

The Journal of Religion

though Girard reads the divine reproof differently [p. 180]). For the reader as for Job, the book offers a discovery process on the true meaning of Judaism, especially after the Holocaust.

Goodhart's biblical readings move primarily between contemporary Jewish practice and literary theory. He takes little advantage of current biblical scholarship, perhaps because of his view that it suffers from an antireligious bias. Thus, the fact that Jonah is recited on Yom Kippur points to the anti-idolatry of the text, while Job is read through the lens of Torah and "Jewish" suffering, even though Job seems to lie outside the context of covenantal religion. While there are legitimate reasons to correlate ancient texts with current traditions, it is better to explain such a move.

The book's final chapters confront the problem of responding to the Holocaust through Judaism and literature without perpetuating the Holocaust's sacrificial logic. This task requires sorting the humanism that contributed to the Holocaust (the humanism of abstract ideals) from the humanism that opposes it (the ethics of Levinas). The challenge for post-Holocaust Judaism, history, and reading is thus to cultivate this second humanism.

At its heart, *Sacrificing Commentary* is a synthesis of an antisacrificial ethics with literary theory and biblical tradition. All the key terms of the book line up either supporting violent sacrifice (criticism, idolatry, mimesis, myth, idealist humanism) or undoing it (literature, anti-idolatry, nonrepresentation, antimyth, the humanism of Levinas). Goodhart thus reformulates the familiar struggle between literature and criticism in Girardian terms. For all of its complicated analysis and erudite references, the readings can seem forced, especially given such compelling cases for the violence of biblical tradition as Regina Schwartz's *The Curse of Cain* (Chicago, 1997). When Goodhart strays from textual details, as in the studies of Job and Jonah, then the readings can seem more like the criticism he decries. Nevertheless, a literary and religious ethics of reading may require such elaboration.

In some ways, *Sacrificing Commentary* occupies ground already covered by James G. Williams's *The Bible, Violence and the Sacred* (San Francisco, 1991). Both books follow Girard's insight that the Bible suggests a critique of sacrificial violence through new and interesting biblical analyses. But while Williams's book may be clearer, Goodhart's is more ambitious and complex. Williams adopts Girard's theory more fervently and links it to Christian theology. Goodhart, on the other hand, finds ample antisacrificial resources within the Hebrew Bible. Goodhart's other crucial innovation is the extension of Girardian analysis into the broader cultural domains of literature and theory. Anyone interested in the possibilities of Girard's thought for literature, Hebrew Bible, and Holocaust studies should take note of *Sacrificing Commentary*.
