

# Excel 2011 for Mac

## Create a new blank workbook

In Excel, you create and save data in a workbook. You can start with a blank workbook, an existing saved workbook, or a template. When you open Excel, the Excel Workbook Gallery opens. It provides a variety of template choices and quick access to recent workbooks.

Let's use the Excel Workbook Gallery to open a blank workbook.

1. If you have not already opened Excel, on the Dock, click Excel.

2. In the Excel Workbook Gallery, under Templates, click All.

\*Tip If you don't see the Workbook Gallery, quit and then reopen Excel.

3. Click Excel Workbook, and then click Choose.

\*Tip To always start with a blank document when you open Excel, select the Don't show this when opening Excel check box.

4. Notice that a blank workbook (Workbook1) appears.

### Hints

- To create a new blank workbook at any time in Excel, on the File menu, click New Workbook (also written as File > New Workbook in this tutorial).
- To show the Excel Workbook Gallery at any time while using Excel, click File > New from Template.
