embrace an active and loving engagement with nonbelievers through acts of servitude At the same time Halik critiques the drive for mere material success and suggests that love must become more than a private virtue in contemporary society I Want You to Be considers the future of Western society with its strong division between Christian and secular traditions and recommends that Christians think of themselves as partners with nonbelievers Halik's distinctive style is to present profound insights on religious themes in an accessible way to a lay audience As in previous books this volume links spiritual and theological philosophical topics with a tentative diagnosis of our times This is theology written on one's knees Halik is as much a spiritual writer as a theologian I Want You to Be will interest both general and scholarly readers interested in questions of secularism and Christianity in modern life

Courageous Judicial Decisions in Alabama Dr. Jack Kushner, 2011-02-23 When one reads the history of the state of Alabama courageous judicial decisions appears to be an oxymoron because there have not been many such decisions Most that did occur were related in some fashion to the racial problems that have existed in Alabama from the very beginning of statehood It is important that we understand just what we mean when we speak of courage Sustained courage emanates from character which in itself takes a lifetime to build Courage can be defined as the moral strength that permits one to face fear and difficulty Courage requires a certain amount of leadership and this leadership behavior is admirable and excellent Making

judicial decisions that changed ways of living in Alabama during the days of segregation required courage. These decisions could have severe consequences for one's safety and could affect one's family. Yet despite the potential consequences there were at least four judges in Alabama who made decisions based on what they thought was the right thing to do and would lead Alabama in the right direction. The judges whose names come immediately to the forefront are George Stone, Thomas G. Jones, James E. Horton Jr. and Frank M. Johnson.

Meeting at the Fires Marian Olivia Heath Griffin, 2021-04-08 Our lives will be pulled from the ashes many times and those times will bring good purposes in our lives. Individualism and independence are at the heart of being American. There will always be many ambition-driven challenges many events you will not foresee. You will handle some well and some badly. For there is no adequate preparation for all of life's situations and relationships. There is no such thing as perfection when it comes to relationships that exist between people, especially the relationships between a man and woman. It is possible to have a good relationship with persons in your life once you first have that relationship with yourself. But with the Creator's help you will prevail; you will not fail. We must open doors wide to let others in to learn and to mature. Our Creator will fix our hearts to become involved in reaching and bringing a lost world to Him.
