A Character Creation Guide to Fallout 4 (Charisma Perks, Intelligence Perks, and Agility Perks) Sahil Mahajan, 2020-08-12 Charisma is the capacity to charm and convince others It impacts your success to persuade in dialogue and costs if you barter Would you state ditch stat Yeah another Fallout game another lackluster showing for Charisma It is simple to start out with a single point in Charisma and dismiss it although that's not to say there are perks at the Charisma tree If you don't have any interest in delving deeply into settlement building or traveling you can safely dismiss Charisma Why Well the one thing that your Charisma score does besides providing access to Charisma perks getting you greater deals with retailers is determining how simple it is to succeed at speech checks For the RPG sure but you have a percentage chance to succeed and you're able to quick save during dialogue so because you wish you can just save load with as low of a Charisma score and you succeed More damning however is the simple fact that you can find lots of clothing you can wear to boost your Charisma score for when you actually need to pass a language check or go shopping There are loads of suits that give 2 Chems and alcohol and Charisma that may further enhance Charisma This won't get you the perks but it will make investing for the sake of passing address checks unnecessary in Charisma
