faith Formation is an important resource for church leaders, youth ministers, and parents seeking to help young people grow in faith. Since relational bonds are key for people of any age, it can also help all within the church understand the need for relationships in spiritual growth.
