## **Constructing Social Psychology Creative And Critical Aspects:**

**Constructing Social Psychology** William James McGuire, 1999-03-28 This collection of papers by William J McGuire reports research on the phenomenal self revealing how we selectively perceive ourselves and other complex stimuli in terms of distinctive or atypical features often noticing what is missing rather than what is there The content structure and processing of thought systems surrounding the self and other complex stimuli are shown to function by balancing logical consistency realistic coping and hedonic gratification Attitude change and social influence processes are described with particular attention given to the personality correlates of persuasability how beliefs can be immunized against persuasion how persuasive communications affect beliefs and how people can be persuaded by Socratic questioning that does not give them new information but rather directs their attention to information they already have Also reported are findings on language and thought psychology and history and techniques of creative thinking in psychology and other fields Getting Grounded in Social Psychology Todd D. Nelson, 2017-07-06 This volume provides a fast and efficient way for undergraduate and graduate students to gain a solid understanding of the social psychology literature Each chapter reviews a major subsection of research in the field written by a leading social psychology researcher in that area Coverage includes all the major empirical theoretical and methodological developments in its subfield of social psychology Beginning social psychologists as well as those who may have emerged from their formal training with a less than solid grounding in the research literature will find this volume invaluable It is the book all social psychologists wished they had access to when they were getting grounded in the research literature *Research Perspectives on Social Media Influencers and their Followers* Brandi Watkins, 2021-03-15 *Research Perspectives on Social Media Influencers and their Followers* argues that the brands that find the most success on social media are the ones that acknowledge the real key to social media marketing it s all about the followers This collection edited by Brandi Watkins explores how social media has shifted power dynamics away from brands and toward the consumers themselves the social media users who choose to like share and engage with brands online This dynamic has paved the way for the rise of the social media influencer SMI a unique category of social media user who has a large platform and compelling content that attracts a number of loyal and devoted followers It s the followers that make SMI relevant and appealing to brands as a marketing strategy Contributors discuss emerging trends in research related to the SMI and their followers as the influencer marketing industry continues to grow and evolve they argue so too should our understanding of the influencer follower relationship that makes this marketing strategy successful Each chapter of this collection presents a variety of research perspectives questions and methodologies that can be used to analyze this trend Scholars of media studies communication technology studies celebrity studies marketing and economics will find this book particularly useful **Bad Religion** Michael L. Klassen, 2007 *Bad Religion* suggests that there are two classifications of religious people in the world those that better the world through their faith and those that cause harm and suffering

through their religious misinterpretations Bad Religion focuses on the latter group of individuals who practice bad religion by engaging in religious misconduct

**Race and Culturally Responsive Inquiry in Education** Stafford L. Hood, Henry T. Frierson, Rodney K. Hopson, Keena N. Arbuthnot, 2022-08-16 Race and Culturally Responsive Inquiry in Education examines how assumptions about race and culture have shaped US education research and the interpretation and implementation of its results This ambitious volume sheds light on the detrimental effects of educational praxis and policies that have characterized communities of color and historically underserved communities as deficient It reveals how such bias has affected many facets of educational inquiry from research design and planning to education policy making and evaluation practices The provocative essays in this work challenge traditional suppositions about whose evidence matters highlighting approaches for reframing educational inquiry and arguing for the adoption of a culturally responsive stance that can correct inequities by accounting for students diverse backgrounds and needs Edited by Stafford L Hood Henry T Frierson Rodney K Hopson and Keena N Arbuthnot and featuring contributions from leading and emerging scholars the collection is organized around three key areas education research educational assessment and program evaluation The contributors identify provocative problems that exist at the intersection of race and education in these areas and they illuminate the many ways in which education reform can address intersectionality Calling for effective action they suggest compelling solutions for consideration by policy makers and practitioners as well as researchers Together the essays in this volume make the case that culturally responsive methods that deepen our understanding of educational disparities appropriately measure what students know and can do and ensure that we have accurate information about the effectiveness of educational interventions can improve educational outcomes for diverse learners

**A Theory of System Justification** John T. Jost, 2020-07-14 Psychologist John Jost has spent decades researching poor people who vote for policies of inequality and women who think men deserve higher salaries He argues that the persecuted often justify and defend the very social systems that oppress them because doing so serves a fundamental need for certainty security and social acceptance
