Confronting Issues Heaven And Hell Volume Ii Why Hell Must Be Eternal:

Confronting Issues Heaven and Hell Volume II: Why Hell Must Be Eternal J. K. McKee, 2012-06-13 While it is unfortunately very true that there is a level of controversy present in today's theological studies over what happens to the deceased between death and resurrection a much higher debate takes place regarding what occurs to unrepentant unrighteous sinners Do these people experience a never ending ongoing eternal punishment Or do these people experience an obliteration from existence Strong and firm disagreements between those who affirm some sort of ongoing eternal punishment versus those who believe in annihilationism have been present in Christian theology for the past century These debates have been taken up by many people within the broad contemporary Messianic movement with more than a few not quite knowing what to believe This volume of TNN Press Confronting Issues series Why Hell Must Be Eternal necessarily takes up some of the uncomfortable discussion that has gone on in evangelical Christian theology regarding eternal punishment and how it affects our contemporary Messianic faith community Annihilationism is not a viable form of eternal punishment as it constitutes the same basic belief of any atheist or agnostic who thinks that after death he or she will enter into total nothingness At the same time there have undoubtedly been exaggerations and over exaggerations of hyper literal models of eternal punishment that exclusively focus on descriptions of it being fire and smoke as opposed to outer darkness or banishment from God's presence How should today's Messianic Believers approach the widespread metaphorical view of eternal punishment present in theological studies since the Protestant Reformation but not often known to the normal layperson This volume should hopefully stimulate some critical thinking and evaluation regarding the uncomfortable subject of eternal punishment and above all motivate each and every one of us to see that none of our fellow human beings has to experience it

Doctrine James Wm. Hell's Destruction Catherine Ella Laufer, 2016-04-22 The credal affirmation he descended to the dead has attracted a plethora of views over the centuries and many Christians today struggle to explain the meaning of these words This book explores various interpretations of the doctrine of Christ's descent to the dead both within particular historical contexts and within contemporary theology Laufer argues that the descensus clause Christ's descent is integral to Christian faith specifically to the doctrine of the incarnation If we are to affirm that in Christ God became truly human then that affirmation must include his sharing in the state of being dead that is the ultimate consequence of being human Laufer concludes that since the Son has experienced genuine human death and the separation from God which is the essence of hell there is no longer any human
