valuable resource for photography enthusiasts and art historians alike **Stalin's Final Films** Claire Knight, 2024-07-15

Stalin's Final Films explores a neglected period in the history of Soviet cinema breathing new life into a body of films long considered moribund as the pinnacle of Stalinism While film censorship reached its apogee in this period and fewer films were made film attendance also peaked as Soviet audiences voted with their seats and distinguished a clearly popular postwar cinema Claire Knight examines the tensions between official ideology and audience engagement and between education and entertainment inherent in these popular films as well as the financial considerations that shaped and constrained them She explores how the Soviet regime used films to address the major challenges faced by the USSR after the Great Patriotic War World War II showing how war dramas spy thrillers Stalin epics and rural comedies alike were mobilized to consolidate an official narrative of the war reestablish Stalinist orthodoxy and dramatize the rebuilding of socialist society Yet Knight also highlights how these same films were used by filmmakers more experimentally exploring a diverse range of responses to the ideological crisis that lay at the heart of Soviet postwar culture as a victorious people were denied the fruits of their sacrificial labor After the war new heroes were demanded by both the regime and Soviet audiences and filmmakers sought to provide them with at times surprising results Stalin's Final Films mines Soviet cinema as an invaluable resource for understanding the unique character of postwar Stalinism and the cinema of the most repressive era in Soviet history

Wilson Company,1948 **Fresh Hell: Motherhood in Pieces** Carellin Brooks,2013-10-01 This book isn't about perfect moments with your infant It doesn't dispense sensible advice or proscribe schedules to manage the lawless days and nights of early maternity Instead this literary think piece an Eat Pray Love for the smarter mommy crowd seesaws from disaster to delight horror to grim resignation much like motherhood itself An antigen to the anodyne mother knows least tone of such cordially hated tomes as What to Expect in the First Year Fresh Hell answers Dorothy Parker's question What fresh hell is this in exhaustive detail Fifty two spare meditations one for each week of baby's first year cover subjects from baby poop to more baby poop breastfeeding and its relation to same broken nights and endless days and all the other low points of having a baby Thankfully the book's raw prose reminds frantic and time strapped new moms that their brains are only temporarily on vacation And its moments of poetry assure them that the madness they experience is intermittently divine **American Photography** Frank Roy Fraprie,1918 **Revelation** John Walvoord,Philip E. Rawley,2011-04-01 The book of Revelation has long fascinated and even confused readers and students of the Bible Yet the Bible is written to be understood and Revelation is no exception Who better to help you understand the seals trumpets vials woes and plagues than John F Walvoord one of evangelicalism's most prominent leaders and Mark Hitchcock today's leading Bible prophecy expert In this first in a renewed series of commentaries from Dr Walvoord he points out that much of the book's symbolism can be interpreted literally At key points different views and approaches to interpretation are explored Walvoord devotes special attention to textual and doctrinal issues while avoiding technical language Refined updated with the English Standard Version ESV and streamlined this classic text is set to help you interpret the last book of the Bible and gain a better grasp of current trends and the climax of history **Soviet and Nazi Posters** Kees Boterbloem,Lisa Pine,2025-01-23 This book examines the key content and propaganda value of posters in the dictatorships of Stalin's USSR 1927-53 and Hitler's Germany 1933-43 using posters as a point of entry for discussing key Soviet and Nazi policies In so doing Soviet and Nazi Posters provides a compelling account of the posters utilised by both regimes for the first time Kees Boterbloem and Lisa Pine employ a comparative approach throughout analysing commonalities and differences and inspecting the regimes use of posters as propaganda Richly illustrated with 50 images 25 of which are in colour Soviet and Nazi Posters encourages the development of vital source skills in the pursuit of understanding the complexities of 20th century European dictatorships What do these posters yield to the historian What do they tell us about the regimes and their intentions Ultimately they offer a compelling visual point of entry into Nazism and Stalinism here explored in rewarding detail Boterbloem and Pine convincingly make the case that the use of posters as a medium of propaganda by Stalin and Hitler was advanced at the time

and far reaching The poster campaigns were very powerful in terms of the impact on their populations and point to how the regimes could influence people outside their homes and in public places to support the regimes and their policies The book looks at specific posters to discuss key regime policies associated with them and this offers us new insights into the nature of these authoritarian governments and the way in which they addressed their populations *The One Romanian* Geoff Newman,2016-07-26 Another tightly written thriller to supplement the highly successful Jack Mawgan Trilogy This time Jack takes on a dark and callous foe whose evil methods include medieval torture delivered under a cloak of religious fanaticism A knock on the door of his London apartment a beautiful woman needs his help Jack sets out on another crime fighting adventure that nearly costs him his life Once again Jack finds he is unable to resist the challenge to his detective skills He is faced with the apparently motiveless murder of four Romanian men who are found floating in the Thames What could possibly link the murders in London to Rome Bucharest and the Falklands The answer involves shocking revelations of a British plan to launch a nuclear attack in South America and uncovers corruption in the Catholic Church on a global scale Jack has his work cut out About to Die Barbie Zelizer,2010-12-01 Due to its ability to freeze a moment in time the photo is a uniquely powerful device for ordering and understanding the world But when an image depicts complex ambiguous or controversial events terrorist attacks wars political assassinations its ability to influence perception can prove deeply unsettling Are we really seeing the world as it is or is the image a fabrication or projection How do a photo s content and form shape a viewer s impressions What do such images contribute to historical memory About to Die focuses on one emotionally charged category of news photograph depictions of individuals who are facing imminent death as a prism for addressing such vital questions Tracking events as wide ranging as the 1906 San Francisco Earthquake the Holocaust the Vietnam War and 9 11 Barbie Zelizer demonstrates that modes of journalistic depiction and the power of the image are immense cultural forces that are still far from understood Through a survey of a century of photojournalism including close analysis of over sixty photos About to Die provides a framework and vocabulary for understanding the news imagery that so profoundly shapes our view of the world Word Pictures in the New Testament A.
