Conjuring Hitler Guido Giacomo Preparata, 2005-04-27 A concise history of how the US has used nuclear weapons to dominate the world

Conjuring Hitler Guido Giacomo Preparata, 2005-05-20 Nazism is usually depicted as the outcome of political blunders and unique economic factors we are told that it could not be prevented and that it will never be repeated In this explosive book Guido Giacomo Preparata shows that the truth is very different using meticulous economic analysis he demonstrates that Hitler's extraordinary rise to power was in fact facilitated and eventually financed by the British and American political classes during the decade following World War I Through a close analysis of events in the Third Reich Preparata unveils a startling history of Anglo American geopolitical interests in the early twentieth century Showing that Nazism was not regarded as an aberration for the British and American establishment of the time it was regarded as a convenient way of destabilising Europe and driving Germany into conflict with Stalinist Russia thus preventing the formation of any rival continental power block In laying bare the economic forces at play in the Third Reich Guido Giacomo Preparata identifies the key players in the British and American establishment who aided Hitler's meteoric rise

Our Country, Then and Now Richard C. Cook, 2024-01-01 Our Country Then and Now takes us on a 400 year journey through America's history providing unique snapshots from African enslavement native dispossession financial scandals and wars of expansion and aggression interspersed with tales from author Richard C Cook's ancestry from Puritan forebears to fighters in the American Revolutionary War and the Civil War to Midwest Pioneer farmers and their relations with native nations As a former NASA whistleblower then US Treasury analyst Cook dwells in particular on how the financial oligarchy aggrandized itself via a fractional reserve banking system that ultimately corrupted America's originally proclaimed democratic and egalitarian values He addresses how the British European and US bankers hijacked the

American monetary system by placing it under control of the Money Trust through the creation of the Federal Reserve System in 1913 how this then financed the British takedown of rival Germany triggered the Great Depression by shipping US gold to Britain and Europe and led to the Bretton Woods agreements the creation of the International Monetary Fund and the Marshall Plan which combined to place the world's economy under the control of the US dollar After World War II the US financial oligarchs created the national security state headed by the CIA to rule the world through assassinations financial thievery and overthrow of governments They elevated the Soviet Union into a bogeyman to justify the vast quantity of Federal Reserve money printing required to subsidize an out of control war budget and hundreds of US military bases around the world These measures led to worldwide dollar supremacy under control of the Rockefeller dynasty with the US National Security State aka today's Deep State and the CIA set up to enforce the bankers financial hegemony that has lasted until now Finally Cook addresses his efforts along with Stephen Zarlenga of the American Monetary Institute and Congressman Dennis Kucinich that resulted in the NEED Act of 2011 intended to end the Federal Reserve and restore democratic control over the nation's financial system explaining how such reforms could save the US from today's terminal hollowed out economy

Grey Wolf Simon Dunstan, Gerrard Williams, 2011-10-04 DID HITLER CODE NAME GREY WOLF REALLY DIE IN 1945 GRIPPING NEW EVIDENCE SHOWS WHAT COULD HAVE HAPPENED When Truman asked Stalin in 1945 whether Hitler was dead Stalin replied bluntly No As late as 1952 Eisenhower declared We have been unable to unearth one bit of tangible evidence of Hitlers death What really happened Simon Dunstan and Gerrard Williams have compiled extensive evidence some recently declassified that Hitler actually fled Berlin and took refuge in a remote Nazi enclave in Argentina The recent discovery that the famous Hitlers skull in Moscow is female as well as newly uncovered documents provide powerful proof for their case Dunstan and Williams cite people places and dates in over 500 detailed notes that identify the plans escape route vehicles aircraft U boats and hideouts Among the details the CIA's possible involvement and Hitlers life in Patagonia including his two daughters **The Ruling Elite** Deanna Spingola, 2012 The US government complicit with the well connected corporations since the so called Civil War continues to wage war and destruction Lincoln's revolutionary war supported by Marx and Engels caused at least 618 222 and perhaps as many as 700 000 deaths including about 50 000 Confederate civilians Soldiers who were fighting dying and killing during that war were in training for future wars If Americans could kill fellow citizens then they would use force against foreign citizens in behalf of the government That war foreshadowed the devastating global warfare that followed with the Spanish American War two World Wars Korea Vietnam the First Gulf War and the current wars in the Middle East They do not include the bombings in the Baltic and elsewhere or the CIA's covert warfare wherein millions of people died In the First World War soldiers killed 9 911 000 people in action and wounded 21 219 500 people while 7 750 000 people were missing in action for a total of 38 880 500 In the Second World War there were over 24 000 000 military deaths and 49 000 000 civilian deaths totaling 73 000 000 deaths not including the number of

wounded or missing That is 82 911 000 deaths in two world wars The real question is WHY **England's Response to Hitler in the 1930s** David M. Valladares,2023-05-05 This text explores the inner workings of the Cliveden Set Analysing the political tactics used by the group this book carefully unpicks the strategic moves played by aristocrats within 1930 s Britain Considered to be a scapegoat for Britain s Appeasement Policy by many historians the Cliveden Set utilized their influence to encourage a British foreign policy that supported Hitler s rearmament and the annexation of Austria and Czechoslovakia This book would be beneficial to all academics with a keen interest in politics history and social structures Researchers and historians will also enjoy the deep analysis of the dynamic created by this group **From Nuremberg to Nineveh** Mark Turley,2008-09-01 The early 21st century is a time of uncertainty The American led global order which rose from the ashes of World War Two is beginning to crumble With Russia China and the European Union all threatening American domination upheaval in some form is certain Conflict is inevitable In From Nuremberg to Nineveh Mark Turley goes back to the launch pad of the American era the Nuremberg Trial in which the great evil of Nazism was defeated the ideals of Liberal democracy were championed and political correctness was born Stripping away the layers of propaganda this thorough analysis provides a fresh interpretation of what the trial really meant and the purposes it served Utilising standard sources as well as those purposely ignored by mainstream history conclusions are reached that are both controversial and significant The result is not only a rethink of the Nazi epoch but an up to date expose of the motivations behind current world affairs **Two World Wars and Hitler: Who was Responsible?** Jim Macgregor,John O'Dowd,2025-03-19 A radical re interpretation of events between 1914 and 1945 this book is a scholarly revision of the history of Nazi Germany that is sure to open the eyes of many thus far reluctant to face the truth Deeply researched well sourced evidence relates the true origins of the world wars Corporal Hitler s meteoric rise to supreme power thanks to Britain and the United States of America and how in 1939 the world was once again and very deliberately taken into the abyss The book does not like so many histories about Hitler and the world wars tinker around the edges of modern history It is a unique re writing of the history at a level that is clearly understandable not merely to the academic with a wide level of expertise but to ordinary readers with no more than a general interest in the subject matter Told here for the first time the astonishing truth about British and American secret agents encouraging facilitating and funding Hitler s rise to power is sure to attract a substantial readership Two World Wars and Hitler Who Was Responsible by Jim Macgregor and John O Dowd takes readers on a deep dive into the murky waters of global politics exposing the intricate web of money foreign agents and geopolitical schemes that shaped the events of the 20th century This book challenges the accepted narratives surrounding the causes of the two world wars and Adolf Hitler s rise to power peeling back layers of propaganda to uncover hidden truths The authors bring their medical and academic backgrounds to bear on a meticulously researched investigation connecting dots that span continents and decades From the clandestine dealings of financial elites to the machinations of intelligence operatives the authors argue that the outcomes of

these conflicts were anything but inevitable They propose that powerful individuals and institutions actively manipulated the course of history prioritizing profit and dominance over the welfare of nations and huma

Black Terror White Soldiers David Livingstone,2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man s Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would

fundamentally shape much of twentieth century history *America's Plans for World Hegemony* Calistrat M. Atudorei, The book acidly tells us a story of the rise and decline of one of the greatest empires ever and surely the most prominent empire as the existing one in our life time The most prominent and as the statistical abstracts and documents of the US Congress reveal the most addicted of all empires to an old and continuous military interventionism in every corner of the world At the beginning of his book the author lists and examines closely the new and century old principles and doctrines incorporated into American foreign policy as a combination between diplomacy and war and almost always the latter being the winner i e American exceptionality Monroe Doctrine Teddy Roosevelt s Speak Soft and Carry a Big Stick diplomacy Show the Flag strategic idiom Gunboat Diplomacy Truman and Reagan doctrines the Domino Theory the neoconservative Project for a New American Century Bush Jr Doctrine of preventive wars etc Then quoting highly qualified American sources the author shocks the reader as he concludes that the US is no longer a truly democratic state but one led by oligarchy an Elite that no longer represent the will of the population He also emphasizes with logical arguments the existence of the US Military industrial complex the Deep State the Financial Cartel etc He unveils an America in the twilight zone of secretive planning and leadership strictly controlled global institutions wars and neocolonialism in the Middle East Latin America and East Europe and of 75 years of Soviet Union Russia incisive and limitless budgeted strategies of confrontation Basically in his book Mr Atudorei exposes a perpetual chain of historical misdeeds having America as its originator America addicted to militarism an American militarism addicted to aggression war and imperial supremacy 240 years long and continuous American wars addicted to millions of victims finally millions of victims forgotten by a political propaganda machine addicted to falsehood deception and lies and calling invasions coup d tats and aerial bombings as humanitarian interventions bringing peace freedom and democracy Radu Toma When referring to the world hegemony of the US the author points out that in fact the first victim of such a policy is the American people itself who became captive of more or less hidden centers of power called in various ways global oligarchy the military industrial complex the financial banking elite etc centers that usurped the real power in the state and transformed the democratic political system into a simulacrum for the use of masses subject to sophisticated social engineering Calistrat M Atudorei shows that the US as an empire with pretention of absolute global supremacy tends to impose its dominance both through non military wars cultural ideological media economic as well as through direct military invasions aiming to punish regimes and nations that do not want to be subjected to them Working with consistent arguments the author emphasizes that the plans of subjugation of the whole world are neither recent nor do they relate to the preferences of people who become US presidents On closer examination the so called hosts of the White House appear to us like ordinary puppets in the hands of forces behind the curtain See in this regard for example the current US President Donald Trump case who abandoned his electoral rhetoric being shaped by the Deep State on the line of serving the interests of this all powerful nebula to the detriment of the American people and peace in the world Iurie Ro ca

Leaders of the Pack Sean MacLeod, 2015-09-03 In *Leaders of the Pack* Sean MacLeod surveys the hundreds of girl groups that appeared not only in the United States but also in Great Britain during the early 1960s. This study corrects the neglect of their critical contribution to popular music history by exploring the social and political climate from which the girl groups emerged and their effect in turn on local and national music and culture. MacLeod organizes his argument around seven leading girl groups: The Shirelles, The Crystals, The Ronettes, The Marvelettes, The Vandellas, the Supremes, and The Shangri Las. These seven sister groups serve as the basis for a broader look at the many girl groups of the period, offering a roadmap through the work of the many stakeholders: the singers, songwriters, producers, and record labels that the girl group phenomenon made possible. MacLeod also reviews the significant influence girl groups had on the many male bands of the 1960s, as well as their influence on the post-60s movements from punk to new wave, ultimately serving as the template for the girl groups and all girl bands that emerged in the 1980s. Finally, *Leaders of the Pack* brings us to the present as MacLeod compares the original girl groups with female performers of today, drawing lines of connection and contrast between them. *Leaders of the Pack* is essential reading for students, scholars, and fans of 1960s music and culture. It will further interest anyone interested in women's studies, modern American and British culture, and music history with important forays into such topics as the Civil Rights Movement, second and third wave feminism, and post-war life.

The Dual State Eric Wilson, 2016-03-23 This volume presents a practical demonstration of the relevance of Carl Schmitt's thought to parapolitical studies, arguing that his constitutional theory is the one best suited to investigating the deep state with intellectual and doctrinal coherence. Critiquing Schmitt's work from a variety of intellectual perspectives, the chapters discuss current parapolitical reality within the domain of criminology, the parapolitical nature of both the dual state and the national security state, corporate complex. Using the USA as a prime example of the world's current dual or deep political state, the criminogenic dimensions of the parapolitical systems of post-9/11 America are discussed. Using case studies, the dual state is examined as the causal factor of inexplicable parapolitical events within both the developed and developing world, including Sweden, Canada, Italy, Turkey, and Africa.

The Apprentice's Sorcerer Ishay Landa, 2009-11-23 20th century European Fascism is conventionally described by both historians and political scientists as a fierce assault on liberal politics, culture, and economics. Departing from such typical analysis, this book highlights the long overlooked critical affinities between liberal tradition and fascism. Far from being the antithesis of liberalism, fascism both in its ideology and its practice was substantially if dialectically indebted to liberalism, particularly to its economic variant. Fascism ought to be seen centrally as an effort to unknot the long and tangled of the liberal order as it finally collided
