## **Confronting The Powers:**

Confronting the Powers C. Peter Wagner, 1996 A biblical defense for strategic level spiritual warfare this book examines how Jesus and the New Testament Church overcame the powers of darkness Spiritual Warfare Strategy C. Peter Wagner, 2011-07-19 Discover how Jesus and the early Church overcame the enemy and you can overcome too We live in a day when the Holy Spirit is speaking strongly to the churches about aggressively retaking the dominion over creation that Adam forfeited to satan This level of spiritual warfare is a new ministry area to many Kingdom minded believers Spiritual Warfare Strategy provides a biblical and theological rationale as well as practical tools for advancing God's Kingdom Dr C Peter Wagner examines the role spiritual warfare played in Christ's ministry and among His first followers and applies it to today's battle

**The Sword and the Mask** Jon C. Furgeson, 2022-08-12 Is spiritual warfare real Is it just a metaphor for social justice Do territorial spirits have a stranglehold on the planet What does the Christian do with the rising fascination with the supernatural in Western culture Does any of this matter for daily life With meticulous care Jon Furgeson dives into the sea of perspectives and voices in the church and Western culture bringing the reader on a journey to gain perspective After clearing the clutter and the confusion he presents a bold new yet faithful way to understand spiritual warfare to see how it affects every person to the foundations of who they are and how the Spirit of God in Christ acts in the midst of the fallen powers to take broken sinners and turn them into antifragile saints *SPIRITUAL WARFARE: A Struggle for Truth* Russell Sharrock, 2007-03-01 Much in the Church is being touted as biblical spiritual warfare even to changing it from being spiritual to be geographical This book critics spiritual warfare teaching comparing it to the Bible and offers a biblically reasoned discussion on spiritual warfare

Power and the Powers Andrew R. Hardy, Richard Whitehouse, Dan Yarnell, 2015-10-12 *Missio Dei* by its very nature requires the church to come to terms with the exercise of power both internally and externally as it confronts the world Tune in to any newscast or glance at the daily newspaper and it immediately becomes clear that the use and abuse of power is a live issue The more we focus on the twists and turns of current events the more it appears that uncorrupted exercise of power eludes the human race All too often we become uneasily aware that there are powers lying behind the power that any of us wields whether it is in the family the classroom on the shop floor in the boardroom or in churches Effective missional leadership involves creative engagement with the powers at work in the world without being debased by them This book sets out to address the issue of the use and misuse of power from biblical theological and practical perspectives The authors bring their theological pastoral missionary and personal experience to their task in order to inform challenge and invite readers into a responsible use of the powers that God has put into the hands of each one of us to achieve his purposes in the world

**The Irony of Power** Dorothy Jean Weaver, 2017-06-21 This volume engages the Gospel of Matthew in full awareness of its inherently political character Weaver situates Matthew's version of the good news of the kingdom squarely within the real world of first century Palestine and its occupying power the Roman Empire The

essays here focus prominently and collectively on the issues of power and violence that not only pervade the historically occupied Jewish community of first century Palestine but also are clearly visible throughout Matthew's narrative account. A lower level reading of the Matthean text offers a bleak portrait of the overwhelming power and violence exerted by the Roman occupying authorities and their upper echelon Jewish collaborators against the wider Jewish community of first century Palestine. But an upper level God's eye reading of Matthew's narrative consistently reveals the fundamental irony at the heart of the New Testament as a whole of the Jesus story broadly conceived and of Matthew's narrative account in specific. This irony overturns all humanly recognized definitions of power and demonstrates the astonishing politics of God which defeats evident power through apparent powerlessness and overcomes violence through nonviolent initiatives.

*Confronting Power and Sex in the Catholic Church* Geoffrey Robinson, 2008. Drawing on his own experience in responding to abuse, Bishop Geoffrey Robinson methodically offers a critique of the church's use and misuse of power from the pope proclaiming infallibly down to the preacher claiming a divine authority for every word spoken from the pulpit. Going back to the Bible and above all to the teaching of Jesus, he presents an approach to sexual morality that is profound, compassionate, and people-centered. He stresses the priority of the hierarchy of holiness over the hierarchy of power. He offers nothing less than a vision for a church of the third millennium, a church that wants to see in its members the responsibility appropriate to adults rather than the obedience appropriate to children and wants to help all people to grow to become all they are capable of being. You will love or hate this book but not be able to remain neutral. Through the story of sexual abuse and the church's response, I came to the unshakeable belief that within the Catholic Church there absolutely must be profound and enduring change. In particular, there must be change on the two subjects of power and sex. From the Introduction, Bishop Geoffrey Robinson, who has degrees in philosophy, theology, and church law, was Auxiliary Bishop in the Archdiocese of Sydney from 1984 until his retirement in 2004. In 1994, he was elected by the Australian Bishops to the National Committee for professional Standards coordinating the response of the Catholic Church in Australia to revelations of sexual abuse, and from 1997 until 2003, he was cochairman of this committee.

**Respect and Power** Roberto Mordacci, 2025-05-30. This book presents a historically informed, theoretically systematic, and critically articulated theory of respect that challenges many of the presuppositions of the current debate in ethics and politics. It develops a theory of respect as the rule of power relations which draws connections between Kant's critical philosophy and Critical Theory. The concept of respect is the foundation of normative theory. Any human practice is subject to a judgment in terms of respect, and a comprehensive theory is needed to critically assess our individual and social practices. This book elaborates an uncommon understanding of respect through a historical reconstruction of the practices of respect and a theoretical analysis of the limits of current theories of respect. Power is the fundamental force at work in social relations, and respect is the recognition of power with a critical stance that defines how power is to be used and regulated. A close confrontation with Hannah Arendt's and Michel Foucault's

conceptions of power offers the opportunity to clarify in which sense respect is the rule of power relations This also helps to overcome the anthropocentric bias inherent in many theories of respect It is important to recognize that living beings and nature possess power and that we must acknowledge this and understand the limitations of our power over them Respect and Power will appeal to researchers and graduate students working in moral and political philosophy political theory critical theory and the social sciences

**The Spirit, Indigenous Peoples and Social Change** Michael J. Frost, 2018-11-05 In *The Spirit Indigenous Peoples and Social Change* Michael Frost explores a pentecostal theology of social engagement in relation to M ori in New Zealand Pentecostalism has had an ambiguous relationship with M ori and in particular lacks a robust and coherent theological framework for engaging in issues of social concern Drawing on a number of interviews with M ori pentecostal leaders and ministers Frost explores the transformative role of pentecostal experience for M ori cultural identity a holistic theology of mission an indigenous prophetic emphasis and consequent connections between pentecostalism and liberation He thus contributes a way forward for pentecostal theologies of social change in relation to M ori with implications for pentecostalism and indigenous peoples in the West *The Cambridge Magazine*, 1916 **Cambridge Magazine**, 1916

**The Northwestern Reporter**, 1922 **N.E.L.A. Bulletin** National Electric Light Association, 1920 *Toward a Prophetic Youth Ministry* Fernando Arzola Jr., 2008-02-18 Fernando Arzola Jr addresses the gap in the literature of youth ministry resources conceived and realized in an urban setting He brings together three dominant paradigms traditional liberal and activist to create an approach that is informed by Scripture and the contemporary realities of adolescent development in an urban setting **Humanitarian Fictions** Megan Cole Paustian, 2024-01-02 Humanitarianism has a narrative problem Far too often aid to Africa is envisioned through a tale of Western heroes saving African sufferers While labeling white savior narratives has become a familiar gesture it doesn't tell us much about the story as story Humanitarian Fictions aims to understand the workings of humanitarian literature as they engage with and critique narratives of Africa Overlapping with but distinct from human rights humanitarianism centers on a relationship of assistance focusing less on rights than on needs less on legal frameworks than moral ones less on the problem than on the nonstate solution Tracing the white savior narrative back to religious missionaries of the nineteenth century Humanitarian Fictions reveals the influence of religious thought on seemingly secular institutions and uncovers a spiritual collectivist streak in the discourse of humanity Because the humanitarian model of care transcends the boundaries of the state and its networks touch much of the globe Humanitarian Fictions redraws the boundaries of literary classification based on a shared problem space rather than a shared national space The book maps a transnational vein of Anglophone literature about Africa that features missionaries humanitarians and their so called beneficiaries Putting humanitarian thought in conversation with postcolonial critique this book brings together African British and U S writers typically read within separate traditions Paustian shows how the novel with its profound sensitivity to narrative can enrich the critique of white saviorism while also imagining alternatives that give
