### Article 19

Le permis de construire est accordé à condition que les constructions à faire respectent les règles en vigueur par l'État Ivoirien (Respect des plans d'urbanisme et d'alignement, les règlements d'urbanisme, les servitudes d'hygiène et de salubrité, de sécurité publique, de caractère architectural, de conservation des sites).

### Article 20

L'analyse d'un dossier de demande de permis de construire peut-être stoppée pendant deux années au maximum si la construction à faire n'est pas compatible avec des projets d'urbanisme (constructions de ponts, tracés de route, les tracés de caniveaux etc.) non encore approuvés. Cependant, passé ce délai de deux années, si l'administration ne répond pas, cette demande de permis de construire est accordée de facto ou implicitement au demandeur.
