Connecting With The Arcturians:

Connecting with the Arcturians David Miller, 2012-07-01 Only on rare occasions does a book come along that contains the potential to change the consciousness of our entire planetary culture. Many have talked about the ascension process but very few really understand what it means. Who is really out there? Where are we going? What are our choices? What has to be done to prepare for this event? Is everyone ascending to the same place? What happened to the fourth dimension? How can we understand the fifth dimension? What are fifth dimensional beings like? This book explains all of these questions in a way that we can easily understand. It explains what our relationships are to known extraterrestrial groups and what they are doing to help the Earth and her people in this crucial galactic moment in time. It helps us to understand how we can raise our vibration now and begin the process of integrating higher dimensional energies into our third dimensional world. The Arcturians have given us a crucial focus for the acceleration of world consciousness. They have presented the concept of group ascension through the creation of groups of forty and their concept of the Sacred Triangle reveals a powerful method for the integration and unification of spiritual and religious thought on the planet Earth. As you read this book you will feel the presence of fifth dimensional energy within your being allowing you to be able to truly experience a view of fifth dimensional awareness. This will profoundly affect your ability to expand your own perception of reality and help you to actively participate in the personal and planetary ascension that has already begun. **Connecting with the Arcturians 3**

David K. Miller, 2018-12-20 The themes of this book focus on the evolution of humanity, the next stage of our planetary development, the planetary crisis in general and how we as spiritual lightworkers and starseeds can prepare for our future and for the ascension. We look at the relationships between such complex subjects as quantum physics and spirituality and New Age physics to learn how that relates to the higher dimensions and healing techniques that use new terminology such as quantum healing and omega light. The Arcturians gladly integrate physics with spirituality. Ascension is the transmutation of the physical body into the fifth dimension, completing Earth's incarnational cycles. They report that the ascension is open to all seekers of higher spiritual truth, especially those who are open to cosmic spirituality. There is also an extensive glossary to help the reader. Overall, their messages are hopeful, helpful, and healing. The healings provided through their thinking are relevant personally and planetarily. **Connecting with the Arcturians 4**

David K. Miller, During this time of planetary crisis the Arcturians explore how we starseeds can cope with these dramatic changes such as updating our immune systems and dealing with electromagnetic energies and energy fields. They offer recommendations and ideas for helping us cope with these overwhelming planetary changes. This book explores the important subject of ascension and the work leading to ascension. The Arcturians present a model based on their observations that precipitating events of ascension occur when the third dimension and fifth dimension intersect. At the time of that intersection a powerful spiritual energy will download into Earth's energy field that can uplift those who are at the highest vibrations and prepared for ascension. Another concept

introduced in this volume is the idea of holographic healing In holography a piece of an object can represent the whole In this Arcturian theory a person on Earth is only a part of their whole self Other parts can include the past self which is the self in other lifetimes and the future self which is the self that will live and evolve in future times There is also a multidimensional self that exists on this and other dimensions

Connecting with the Arcturians 5 David K. Miller, Is Earth s crisis part of a cosmic drama The Arcturians address this question and provide a new galactic perspective Other planets they have visited have also gone through the type of crisis we are now experiencing Further the same kinds of polarizations and conflicts have occurred in the developmental cycles of other planets throughout the galaxy Human evolutionary change includes understanding that we are biomagnetic beings of light who possess subtle energetic bodies that interact with galactic forces Along with other tools found in this fifth volume the Arcturians offer a subtle body exercise called shimmering that helps us raise our spiritual vibration It can even be used to protect us and our auras from the coronavirus The evolutionary changes necessary for solving this crisis must be addressed both personally and planetarily This book offers a wide range of techniques interventions and explanations to help make sense of the current planetary crisis It addresses the issue of how the reader as a starseed can contribute to solving planetary imbalance
