

Evolution Study Guide

1. Name three men whose ideas contributed to Darwin's theory (other than Darwin), and tell what they had to say.

Lamarck - species change over time

Mathus - the number of people in the human population increases faster than the food supply

Wallace - proposed a lot like Darwin's theory of natural selection

2. What specifically, did Darwin observe on the Galapagos islands that led him to develop the theory of natural selection?

Different species of birds were very similar to each other and to mainland birds, but they were each adapted to use a different food source and live in differing environmental conditions.

3. State the four points of Darwin's Theory.

- Variations exist in a population
- The best adapted to an environment survive.
- They reproduce and pass on their genes.
- The fossil record supports this idea.

4. Define:

- natural selection - the environment "decides" which individuals in a population are best adapted to it because they will survival & successfully reproduce
- adaptation - any change in physical appearance or behavior that helps the members of a population to survive
- speciation - formation of a new species from an existing one
- reproductive isolation - when members of two different species cannot or will not breed together.
- paleontologist - one who studies fossils

5. Contrast gradualism with punctuated equilibrium.

Gradualism - a slow change in a population over time

Punctuated equilibrium - a long period of no changes in a population followed by a period of rapid change, producing new species (usually due to a severe change in the environment)

6. In what way did Darwin's finches vary from each other? What did Darwin think was the cause of the variations? The birds vary in color and patterns in their feathers and in the type and size of their beaks. Darwin thought this was due to where they lived, but especially to what they ate.

7. What is a nonrandom mating type selection?

Inbreeding - choosing a mate from the local population, happens when a population is isolated

Outbreeding - deliberately choosing a mate from a nonlocal population

Choosing a mate for some "desirable" characteristic in the possible mate instead of randomly.

[Study Guide for Decoding The Grapes of Wrath](#) Steven Smith, 2023-11-05 Decoding The Grapes of Wrath examines Steinbeck's multifaceted tapestry reflecting the trials, tribulations, and resilience of the Joad family amidst the backdrop of the Dust Bowl and the Great Depression. This guide navigates through the novel's rich thematic landscape, uncovering layers of social injustice, unity, economic disparity, and the elusive American Dream. It reveals how these themes are not just historical footnotes but resonate with enduring relevance, illustrating the profound struggles and hopes that define the human condition. The Joad family's character dynamics and interactions with the broader world offer poignant insights into Steinbeck's narrative mastery. The relationships explored within these pages testify to the strength of familial bonds and solidarity. Steinbeck's symbolic universe enriches the narrative with deeper meanings and reflections. This guide carefully dissects these symbols, illuminating their significance in enhancing the novel's emotional depth and thematic breadth. At the heart of this guide is a discussion of Steinbeck's moral lessons, emphasizing the novel's profound commentary on empathy, communal responsibility, and the imperative of confronting societal injustices. Steinbeck's literary style, characterized by its blend of stark realism and evocative descriptions, and authentic dialogue receives special attention for its role in bringing the narrative's emotional and thematic complexities to life. Finally, the novel's climax and resolution are dissected to understand the pivotal moments that define the characters' arcs and the thematic culmination of the story. This study guide therefore serves as an essential companion for readers navigating The Grapes of Wrath, offering a comprehensive analysis that enriches the engagement with Steinbeck's masterpiece.
