Civics Prentice Hall Midterm Study Guide:

Keeping the Republic Student Study Guide Barbour, 2001-11 Reviews each chapter's key concepts through learning objectives chapter summaries practice tests and critical thinking exercises based on the chapter's key themes *The Oxford Handbook of Political Participation* Marco Giugni, Maria Grasso, 2022 The Oxford Handbook of Political Participation provides readers with up to date knowledge on the wide ranging topics covered in this field and considers the key theoretical and methodological pluralism in the area as well the most recent developments One of the aims of this Handbook is to bring together two research traditions from political science and sociology bridging research in political sociology and social movement studies Accordingly the Handbook mainly brings together authors coming from both the politics and sociology research traditions as well as key authors working on political participation coming also from other fields such as psychology economics anthropology and geography The volume provides the first comprehensive up to date treatment of political participation in all of its varied expression it covers a wide range of topics relating to the study of political participation both from a theoretical and methodological perspective it brings together the political science and political sociology tradition on the one hand and the social movement sociological tradition on the other it is sensitive to theoretical and methodological pluralism as well as the most recent developments in the field and includes discussions combining perspectives that have traditionally been treated separately in the literature as well as discussions of current trends and future directions for research in this field Organizational Learning in the Global Context M. Leann Brown, Michael Kenney, Michael J. Zarkin, 2006 Packed with case studies all based on original research this volume investigates how various organizations exploit experience and knowledge to change their activities and understanding of the world The volume addresses a variety of issue areas such as the US embargo against Cuba food security Colombian drug trafficking terrorist groups the Catholic Church and foreign aid agencies Prentice Hall Civics James Edwin Davis, 2001 *The Electoral Challenge: Theory Meets Practice* Stephen C Craig, 2006 If most elections are decided by forces beyond anyone's immediate control whether its national economic conditions or voters longstanding partisan attachments do campaigns really matter Scholars and political consultants will give you different answers While scholars insist that consultants operate by the seat of their pants promoting the latest folk wisdom about which strategies and tactics work not knowing one way or the other until its too late consultants claim that the academics tell us what they already know or if not their studies are simply wrong So who is right Stephen Craig takes up the challenge and brings together the voices and ideas of both groups in this engaging and innovative volume He aims to determine what we know and do not know based on empirical rather than anecdotal evidence about the factors that determine election outcomes While the backdrop is academic the focus is practical why do some candidates win and others lose on election day Each chapter contains an essay from a top scholar in the field followed in most cases by a response from the political consultants so students actually interact with this discourse By including the views and

experiences of both groups the result is a dialogue from very different yet complementary perspectives on how campaigns matter
