conservatism and opponent of revolution Joseph de Maistre reactionary traditionalist Catholic and de Toqueville Catholic writer on the ancien regime and opponent of democracy they also were influenced heavily by mysticism and German idealism including such mystics as Jakob Boehme Jung Stilling Saint Martin and the Pietists Gottfried next turns his attention to the age of Montgelas in which various laws were enacted which resulted in oppression for the church and clergy Here Gottfried notes the influence of various rationalists including the Bavarian Illuminati of Adam Weishaupt and the Rosicrucians who plotted against throne and altar Weishaupt a professor of canon law created the Illuminati modeling his society after the Jesuits in 1776 actively conspiring to murder the king and adhering to rationalist beliefs Weishaupt along with Adolf von Knigge a fellow Illuminatus actively opposed other mystical doctrines such as those of the Swedenborgians and the Rosicrucians The Rosicrucians were another initiatory society whose presence was revealed in the various manifestos which appeared at the time Believed to have been founded by Christian Rosenkreuz the Rosicrucians were an invisible society of elite scientists and philosophers who would create a utopia The chief Rosicrucian manifesto to appear is believed to have been authored by the Lutheran minister Johann Valentin Andreae who actively opposed the papacy and Catholic reaction Other individuals actively influenced by Rosicrucian mysticism along with the writings of Paracelsus include Karl von Eckarthaussen and Gotthilf Heinrich von Schubert whose book The Symbolism of Dreams was to play an important role in the romantic movement Indeed many romantics were especially influenced by Rosicrucianism as well as Martinism the mysticism of Saint Martin and the Jewish Cabbala though they often denied this influence The thought of Schelling who although a Protestant was much admired by Catholics also played a prominent part in the development of the romantic movement Throughout this discussion Gottfried demonstrates the various conflicts which arose particularly between Catholics and Protestants as well as conflicts involving the Jews Another important component of the romantic movement was that of the Awakening a movement started by many Catholic parish priests who sought to imitate Protestant pietism within Catholicism but were also repulsed by Enlightenment rationalism Individuals involved in this movement included Johann Michael Sailer and Johann Ringseis Catholic priests who sought an Awakening In the era of Ludwig I Catholicism witnessed a revival and romantics led the way in propagating the faith In such journals as the *Athenaeum* romantics actively sought the origins of human existence often dabbling in non Western religions including the Vedas as well as ancient Greek myth arguing that the ancient Greeks were precursors of Christianity Romantics also expounded an eschatology in which a coming conflict with modernism would bring about the reign of Antichrist Romantics actively made war with both liberalism and modernism advocating a corporatist medieval state as an alternative to class conflict For thinkers such as Muller and von Baader the role of the worker played an important part in their economic theories Indeed Gottfried notes the influence that romanticism may have played on the thought of early socialists including Karl Marx This book is an important source of information providing much material on an otherwise neglected historical topic The conservative romantics although

frequently maligned because of baseless associations with the Third Reich presented an important alternative to the decadence of modernity. Their thinking will continue to live on in those who believe that traditional society is superior to the alternative of decadent modern civilization. Marxism and Modernism Eugene Lunn, 2023-04-28.
