You are in it and the garden is your mind but you need like every gardener you need pruning shears For you have slept as you are told in that second chapter Having slept weeds have appeared in the garden and the weeds are revealing themselves by the conditions and the circumstances of life For your garden is always projecting itself on the screen of space and you can see by looking carefully at your world what you allow to grow in the garden of God The Pruning Shears of Revision The world only bears witness of the use or misuse of imagination The Pruning Shears of Revision The world is a magic circle of infinite possible mental transformations For there are an infinite number of possible mental conversations When man discovers the creative power of inner talking he will realize his function and his mission in life Then he can act to a purpose Without such knowledge he acts unconsciously Everything is a manifestation of the mental conversations which go on in us without our being aware of them But as civilized beings we must become aware of them and act with a purpose A man s mental conversations attracts his life As long as there is no change in his inner talking the personal history of the man remains the same To attempt to change the world before we change our inner talking is to struggle against the very nature of things Man can go round and round in the same circle of disappointments and misfortunes not seeing them as caused by his own negative inner talking but as caused by others Mental Diets Enjoy your reading Fabulous You!
