Binford, 2021-09-10 Offers a new perspective on early U S urban development showing how city planning movements of the post Civil War period were not just innovations in response to industrial urbanism but were also profoundly shaped by ideas and experiences of city living in the early republic *Global City*

Challenges M. Acuto, W. Steele, 2013-10-31 The contributors illustrate what twin analytical and practical challenges emerge from juxtaposing cultural economic historical postcolonial virtual architectural literary security and political stances to the concept of the global city

Managing the City Economy Le-Yin Zhang, 2015-03-24 In a world increasingly organised as networks of cities this book offers the first full length treatment of the subject of managing the city economy It explores key challenges and strategies particularly in developing countries where developmental deficits are greatest and almost all urban growth up to 2050 will take place Adopting a practitioner's perspective theoretically grounded and international in scope this book is unique in its focus and endeavours to connect theory with practice Through an interdisciplinary and strategic approach this book explores the challenges and options in managing the contemporary city economy It aims to illustrate the extent to which appropriate policy interventions in the city economy could offer effective solutions to some of the most difficult social and environmental challenges facing cities The book comprises five main parts Part I sets the scene and examines contemporary processes that affect cities and explains the challenges they pose for city managers Part II presents a selection of conceptual frameworks commonly used in urban economic analysis Part III examines the management of sectoral growth covering manufacturing exports of services transport and logistics and real estate Part IV addresses urban poverty low carbon transition and the informal economy Part V focuses on laying the foundation for long term city development exploring the roles of city development strategies municipal finance investment in people and appropriate infrastructure This book is designed for graduate courses in urban economic development urban planning urban policy and public administration and for professionals who are involved in the management of city economies or and conducting research consultancy or policy advocacy for cities Through critical review of relevant debates and a dozen case studies this book will equip city managers with the knowledge required to strengthen the performance of their city economy while delivering authentic and sustainable development

Visual and Multimodal Urban Sociology Luc Pauwels, 2023-07-24 Presented over two volumes *Visual and Multimodal Urban Sociology* part A and B explore the use and potential of visual materials and methodologies that expand the level of analysis and ways of seeing in urban sociology

An Analysis of Jane Jacobs's The Death and Life of Great American Cities Martin Fuller, Ryan Moore, 2017-07-05 Despite having no formal training in urban planning Jane Jacobs deftly explores the strengths and weaknesses of policy arguments put forward by American urban planners in the era after World War II They believed that the efficient movement of cars was of more value in the development of US cities than the everyday lives of the people living there By carefully examining their relevance in her 1961 book *The Death and Life of Great American Cities* Jacobs dismantles these arguments by highlighting their shortsightedness She evaluates the information to hand and comes to a very different conclusion that urban planners ruin great cities because they don't understand that it is a city's social interaction that makes it great Proposals and policies that are drawn from planning theory do not consider the social dynamics of city life They are in thrall to futuristic fantasies of a modern way of living that bears no relation to reality

or to the desires of real people living in real spaces Professionals lobby for separation and standardization splitting commercial residential industrial and cultural spaces But a truly visionary approach to urban planning should incorporate spaces with mixed uses together with short walkable blocks large concentrations of people and a mix of new and old buildings This creates true urban vitality Critical Urban Theory, Common Property, and “the Political” Dan Webb, 2017-05-18 Dan Webb explores an undervalued topic in the formal discipline of Political Theory and political science more broadly the urban as a level of political analysis and political struggles in urban space Because the city and urban space is so prominent in other critical disciplines most notably geography and sociology a driving question of the book is what kind of distinct contribution can political theory make to the already existing critical urban literature The answer is to be found in what Webb calls the properly political approach to understanding political conflict as developed in the work of thinkers like Chantal Mouffe Jodi Dean and Slavoj Žižek This properly political analysis is contrasted with and a curative to the predominant ethical or post political understanding of the urban found in so much of the geographical and sociological critical urban theory literature In order to illustrate this primary theoretical argument of the book Webb suggests that common property is the most useful category for conceiving the city as a site of the properly political When the city and urban space are framed within this theoretical framework critical urbanists are provided a powerful tool for understanding urban political struggles in particular anti gentrification movements in the inner city Sustainable Urban Development Reader Stephen M. Wheeler, Timothy Beatley, 2014-10-03 Building on the success of its second edition the third edition of the Sustainable Urban Development Reader provides a generous selection of classic and contemporary readings giving a broad introduction to this topic It begins by tracing the roots of the sustainable development concept in the nineteenth and twentieth centuries before presenting readings on a number of dimensions of the sustainability concept Topics covered include land use and urban design transportation ecological planning and restoration energy and materials use economic development social and environmental justice and green architecture and building All sections have a concise editorial introduction that places the selection in context and suggests further reading Additional sections cover tools for sustainable development international sustainable development visions of sustainable community and case studies from around the world The book also includes educational exercises for individuals university classes or community groups and an extensive list of recommended readings The anthology remains unique in presenting a broad array of classic and contemporary readings in this field each with a concise introduction placing it within the context of this evolving discourse The Sustainable Urban Development Reader presents an authoritative overview of the field using original sources in a highly readable format for university classes in urban studies environmental studies the social sciences and related fields It also makes a wide range of sustainable urban planning related material available to the public in a clear and accessible way forming an indispensable resource for anyone interested in the future of urban environments **Routledge Handbook of Urban Public Space** Karen A.

Franck, Te-Sheng Huang, 2023-03-20 Is it truly the end of public space This handbook presents evidence that the answer is no In cities in different parts of the world people still use public space to pursue activities of their choice The book is divided into seven sections The first section presents three emerging types of public space Each of the subsequent five sections focuses on a type of activity recreation commerce protest living and celebration These sections are international in scope presenting cases of activities in Brazil China Colombia DR Congo Egypt Finland Germany Libya Taiwan Turkey and the U S The closing section composed of three chapters presents research methods for studying public space Graduate students faculty members and researchers in social science architecture landscape architecture geography and urban design will find the book useful for understanding studying and designing urban public space *Religion and Community in the New Urban America* Paul David Numrich, Elfriede Wedam, 2015 Religion and Community in the New Urban America examines the interrelated transformations of cities and urban congregations The authors ask how the new metropolis affects local religious communities and what role those communities play in creating the new metropolis Through an in depth study of fifteen Chicago congregations Catholic parishes Protestant churches Jewish synagogues Muslim mosques and a Hindu temple both city and suburban this book describes congregational life and measures congregational influences on urban environments Paul D Numrich and Elfriede Wedam challenge the view held by many urban studies scholars that religion plays a small role if any in shaping postindustrial cities and that religious communities merely adapt to urban structures in a passive fashion Taking into account the spatial distribution of constituents internal traits and external actions each congregation s urban impact is plotted on a continuum of weak to moderate to strong thus providing a nuanced understanding of the significance of religion in the contemporary urban context Presenting a thoughtful analysis that includes maps of each congregation in its social geographic setting the authors offer an insightful look into urban community life today from congregations to the places in which they are embedded **Architectural Theorisations and Phenomena in Asia** Francis Chia-Hui Lin, 2017-08-16 This book is the first overall and detailed discussion of contemporary Asia s architectural theorisations and phenomena based on its heteroglossic and decolonisation character Lin presents a theoretical journey of transdisciplinary reflection upon contemporary Asia s pragmatic phenomena which is methodologically achieved by means of elaborations of how tangible Asian architecture can be philosophically theorised and how interchangeable architectural theory is practically Asianised Discussions in the book are critically integrated with comparative studies focused on Japan Taiwan China Hong Kong Singapore Malaysia Australia New Zealand and the UK These empirical examinations are highlights of phenomenal localities architecture cities and cultures which reference the historicity of the Asia Pacific Asia s contemporary architectural situations and their subtle relationship with the West The schematisation of intended fuzziness for Asia and its architecture is framed as the notion polychronotypic jetztzeit to represent a present time place context of contemporary Asian architecture and urbanism This book will be of great interest to scholars of Asian Studies Architectural Studies Postcolonial Studies Urban

Studies and Cultural Studies **Urban Theory** Alan Harding, Talja Blokland, 2014-05-13 What is Urban Theory How can it be used to understand our urban experiences Experiences typically defined by enormous inequalities not just between cities but within cities in an increasingly interconnected and globalised world This book explains Relations between urban theory and modernity in key ideas of the Chicago School spatial analysis humanistic urban geography and radical approaches like Marxism Cities and the transition to informational economies globalization urban growth machine and urban regime theory the city as an actor Spatial expressions of inequality and key ideas like segregation ghettoization suburbanization gentrification Socio cultural spatial expressions of difference and key concepts like gender sexuality race ethnicity and culturalist perspectives on identity lifestyle subculture How cities should be understood as intersections of horizontal and vertical of coinciding resources positions locations influencing how we make and understand urban experiences Critical interdisciplinary and pedagogically informed with opening summaries boxes questions for discussion and guided further reading Urban Theory A Critical Introduction to Power Cities and Urbanism in the 21st Century provides the tools for any student of the city to understand even to change our own urban experiences **Handbook on Transport and Land Use**

João de Abreu e Silva, Kristina M. Currans, Veronique Van Acker, Robert J. Schneider, 2023-06-01 Synthesizing current understandings on the relationship between transport and land use this timely Handbook proposes an agenda for research and practice that leads toward more human centered communities within an increasingly urbanized world facing rapid technological change Chapters explore the role of institutional policies and informal cultural contexts in influencing transport and land use systems before examining the impacts of transportation and land use decisions across multiple areas including equity public health climate environment and lifestyle preferences Contesting Religious Identities Bob E.J.H.

Becking, Anna-Marie J.A.C.M. Korte, Lucien van Liere, 2017-01-09 Religion is a hot topic on the public stages of secular societies not in its individualized liberal or orthodox form but rather as a public statement challenging the divide between the secular neutral space and the religious In this new challenging modus religion raises questions about identity power rationality subjectivity law and safety but above all religion questions contests and even blurs the borders between the public and the private These phenomena urge to rethink what are often considered to be clear differences between religions between the public and the private and between the religious and the secular In this volume scholars from a range of different disciplines map the different aspects of the dynamics of changing contesting and contested religious identities

Planning for Greying Cities Tzu-Yuan Stessa Chao, 2017-12-06 Planning for Greying Cities Age Friendly City Planning and Design Research and Practice highlights how modern town planning and design act as a positive force for population ageing taking on these challenges from a user oriented perspective Although often related to healthy city concepts the contexts of age friendly cities and communities AFCC were not emphasized until the early 2000s Planning for Greying Cities is the first book to bring together fundamental and cutting edge research exploring dimensions of age friendly cities in

different spatial scales Chapters examine the ageing circumstances and challenges in cities communities and rural areas in terms of land use planning urban design transport planning housing disaster resilience and governance and empowerment with international case studies and empirical research results of age friendly environment studies It is essential reading for academics and practitioners in urban planning gerontology transport planning and environmental design

The Radical Bookstore Kimberley Kinder, 2021-03-16 Examines how radical bookstores and similar spaces serve as launching pads for social movements How does social change happen It requires an identified problem an impassioned and committed group a catalyst and a plan In this deeply researched consideration of seventy seven stores and establishments Kimberley Kinder argues that activists also need autonomous space for organizing and that these spaces are made not found She explores the remarkably enduring presence of radical bookstores in America and how they provide infrastructure for organizing gathering places retail offerings that draw new people into what she calls counterspaces Kinder focuses on brick and mortar venues where owners approach their businesses primarily as social movement tools These may be bookstores infoshops libraries knowledge cafes community centers publishing collectives thrift stores or art installations They are run by activist entrepreneurs who create centers for organizing and selling books to pay the rent These spaces allow radical and contentious ideas to be explored and percolate through to actual social movements and serve as crucibles for activists to challenge capitalism imperialism white privilege patriarchy and homophobia They also exist within a central paradox participating in the marketplace creates tensions contradictions and shortfalls Activist retail does not end capitalism collective ownership does not enable a retreat from civic requirements like zoning and donations no matter how generous do not offset the enormous power of corporations and governments In this timely and relevant book Kinder presents a necessary novel and apt analysis of the role these retail spaces play in radical organizing one that demonstrates how such durable hubs manage to persist often for decades between the spikes of public protest

Imagining Global Amsterdam Marco de Waard, 2012-01-01 Imagining Global Amsterdam gaat over het beeld van Amsterdam in film literatuur visuele kunst en in het moderne stedelijke discours in het bijzonder in de context van de mondialisering De essays gaan onder andere dieper in op Amsterdam als een lieu de mmoire van de vroeg moderne wereldhandel Wat betekent deze herinnering in de hedendaagse cultuur Waarom verwijzen zo veel contemporaine films en romans naar dit verleden terug Ook het internationale imago van Amsterdam als een multicultureel en ultra tolerant %x global village %x komt aan bod Waarom is dit beeld zo persistent en hoe heeft het zich in de loop van de laatste decennia ontwikkeld Tot slot wordt ingegaan op de vraag hoe mondialiseringsprocessen ingrijpen in de stadscultuur zoals in het prostitutiegebied op de Wallen en via de erfgoedindustrie Hoe manifesteert de mondialisering zich in de stad en welke rol speelt beeldvorming daarbij Deze bundel vormt een rijk geschakeerd onderzoek naar de relatie tussen Amsterdam mondialisering en stedelijke beeldvorming Marco de Waard is als docent literatuurwetenschap verbonden aan het Amsterdam University College
