Evil After Postmodernism Histories Narratives And Ethics:

Evil After Postmodernism Jennifer L. Geddes, 2001 This volume brings together six essays by a group of distinguished scholars in a stimulating and lucid investigation into the meaning of evil in the light of postmodern thought and the enormous cultural and social changes of the modern age

Supplanting the Postmodern David Rudrum, Nicholas Stavris, 2015-09-24 An anthology of key writings on the so called demise of postmodernism and the debates around what might replace it

The Passing of Postmodernism Josh Toth, 2010-03-24 The Passing of Postmodernism addresses the increasingly prevalent assumption that a period marked by poststructuralism and metafiction has passed and that literature and film are once again engaging sincerely with issues of ethics and politics In discussions of various twentieth and twenty first century writers directors and theorists from Michel Foucault and Slavoj Žižek to Thomas Pynchon and David Lynch Josh Toth demonstrates that a certain utopian spirit persisted within and actually defined the postmodern project Just as modernism was animated by an idealistic belief that it could finally realize the utopia beckoning on the horizon postmodernism was compelled by an equally utopian belief that it could finally reject the possibility of all such illusory ideals Toth argues that this specter of an impossible future is and must remain both possible and impossible a ghostly promise of what is always still to come Josh Toth teaches literature and critical theory at Grant MacEwan College and is coeditor with Neil Brooks of *The Mourning After Attending the Wake of Postmodernism*

The Double Binds of Ethics after the Holocaust J. Geddes, J. Roth, 2009-04-26 The Double Binds of Ethics after the Holocaust advances the idea that the Holocaust undermined confidence in basic beliefs about human rights and shows steps of salvage and retrieval that need to be taken if ethics is to be a significant presence in a world still besieged by genocide and atrocity

Fragments of Tragedy in Postmodern Film Sezen Kayhan, 2014-10-16 Despite the theories about the death of tragedy this book explores fragments and reflections of tragedy in postmodern film Tragedy has changed and evolved with human society and its continuous chain from Ancient Greece to modern times has been broken by postmodernism However certain aspects of tragedy have continued to be used by literature and film in particular films with themes of chaos violence popular culture paranoia virtual reality and alienation often use aspects of tragedy The focus of this study is on these facets adopted by postmodern film

Der Wahre Historiker Caitríona Leahy, 2007

The memory of catastrophe Peter Gray, Kendrick Oliver, 2024-07-30 Investigates the dynamic relationship between experiences of profound social and cultural disruption and human memory Critical comparisons are made across a wide variety of catastrophic experiences and memories not just of war but also of massacre genocide rebellion famine partition shipwreck and fire The book is an accessible showcase for a wide range of methodological approaches to the study of memory including literary studies cultural studies participant observation and historical studies and uses a variety of oral visual and written sources Offers a diverse chronological and geographical range of catastrophic cases from seventeenth century England to the recent conflicts in the former Yugoslavia from Ireland to the

Indian sub continent from Mexico to wartime Leningrad Well written and accessible a fascinating read **The Politics of Postmodernism** Linda Hutcheon, 2003-12-16 This classic text remains one of the clearest and most incisive introductions to postmodernism Perhaps more importantly it is a compelling discussion of why postmodernism matters Working through the issue of representation in art forms from fiction to photography Linda Hutcheon sets out postmodernism s highly political challenge to the dominant ideologies of the western world A new epilogue traces the fate of the postmodern over the last ten years and into the future responding to claims that it has once and for all failed Together with the new epilogue this edition contains revised notes on further reading and a fully updated bibliography This revised edition of The Politics of Postmodernism continues its position as essential reading **Vertellingen** Richard Kearney, 2013-10-31 Verhalen bieden ons bijzonder veelzijdige en duurzame inzichten in de menselijke conditie en hebben al sinds Aristoteles de aandacht van de filosofie getrokken Het leidmotief van Vertellingen is dat dit digitale en naar verluidt postmoderne tijdperk niet de ondergang van het verhaal aankondigt maar juist zelf een bron van nieuwe verhalen vormt Richard Kearney filosoof en schrijver ontrafelt in een heldere en meeslepende stijl waarom verhalen deze uitwerking op ons hebben en betoogt dat het onvertelde leven niet waard is om geleefd te worden Vertellingen is onmisbaar voor iedereen die helder wil nadenken over de rol van verhalen in ons leven en onze cultuur **The Mourning After** , 2007-01-01 Have we moved beyond postmodernism Did postmodernism lose its oppositional value when it became a cultural dominant While focusing on questions such as these the articles in this collection consider the possibility that the death of a certain version of postmodernism marks a renewed attempt to re negotiate and perhaps re embrace many of the cultural literary and theoretical assumptions that postmodernism seemingly denied outright Including contributions from some of the leading scholars in the field N Katherine Hayles John D Caputo Paul Maltby Jane Flax among others this collection ultimately comes together to perform a certain work of mourning Through their explorations of this current epistemological shift in narrative and theoretical production these articles work to get over postmodernism while simultaneously celebrating a certain postmodern inheritance an inheritance that can offer us important avenues to understanding and affecting contemporary culture and society **Above All Earthly Powers** David F. Wells, 2006-08 In this prophetic call to the evangelical church Wells stresses that Christians need to confess Christ as the center in a society lacking a center as the sovereign in a world seemingly ruled by chance and as the one who can give meaning in a nihilistic culture The Body and Society Bryan S Turner, 2008-04-18 This truly deserves to be considered a classic and I strongly encourage my students to read it from cover to cover Turner s work on the body needs to be considered in its own right within courses on the sociology of the body Dr Robert Meadows Surrey University Remains the foundational text for courses in the sociology of the body replete with insights and a depth of analysis that has largely inspired an entire new area of studies across the social sciences Dr Michael Drake Hull University This is THE contemporary text for both academics and students exploring the sociology of the body Jessica Clark University Campus

Suffolk This is a fully revised edition of a book that may fairly claim to have re opened the sociology of the body as a legitimate area of enquiry Providing an unparalleled guide to all aspects of the subject each chapter has been revised and updated while the book contains new material that reflects both recent changes in the field and Turner s developing position on the centrality of vulnerability Assured and innovative this book provides the most authoritative statement of work on the sociology of the body by one of the leading writers in the field *Cities Surround The Countryside* Robin Visser,2010-04-12 Explores the cultural significance of the explosive growth of Chinas cities during the past three decades through interpretations of Chinese fiction cinema visual art architecture and urban design Captured by Evil Laura S. Underkuffler,2013-05-21 One of the most powerful words in the English language corruption is also one of the most troubled concepts in law According to Laura Underkuffler it is a concept based on religiously revealed ideas of good and evil But the notion of corruption defies the ordinary categories by which law defines crimes categories that punish acts not character and that eschew punishment on the basis of religion and emotion Drawing on contemporary examples including former assembly woman Diane Gordon and former governor Rod Blagojevich this book explores the implications and dangers of maintaining such an archaic concept at the heart of criminal law *The Oxford Handbook of Theology and Modern European Thought* Nicholas Adams,George Pattison,Graham Ward,2013-02-28 Modern European thought describes a wide range of philosophies cultural programmes and political arguments developed in Europe in the period following the French Revolution Throughout this period many of the wide range of modernisms and anti modernisms had a distinctly religious and even theological character not least when religion was subjected to the harshest criticism Yet for all the breadth and complexity of modern European thought and in particular its relations to theology a distinct body of themes and approaches recurred in each generation Moreover many of the issues that took intellectual shape in Europe are now global rather than narrowly European and for good or ill they form part of Europe s bequest to the world from colonialism and the economic theories behind globalisation through to democracy to terrorism This volume attempts to identify and comment on some of the most important of these The thirty chapters are grouped into six thematic parts moving from questions of identity and the self through discussions of the human condition the age of revolution the world both natural and technological and knowledge methodologies concluding with a section looking explicitly at how major theological themes have developed in modern European thought The chapters engage with major thinkers including Kant Hegel Kierkegaard Heidegger Schleiermacher Nietzsche Dostoevsky Barth Rahner Tillich Bonhoeffer Sartre de Beauvoir Wittgenstein and Derrida amongst many others Taken together these new essays provide a rich and reflective overview of the interchange between theology philosophy and critical thought in Europe over the past two hundred years Colors of the Robe Ananda Abeysekara,2002 Poised to spark debate among scholars of religious studies and other disciplines Colors of the Robe sheds new light on the Sri Lankan Buddhist universe of ethics and politics and more important suggests innovative directions for the global study of religion

identity culture politics and violence In a volume that surpasses other studies in tracking identifying and locating Sri Lankan Buddhism in its sectarian ethnic cultural social and political constructions Ananda Abeysekara lays down a challenge to postcolonial and postmodern theory He argues that although criticisms have undermined the orientalist constructions of culture they cannot help us understand let alone theorize the emergence of contemporary authoritative discourses that define distinctions involving religion and violence identity and difference Supplanting that aim Abeysekara illuminates the shifting configurations that characterize the relations connected with postcolonial religious identity and culture BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *On Stories* Richard Kearney, 2002-09-09 Stories offer us some of the richest and most enduring insights into the human condition and have preoccupied philosophy since Aristotle On Stories presents in clear and compelling style just why narrative has this power over us and argues that the unnarrated life is not worth living Drawing on the work of James Joyce Sigmund Freud's patient Dora and the case of Oscar Schindler Richard Kearney skilfully illuminates how stories not only entertain us but can determine our lives and personal identities He also considers nations as stories including the story of Romulus and Remus in the founding of Rome Throughout On Stories stresses that far from heralding the demise of narrative the digital era merely opens up new stories **"This Mighty Convulsion"** Christopher Sten, Tyler Hoffman, 2019-11-15 This is the first book exclusively devoted to the Civil War writings of Walt Whitman and Herman Melville arguably the most important poets of the war The essays brought together in this volume add significantly to recent critical appreciation of the skill and sophistication of these poets growing recognition of the complexity of their views of the war and heightened appreciation for the anxieties they harbored about its aftermath Both in the ways they come together and seem mutually influenced and in the ways they disagree Whitman and Melville grapple with the casualties complications and anxieties of the war while highlighting its irresolution This collection makes clear that rather than simply and straightforwardly memorializing the events of the war the poetry of Whitman and Melville weighs carefully all sorts of vexing questions and considerations even as it engages a cultural politics that is never pat Contributors Kyle Barton Peter Bellis Adam Bradford Jonathan A Cook Ian Faith Ed Folsom Timothy Marr Cody Marrs Christopher Ohge Vanessa Steinroetter Sarah L Thwaites Brian Yothers **The Oxford Handbook of Apocalyptic Literature** John Joseph Collins, 2014 Apocalypticism arose in ancient Judaism in the last centuries BCE and played a crucial role in the rise of Christianity It is not only of historical interest there has been a growing awareness especially since the 2001 terrorist attacks on the United States of the prevalence of apocalyptic beliefs in the contemporary world To understand these beliefs it is necessary to appreciate their complex roots in the ancient world and the multi faceted character of the phenomenon of apocalypticism The Oxford Handbook of Apocalyptic Literature is a thematic and phenomenological exploration of apocalypticism in the Judaic and Christian traditions Most of the volume is devoted to the apocalyptic literature of antiquity Essays explore the relationship between apocalypticism and prophecy

wisdom and mysticism the social function of apocalypticism and its role as resistance literature apocalyptic rhetoric from both historical and postmodern perspectives and apocalyptic theology focusing on phenomena of determinism and dualism and exploring apocalyptic theology's role in ancient Judaism early Christianity and Gnosticism The final chapters of the volume are devoted to the appropriation of apocalypticism in the modern world reviewing the role of apocalypticism in contemporary Judaism and Christianity and more broadly in popular culture addressing the increasingly studied relation between apocalypticism and violence and discussing the relationship between apocalypticism and trauma which speaks to the underlying causes of the popularity of apocalyptic beliefs This volume will further the understanding of a vital religious phenomenon too often dismissed as alien and irrational by secular western society **Explorations in Australian Literature** Jaydeep Sarangi, Binod Mishra, 2006
