Famine Affluence Morality Peter Singer

Thom Brooks

Famine Affluence Morality Peter Singer:

Famine, Affluence, and Morality Peter Singer, 2015-11-04 In 1972 the young philosopher Peter Singer published *Famine Affluence and Morality* which rapidly became one of the most widely discussed essays in applied ethics Through this article Singer presents his view that we have the same moral obligations to those far away as we do to those close to us He argued that choosing not to send life saving money to starving people on the other side of the earth is the moral equivalent of neglecting to save drowning children because we prefer not to muddy our shoes If we can help we must and any excuse is hypocrisy Singer's extreme stand on our moral obligations to others became a powerful call to arms and continues to challenge people's attitudes towards extreme poverty Today it remains a central touchstone for those who argue we should all help others more than we do As Bill and Melinda Gates observe in their foreword in the age of today's global philanthropy Singer's essay is as relevant now as it ever was This attractively packaged concise edition collects the original article two of Singer's more recent popular writings on our obligations to others around the world and a new introduction by Singer that discusses his current thinking *Comment on "Famine, Affluence, and Morality" by Peter Singer. A brief evaluation* Tim Windbrake, 2021-09-17 Essay from the year 2020 in the subject Philosophy Theoretical Realisation Science Logic Language grade First Class Honours London School of Economics language English abstract This essay claims that Singer's argument We ought to be preventing as much suffering as we can without sacrificing something else of comparable moral importance is valid but unsound It acknowledges his overall purpose to alleviate absolute poverty and his more recent attempts of rewriting the concept to make his conclusion less demanding and thereby more appealing to a broader audience Nevertheless this essay will solely focus on the strong version of his initial argument **Current Debates in Global**

Justice Gillian Brock, Darrel Moellendorf, 2006-03-30 Issues of global justice dominate our contemporary world Increasingly philosophers are turning their attention to thinking about particular issues of global justice and the accounts that would best facilitate theorizing about these This volume of papers on global justice derives from a mini conference held in conjunction with the Pacific Division meeting of the American Philosophical Association in Pasadena California in 2004 The idea of holding a mini conference on global justice was inspired by the growth of interest in such questions and it was hoped that organizing the mini conference would stimulate further good writing in this area We believe that our mission has been accomplished We received a number of thoughtful papers on both theoretical and more applied issues showing excellent coverage of a range of topics in the domain of global justice A selection of some of the very best papers is published in this special issue of *The Journal of Ethics* In particular we tried to include papers that would reflect some of the range of topics that were covered at the conference to give readers a sense of both the scope of the field as it is currently emerging and the direction that the debates seem to be taking As a result of increased attention to theorizing about global justice cosmopolitanism has enjoyed a resurgence of interest as well **Rethinking Peter Singer** Gordon R. Preece, 2002-01-01 Who is Peter Singer What does he

say about issues like abortion infanticide euthanasia and animal rights What does he say about Christianity What exactly is his philosophy Peter Singer is probably the world's most famous or infamous contemporary philosopher says Gordon Preece Recently appointed as professor of bioethics at Princeton University's Center for Human Values Singer is best known for his book on animal rights *Animal Liberation* and for his philosophical text *Practical Ethics* But underneath his seemingly benign agenda lies perhaps the most radical challenge to Christian ethics proposed in recent times In *Rethinking Peter Singer* four of Singer's contemporaries fellow Australian scholars Gordon Preece Graham Cole Lindsay Wilson and Andrew Sloane grapple with Singer's views respectfully but incisively From a straightforwardly Christian perspective they critique Singer's thought in four major areas abortion and infanticide euthanasia animal rights and Christianity *Rethinking Peter Singer* is not only for those who want to understand Singer's views but also for all who want to challenge the thinking that more and more informs our society's stance on moral issues *The Individual and the Political Order* Norman E. Bowie, Robert L.

Simon, 2008 This fourth edition of *The Individual and the Political Order* provides a careful accessible and reasoned liberal justification for the democratic state and political authority The central feature of liberalism is the commitment to individual autonomy The authors show how that commitment provides a defense of democracy and they give a liberal interpretation to such core values as liberty equality and political authority Although the authors support liberal theory they also provide a sympathetic treatment of the critics of liberalism The authors give a sound explanation of such positions as feminist political theory communitarianism and post modernism but they also argue persuasively that these theories fall short as adequate theories of the political order A significant feature of the new edition is the treatment of international issues and globalization particularly the war on terrorism and poverty in the third world This edition retains its balanced treatment of such major theorists as Hobbes Locke Rousseau Rawls and in this edition Marx This edition continues the tradition of readability balance and careful argumentation that characterized the earlier editions *The Individual and the Political Order* is accessible to a wide audience and to nearly all individuals who are interested in how citizens in a state should be governed

Political Theory of Global Justice Luis Cabrera, 2006-02-03 This book offers a moral argument for world government claiming that not only do we have strong obligations to people elsewhere but that accountable integration among nation states will help ensure all persons can lead a decent life **Justice Without Borders** Kok-Chor Tan, 2004-10-28 The cosmopolitan idea of justice is commonly accused of not taking seriously the special ties and commitments of nationality and patriotism This is because the ideal of impartial egalitarianism which is central to the cosmopolitan view seems to be directly opposed to the moral partiality inherent to nationalism and patriotism In this book Kok Chor Tan argues that cosmopolitan justice properly understood can accommodate and appreciate nationalist and patriotic commitments setting limits for these commitments without denying their moral significance This book offers a defense of cosmopolitan justice against the charge that it denies the values that ordinarily matter to people and a defence of nationalism and patriotism against the charge that

these morally partial ideals are fundamentally inconsistent with the obligations of global justice Accessible and persuasive this book will have broad appeal to political theorists and moral philosophers *Justice and Global Politics* Ellen Frankel Paul, Fred D. Miller (Jr.), Jeffrey Paul, 2006 Since the end of the Cold War there has been increasing interest in the global dimensions of a host of public policy issues issues involving war and peace terrorism international law regulation of commerce environmental protection and disparities of wealth income and access to medical care Especially pressing is the question of whether it is possible to formulate principles of justice that are valid not merely within a single society but across national borders The thirteen essays in this volume explore a range of issues that are central to contemporary discussions of global politics Written by prominent philosophers political scientists economists and legal theorists they offer valuable contributions to current debates over the nature of justice and its implications for the development of international law and international institutions

The Futility of Philosophical Ethics James Kirwan, 2022-02-24 The Futility of Philosophical Ethics puts forward a novel account of the grounds of moral feeling with fundamental implications for philosophical ethics It examines the grounds of moral feeling by both the phenomenology of that feeling and the facts of moral feeling in operation particularly in forms such as moral luck vicious virtues and moral disgust that appear paradoxical from the point of view of systematic ethics Using an analytic approach James Kirwan engages in the ongoing debates among contemporary philosophers within metaethics and normative ethics Instead of trying to erase the variety of moral responses that exist in philosophical analysis under one totalizing system Kirwan argues that such moral theorizing is futile His analysis counters currently prevalent arguments that seek to render the origins of moral experience unproblematic by finding substitutes for realism in various forms of noncognitivism In reasserting the problematic nature of moral experience and offering a theory of the origins of that experience in unavoidable individual desires Kirwan accounts for the diverse manifestations of moral feeling and demonstrates why so many arguments in metaethics and normative ethics are necessarily irresolvable Actual Ethics James R. Otteson, 2006-06-19 Actual Ethics offers a moral defense of the classical liberal political tradition and applies it to several of today's vexing moral and political issues James Otteson argues that a Kantian conception of personhood and an Aristotelian conception of judgment are compatible and even complementary He shows why they are morally attractive and perhaps most controversially when combined they imply a limited classical liberal political state Otteson then addresses several contemporary problems wealth and poverty public education animal welfare and affirmative action and shows how each can be plausibly addressed within the Kantian Aristotelian and classical liberal framework Written in clear engaging and jargon free prose Actual Ethics will give students and general audiences an overview of a powerful and rich moral and political tradition that they might not otherwise consider

Ethics: Essential Readings in Moral Theory George Sher, 2012-11-27 Annotation Ethics Essential Readings in Moral Theory is an outstanding anthology of the most important topics theories and debates in ethics compiled by one of the leading experts in the field It includes sixty six extracts covering

the central domains of ethics why be moral the meaning of moral language morality and objectivity consequentialism deontology virtue and character value and well being moral psychology applications including abortion famine relief and consent Included are both classical extracts from Plato Aristotle Hume Kant and Mill as well as contemporary classics from philosophers such as Thomas Nagel Thomas Scanlon Martha Nussbaum Derek Parfit and Peter Singer A key feature of the anthology is that it covers the perennial topics in ethics as well as very recent ones such as moral psychology responsibility and experimental philosophy Each section is introduced and placed in context by the editor making this an ideal anthology for anyone studying ethics or ethical theory

The Political Responsibilities of Everyday Bystanders Stephen L. Esquith, 2011-02-28 In a world where every person is exposed daily through the mass media to images of violence and suffering as most dramatically exemplified in recent years by the ongoing tragedy in Darfur the question naturally arises What responsibilities do we as bystanders to such social injustice bear in holding accountable those who have created the conditions for this suffering And what is our own complicity in the continuance of such violence it involves settling accounts as well as recognizing our own complicity even as bystanders

Healing Mission Branka Gabric, Stefan Hofmann, 2023-10-18 Theological studies on bioethical and medical issues are most often concentrated on individual health issues The COVID 19 pandemic demonstrated the extent of interconnectedness between peoples and nations and its impact on the physical and mental health of individuals groups and nations Despite numerous studies on the ethical social and medical challenges of this pandemic there is still a considerable gap regarding the need to consider the role of the Catholic Church in the context of public and global health The contributions of this book provide resourceful materials for the reflection coming from medical global health moral theological bioethical mission theological perspectives and from the perspective of pastoral care of health

Thinking Through Food Alexandra Plakias, 2018-11-30 This book offers a wide ranging yet concise introduction to the many philosophical issues surrounding food production and consumption It begins with discussions of the metaphysics epistemology and aesthetics of food then moves on to debates about the ethics of eating animals the environmental impacts of food production and the role of technology in our food supply before concluding with discussions of food access health and justice Throughout the author draws on cross disciplinary research to engage with historical debates and current events

An Introduction to Utilitarianism Richard Chappell, Darius Meissner, William MacAskill, 2024-10-11 An Introduction to Utilitarianism From Theory to Practice is a state of the art text simultaneously accessible to introductory students and informative for more advanced readers Two key features set it apart First its comprehensive coverage of the arguments for and against utilitarianism is unparalleled Second it takes seriously the practical implications of utilitarianism for how we should live with a particular emphasis on utilitarianism's impartial beneficence and its focus on effectiveness Guided by the conviction that practical ethics is more about how best to use our limited time and resources than which victims to hit with trolleys in thought experiments its practical upshots should prove

amenable to utilitarians and non utilitarians alike

International Ethics Mark R. Amstutz, 2013-02-21 Now in a comprehensively revised and updated edition *International Ethics* cogently demonstrates that moral values and ethical reasoning are indispensable in global politics Through balanced arguments and a wide ranging selection of case studies Mark R Amstutz convincingly demonstrates that moral norms are an essential element of foreign policy and that ethical analysis is central to the study of international relations Amstutz illustrates the role of moral norms in global politics with twenty five revised and new case studies The cases are focused on eight major global issues political reconciliation human rights war irregular war foreign intervention economic sanctions justice among states and global justice This clearly written study will be of special interest to students and practitioners of international affairs who are concerned with the role of political morality and ethical judgment in global affairs

Facing Up to Scarcity Barbara H. Fried, 2020-02-27 *Facing Up to Scarcity* offers a powerful critique of the nonconsequentialist approaches that have been dominant in Anglophone moral and political thought over the last fifty years In these essays Barbara H Fried examines the leading schools of contemporary nonconsequentialist thought including Rawlsianism Kantianism libertarianism and social contractarianism In the realm of moral philosophy she argues that nonconsequentialist theories grounded in the sanctity of individual reasons cannot solve the most important problems taken to be within their domain Those problems which arise from irreducible conflicts among legitimate and often identical individual interests can be resolved only through large scale interpersonal trade offs of the sort that nonconsequentialism foundationally rejects In addition to scrutinizing the internal logic of nonconsequentialist thought Fried considers the disastrous social consequences when nonconsequentialist intuitions are allowed to drive public policy In the realm of political philosophy she looks at the treatment of distributive justice in leading nonconsequentialist theories Here one can design distributive schemes roughly along the lines of the outcomes favoured but those outcomes are not logically entailed by the normative premises from which they are ostensibly derived and some are extraordinarily strained interpretations of those premises Fried concludes as a result that contemporary nonconsequentialist political philosophy has to date relied on weak justifications for some very strong conclusions

Religious Language, Meaning, and Use Robert K. Bolger, Robert C. Coburn, 2019-08-22 Can the meaning of religious language be separated from its use In *Religious Language Meaning and Use* Robert Bolger and Robert Coburn address what has become a contentious though often overlooked account of the relationship between religious belief and religious practice Through philosophical argumentation and by means of a variety of sermon like essays on religious topics this book seeks to return religion to the place in which the meaning and practical impact of its beliefs become inseparable from the life of the believer Part I begins by considering through the loose lens of Wittgenstein's philosophical method how religious language has been misunderstood leading straightway to a variety of challenges and conceptual confusions Part II presents previously unpublished essays written by Robert C Coburn who has for over 50 years been at the forefront of the study of metaphysics and philosophy of religion

Making a compelling case for a religious practice that avoids trivializing religious belief this book promises to be a corrective to those who see faith as nothing more than ethics in disguise and to those metaphysicians who see faith as a set of beliefs

The Global Justice Reader Thom Brooks, 2023-03-06 A unique compendium of foundational and contemporary writings in global justice newly revised and expanded The Global Justice Reader is the first resource of its kind to focus exclusively on this important topic in moral and political philosophy providing an expertly curated selection of both classic and contemporary work in one comprehensive volume Purpose built for course work this collection brings together the best in the field to help students appreciate the philosophical dimensions of critical global issues and chart the development of diverse concepts of justice and morality Newly revised and expanded the Reader presents key writings of the most influential writers on global justice including Thomas Hobbes Immanuel Kant John Stuart Mill Martha C Nussbaum and Peter Singer Thirty nine chapters across eleven thematically organized sections explore sovereignty rights to self determination human rights nationalism and patriotism cosmopolitanism global poverty women and global justice climate change and more Features seminal works from the moral and political philosophers of the past as well as important writings from leading contemporary thinkers Explores critical topics in current discourses surrounding immigration and citizenship global poverty just war terrorism and international environmental justice Highlights the need for shared philosophical resources to help address global problems Includes a brief introduction in each section setting out the issues of concern to global justice theorists Contains complete references in each chapter and a fully up to date extended bibliography to supplement further readings The revised edition of The Global Justice Reader remains an ideal textbook for undergraduate and graduate courses in global justice and human rights cosmopolitanism and nationalism environmental justice and social justice and citizenship and an excellent supplement for general courses in political philosophy political science social science and law

Famine Affluence Morality Peter Singer Introduction

In the digital age, access to information has become easier than ever before. The ability to download Famine Affluence Morality Peter Singer has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Famine Affluence Morality Peter Singer has opened up a world of possibilities. Downloading Famine Affluence Morality Peter Singer provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Famine Affluence Morality Peter Singer has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Famine Affluence Morality Peter Singer. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Famine Affluence Morality Peter Singer. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Famine Affluence Morality Peter Singer, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites.

they are downloading from. In conclusion, the ability to download Famine Affluence Morality Peter Singer has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Famine Affluence Morality Peter Singer Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Famine Affluence Morality Peter Singer is one of the best book in our library for free trial. We provide copy of Famine Affluence Morality Peter Singer in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Famine Affluence Morality Peter Singer. Where to download Famine Affluence Morality Peter Singer online for free? Are you looking for Famine Affluence Morality Peter Singer PDF? This is definitely going to save you time and cash in something you should think about.
