

Although this work is not put forth as a system of shorthand, yet, in order that it may be occasionally used as such, a symbol has been given to every letter in the alphabet, so that the letters can be easily joined together, as in example 1. It is not, however, recommended by the author to be used as shorthand alone, except now and then, for making private marks, or for keeping private memoranda. Had this been the design, a different arrangement of characters would have been made; and characters more suitable for stenography would have been used. As this was not the intention, such symbols have been adopted as are most easily made, and most easily understood by the reader.
