Catalog of Captioned Films for the Deaf, 1982 Putin Kitsch in America Alison Rowley, 2019-09-19 Vladimir Putin's image functions as a political talisman far outside of the borders of his own country Studying material objects fan fiction and digital media Putin Kitsch in America traces the satirical uses of Putin's public persona and how he stands as a foil for other world leaders Uncovering a wide variety of material culture satirical scatological even risqué made possible by new print on demand technologies Alison Rowley argues that the internet is crucial to the creation of contemporary Putin memorabilia She explains that these items are evidence of young people's continued interest and

participation in politics even as some experts decry what they see as the opposite The book addresses the ways in which explicit sexual references about government officials are used as everyday political commentary in the United States The number of such references skyrocketed during the 2016 US presidential election campaign and turning a critical eye to Putin kitsch suggests that the phenomenon will continue when Americans next return to the polls An examination of how the Russian president's image circulates via memes parodies apps and games Putin Kitsch in America illustrates how technological change has shaped both the kinds of kitsch being produced and the nature of political engagement today
