WORK CAPACITY PROGRAM

This is a 7-week program designed to develop a high level of general work capacity that can then be applied to a more specific fitness goal.

TRAINING PROGRAM DESCRIPTION

This program is a progressive and intense 5-day per week training regimen. Ideally, you will train Monday through Friday, and take Saturday and Sunday as full rest days. If for some reason you cannot keep this schedule, do not skip any sessions, do them exactly in order as they are designed.

The program is split into two 3-week cycles, separated by an "unload" week. So, after the first 3 weeks, there is an "unload" week, which involves decreased volume and intensity to allow for recovery before the final 3 week cycle begins.

This program can be completed with basic free weight equipment in a commercial gym, but we recommend using rubber bumper plates whenever possible.

If you are following a Monday through Friday schedule, here is what your week will look like:

- Monday - Work Capacity
- Tuesday - Strength & Durability
- Wednesday - Work Capacity
- Thursday - Stamina (Long, Slow, Distance)
- Friday - Work Capacity
