Exit Strategies And State Building:

Exit Strategies and State Building Richard Caplan, 2012-08-10 In the past two decades states and multilateral organizations have devoted considerable resources toward efforts to stabilize peace and rebuild war torn societies in places such as Afghanistan Iraq Kosovo and Sierra Leone Despite these prodigious efforts there has been relatively little consideration of the critical questions arising from the end game of state building operations In Exit Strategies and State Building sixteen leading scholars and practitioners focus on relevant historical and contemporary cases of exit to provide a comprehensive overview of this crucial issue By examining the major challenges associated with the conclusion of international state building operations and the requirements for the maintenance of peace in the period following exit this book provides unique perspective on a critical aspect of military and political intervention Deftly researched Exit Strategies and State Building sheds new light on what is not merely an academic issue but also a pressing global policy concern

Exit Strategies and State Building Richard Caplan, 2012-08-10 In the past two decades states and multilateral organizations have devoted considerable resources toward efforts to stabilize peace and rebuild war torn societies in places such as Afghanistan Iraq Kosovo and Sierra Leone Despite these prodigious efforts there has been relatively little consideration of the critical questions arising from the end game of state building operations In Exit Strategies and State Building sixteen leading scholars and practitioners focus on relevant historical and contemporary cases of exit to provide a comprehensive overview of this crucial issue By examining the major challenges associated with the conclusion of international state building operations and the requirements for the maintenance of peace in the period following exit this book provides unique perspective on a critical aspect of military and political intervention Deftly researched Exit Strategies and State Building sheds new light on what is not merely an academic issue but also a pressing global policy concern

State-Building and Democratization in Bosnia and Herzegovina Soeren Keil, Valery Perry, 2016-03-03 State Building and Democratization in Bosnia and Herzegovina details the post Dayton evolution of the country over the last two decades Carefully evaluating the successes and failures the book explores the slow progress of the democratization process and how key elites initially took hold of the state and its institutions and have successfully retained their grip on power despite heavy international presence and reform attempts to counter balance this trend Bosnia and Herzegovina offers a useful lens through which to view international state building and democratization efforts International engagement here incorporated significant civilian and military investment and has been ongoing for many years In each chapter international scholars and field based practitioners examine the link between post war events and a structure that effectively embeds ethno national politics and tensions into the fabric of the country These contributors offer lessons to be learned and practices to be avoided whilst considering whether as state building and democratization efforts have struggled in this relatively advanced European country they can succeed in other fragile states

Statebuilding Timothy Sisk, 2014-01-21 After civil wars end what can sustain peace in the

long term In particular how can outsiders facilitate durable conflict managing institutions through statebuilding a process that historically has been the outcome of bloody struggles to establish the state s authority over warlords traditional authorities and lawless territories In this book Timothy Sisk explores international efforts to help the world s most fragile post civil war countries today build viable states that can provide for security and deliver the basic services essential for development Tracing the historical roots of statebuilding to the present day he demonstrates how the United Nations leading powers and well meaning donors have engaged in statebuilding as a strategic approach to peacebuilding after war Their efforts are informed by three key objectives to enhance security by preventing war recurrence and fostering community and human security to promote development through state provision of essential services such as water sanitation and education to enhance human rights and democracy reflecting the liberal international order that reaffirms the principles of democracy and human rights Improving governance alongside the state s ability to integrate social differences and manage conflicts over resources identity and national priorities is essential for long term peace Whether the global statebuilding enterprise can succeed in creating a world of peaceful well governed development focused states is unclear But the book concludes with a road map toward a better global regime to enable peacebuilding and development oriented statebuilding into the 21st century

The Routledge Companion to Humanitarian Action Roger Mac Ginty, Jenny H Peterson, 2015-03-24 The Companion on Humanitarian Action addresses the political ethical legal and practical issues which influence reactions to humanitarian crisis It does so by exploring the daily dilemmas faced by a range of actors including policy makers aid workers the private sector and the beneficiaries of aid and by challenging common perceptions regarding humanitarian crisis and the policies put in place to address these Through such explorations it provides practitioners and scholars with the knowledge needed to both understand and improve upon current forms of humanitarian action The Companion will be of use to those interested a range of humanitarian programmes ranging from emergency medical assistance military interventions managing refugee flows and the implementation of international humanitarian law As opposed to addressing specific programmes it will explore five themes seen as relevant to understanding and engaging in all modes of humanitarian action The first section explores varying interpretations of humanitarianism including critical historical and political economic explanations as well as more practice based explorations focused on notions needs assessments and evaluation Following this readers will be exposed to the latest debates on a range of humanitarian principles including neutrality and sovereignty before exploring the key issues faced by the main actors involved in humanitarian crisis from international NGOs to local community based organizations The final two sections address what are seen as key dilemmas in regards to humanitarian action and emerging trends in the humanitarian system including the increasing role of social media in responding to crises Whilst not a how to guide the Companion contains many practical insights for policy makers and aid workers whilst also offering analytical insights for students of humanitarian action Indeed throughout the book readers will come to the realization that

understanding and improving humanitarian action simultaneously requires both active critical reflection and an acceptance of the urgency and timeliness of action that is required for humanitarian assistance to have an impact on vital human needs Exploring a sector that is far from homogenous both practitioners and scholars alike will find the contributions of this book offers them a deeper understanding of the motivations and mechanics of current interventions but also insight into current changes and progress occurring in the field of humanitarian practice *Political Economy of Statebuilding* Mats

Berdal, 2017-07-05 This volume examines and evaluates the impact of international statebuilding interventions on the political economy of post conflict countries over the past 20 years While statebuilding today is typically discussed in the context of peacebuilding and stabilisation operations the current phase of interest in external interventions to re build and strengthen governmental institutions can be traced back to the good governance policies of the International Financial Institutions IFIs in the early 1990s These sought political changes and improvements in the quality of governance in countries that were subject to or were seeking support under IFI designed structural adjustment programmes The focus of this book is specifically on state building efforts in conflict affected countries countries that are emerging or have recently emerged from periods of war and violent conflict The interventions covered in the present volume fall into three broad and overlapping categories International administrations and transformative occupations East Timor Iraq and Kosovo Complex peace operations Afghanistan Burundi Haiti and Sudan Governance and state building programmes conducted in the context of economic assistance Georgia and Macedonia This book will be of much interest to students of statebuilding humanitarian intervention post conflict reconstruction political economy international organisations and IR Security Studies in general

Conflict Intervention and Transformation Ho-Won Jeong, 2019-03-14 This book is aimed at both professionals and students who desire to deepen their understanding of the processes involved in conflict intervention and resolution effectively Reflecting on multi disciplinary traditions it throws new light on discursive processes that facilitate or hamper a dialogue essential for conflict transformation The book covers a broad range of topics and themes for those studying introductory and advanced level courses on conflict resolution including the principles of intervention prevention of violence local practice of peacemaking identify politics and conditions for conflict resolution as well as peace negotiation While comprehensive in scope this edited volume s main theme is a transformation of inter group dynamics as well as the process for conflict resolution It gives a systematic coverage of ways people try to overcome the limitations of the existing approaches to conflict management and peacemaking **Understanding Territorial Withdrawal** Rob Geist Pinfold, 2023

Territorial withdrawal is an enduring research and policy problem that manifests in a wide range of conflicts From Israel to the US and many more in the global north and south alike numerous states have faced the dilemmas that accompany occupation and exit Though vast gulfs of time and space separate each case a key commonality is that occupation and exit are two diverse and complex phenomena The diverse range of inputs that precipitate the decision to withdraw are manifold

and span a state's internal and external political interactions Peter Stirk for instance argues that in military occupations the distinctions between the international and the domestic between war and peace become fluid and uncertain

Understanding Peacekeeping Paul D. Williams, 2020-12-18 Peace operations remain a principal tool for managing armed conflict and protecting civilians The fully revised expanded and updated third edition of *Understanding Peacekeeping* provides a comprehensive and up to date introduction to the theory history and politics of peace operations Drawing on a dataset of nearly two hundred historical and contemporary missions this book evaluates the changing characteristics of the contemporary international environment in which peace operations are deployed the strategic purposes peace operations are intended to achieve and the major challenges facing today's peacekeepers All the chapters have been revised and updated and five new chapters have been added on stabilization organized crime exit strategies force generation and the use of force Part 1 summarizes the central concepts and issues related to peace operations Part 2 charts the historical development of peacekeeping from 1945 through to 2020 Part 3 analyses the strategic purposes that United Nations and other peace operations are intended to achieve namely prevention observation assistance enforcement stabilization and administration Part 4 looks forward and examines the central challenges facing today's peacekeepers force generation the regionalization and privatization of peace operations the use of force civilian protection gender issues policing and organized crime and exit strategies

Quality Control in Preliminary Examination Morten Bergsmo, Carsten Stahn, 2018-09-06 **The Peacebuilding Puzzle** Naazneen Barma, 2017 Demonstrates how post conflict elites interact with international peacebuilding interventions to construct hybrid political orders over time This title is also available as Open Access

International Law and Transitional Governance Emmanuel H. D. De Groof, Micha Wiebusch, 2020-04-28 This volume examines the role of international law in shaping and regulating transitional contexts including the institutions policies and procedures that have been developed to steer constitutional regime changes in countries affected by catalytic events The book offers a new perspective on the phenomenon of conflict related transitions whereby societies are re constitutionalized through a set of interim governance arrangements subject to variable degrees of internationalization Specifically this volume interrogates the relevance contribution and perils of international law for this increasingly widespread phenomenon of inserting an auxiliary phase between two ages of constitutional government It develops a nuanced understanding of the various international legal discourses surrounding conflict and political crisis related transitional governance by studying the contextual factors that influence the transitional arrangements themselves with a specific focus on international aspects including norms actors and related forms of expertise In doing so the book builds a bridge between comparative constitutional law and international legal scholarship in the practical and highly dynamic terrain of transitional governance This book will be of much interest to practitioners and students of international law diplomacy mediation security studies and international relations

Sovereignty Sharing in Fragile States John D. Ciorciari, 2021-03-16 In fragile states domestic

and international actors sometimes take the momentous step of sharing sovereign authority to provide basic public services and build the rule of law While sovereignty sharing can help address gaps in governance it is inherently difficult risking redundancy confusion over roles and feuds between partners when their interests diverge In *Sovereignty Sharing in Fragile States* John D Ciorciari sheds light on how and why these extraordinary joint ventures are created designed and implemented Based on extensive field research in several countries and more than 150 interviews with senior figures from governments the UN donor states and civil society Ciorciari discusses when sovereignty sharing may be justified and when it is most likely to achieve its aims The two he argues are closely related perceived legitimacy and continued political and popular support are keys to success This book examines a diverse range of sovereignty sharing arrangements including hybrid criminal tribunals joint policing arrangements and anti corruption initiatives in Sierra Leone Cambodia Lebanon Timor Leste Guatemala and Liberia Ciorciari provides the first comparative assessment of these remarkable attempts to repair ruptures in the rule of law the heart of a well governed state

The Day After Brendan R. Gallagher, 2019-09-15 Since 9 11 why have we won smashing battlefield victories only to botch nearly everything that comes next In the opening phases of war in Afghanistan Iraq and Libya we mopped the floor with our enemies But in short order things went horribly wrong We soon discovered we had no coherent plan to manage the day after The ensuing debacles had truly staggering consequences many thousands of lives lost trillions of dollars squandered and the apparent discrediting of our foreign policy establishment This helped set the stage for an extraordinary historical moment in which America's role in the world along with our commitment to democracy at home and abroad have become subject to growing doubt With the benefit of hindsight can we discern what went wrong Why have we had such great difficulty planning for the aftermath of war In *The Day After* Brendan Gallagher an Army lieutenant colonel with multiple combat tours to Iraq and Afghanistan and a Princeton Ph D seeks to tackle this vital question Gallagher argues there is a tension between our desire to create a new democracy and our competing desire to pull out as soon as possible Our leaders often strive to accomplish both to keep everyone happy But by avoiding the tough underlying decisions it fosters an incoherent strategy This makes chaos more likely *The Day After* draws on new interviews with dozens of civilian and military officials ranging from US cabinet secretaries to four star generals It also sheds light on how in Kosovo we lowered our postwar aims to quietly achieve a surprising partial success Striking at the heart of what went wrong in our recent wars and what we should do about it Gallagher asks whether we will learn from our mistakes or provoke even more disasters Human lives money elections and America's place in the world may hinge on the answer

Jus Post Bellum Carsten Stahn, Jennifer S. Easterday, Jens Iverson, 2014-02 Jus post bellum is the body of international legal norms and rules of international law that applies to a post conflict situation as it moves to a status of peace This book provides a detailed legal analysis of all aspects of jus post bellum and uses case studies to show its relevance to the reality of situations on the ground

International State Building and Reconstruction Efforts Joachim Krause, Charles King Mallory

IV,2010-03-17 State Building Post conflict related efforts by the international community towards state re building and reconstruction of society and economy have become a more or less regular feature of international affairs since the early 1990s It seems that the demand for such international efforts is rather rising than diminishing All have in common that the establishment of sound state structures and liveable economies in a given state are considered by a sizeable and powerful group of states as something that is furthering international peace and stability The purpose of this book is to address the strategic and policy dimensions of these international state building and reconstruction efforts The chapters take up issues relating to the economic security related and institutional aspects The authors strike a balance and attempt to formulate recommendations

UN Peacebuilding Architecture Cedric de Coning,Eli Stannes,2016-04-14 Since its establishment the UN s Peacebuilding Architecture PBA has been involved in peacebuilding processes in more than 20 countries This edited volume takes stock of the overall impact of the PBA during its first decade in existence and generates innovative recommendations for how the architecture can be modified and utilized to create more synergy and fusion between the UN s peace and development work The volume is based on commissioned research and independent evaluations as well as informed opinions of several key decision makers closely engaged in shaping the UN s peacebuilding agenda It seeks to find a balance between identifying the reality and constraints of the UN s multilateral framework while being bold in exploring new and innovative ways in which the UN can enhance the results of its peace and development work through the PBA The research and writing of each chapter has been guided by four objectives to assess the overall impact of the PBA to generate innovative ideas for how the PBA can be made more effective post 2015 to analyze the PBA s role at the nexus of the UN s peace and development work and to consider what would be required for the PBA to increase and improve its impact in future It will be of interest to diplomats UN officials the policy community and scholars engaged in the debate following the 2015 review and the implementation of its recommendations and will be an essential resource for UN and peacebuilding scholars

State-Building in Kosovo Andrea Lorenzo Capussela,2015-03-19 The history of Kosovo is a complicated one which typifies the darker side of modern Balkan history Milosevic s Serbia withdrew from Kosovo in 1999 and the province was handed over to a special UN body who governed until 2008 when the West allowed Kosovo to become independent The aim was to erect a stable and well governed democracy but the outcome was a fragile state which still threatens the stability of the Balkans and Europe s internal security How did this happen Here Andrea Lorenzo Capussela offers an inside look at the process of building democracy in Kosovo As head of the economics unit of Kosovo s international supervisor Capussela has had access to previously unknown sources and information regarding the roles of the EU and the US in the crisis This will be an essential reading for those studying the Kosovo crisis

Whose Peace? Sarah Birgitta Kanafani von Billerbeck,2017 This book examines local ownership in UN peacekeeping and how national and international actors interact and share responsibility in fragile post conflict contexts

Nation and Peace Without Unity Akramjon Fozilov,2020-07-17

This research paper is devoted to studying the problems of state building in Afghanistan in the context of the ethnopolitical fragmentation as well as analyzing issues related to resolving the Afghan problem taking into account the interests of the mutually competing and mutually cooperating military political forces of Afghanistan. The author also examines the shortcomings of the ethnic policy of the Islamic Republic of Afghanistan and various possible ways of resolving the Afghan problem at the present stage. Also the author investigated the theoretical aspects of state building in postconflict states, societies, the theoretical understanding of the roots of the ethnopolitical fragmentation of Afghanistan and the concept of a failed state, classical approaches to the state formation under the ethnic conflict conditions and considered the prospects of a multi ethnic political system in Afghanistan through institutional mechanisms.

Thank you unquestionably much for downloading **Exit Strategies And State Building**. Maybe you have knowledge that, people have look numerous time for their favorite books subsequently this Exit Strategies And State Building, but stop going on in harmful downloads.

Rather than enjoying a fine ebook afterward a mug of coffee in the afternoon, otherwise they juggled taking into consideration some harmful virus inside their computer. **Exit Strategies And State Building** is genial in our digital library an online access to it is set as public for that reason you can download it instantly. Our digital library saves in complex countries, allowing you to get the most less latency period to download any of our books like this one. Merely said, the Exit Strategies And State Building is universally compatible once any devices to read.
