

Evoking Sound Fundamentals Of Choral Conducting And Rehearsing

Lauren Gardner

Evoking Sound Fundamentals Of Choral Conducting And Rehearsing:

Evoking Sound James Mark Jordan,1996 *EVOKING SOUND* JAMES. JORDAN,2000 **Evoking Sound** James Mark Jordan,2009 DVD contains discussion and demonstration of instrumental and choral conducting techniques by the author and Eugene Migliaro Corporon in part animation Choral Conducting and the Construction of Meaning Liz Garnett,2017-07-05

It is a truism in teaching choral conducting that the director should look like s he wishes the choir to sound The conductor s physical demeanour has a direct effect on how the choir sings at a level that is largely unconscious and involuntary It is also a matter of simple observation that different choral traditions exhibit not only different styles of vocal production and delivery but also different gestural vocabularies which are shared not only between conductors within that tradition but also with the singers It is as possible to distinguish a gospel choir from a barbershop chorus or a cathedral choir by visual cues alone as it is simply by listening But how can these forms of physical communication be explained Do they belong to a pre cultural realm of primate social bonding or do they rely on the context and conventions of a particular choral culture Is body language an inherent part of musical performance styles or does it come afterwards in response to music At a practical level to what extent can a practitioner from one tradition mandate an approach as good practice and to what extent can another refuse it on the grounds that we don t do it that way This book explores these questions at both theoretical and practical levels It examines textual and ethnographic sources and draws on theories from critical musicology and nonverbal communication studies to analyse them By comparing a variety of choral traditions it investigates the extent to which the connections between conductor demeanour and choral sound operate at a general level and in what ways they are constructed within a specific idiom Its findings will be of interest both to those engaged in the study of music as a cultural practice and to practitioners involved in a choral conducting context that increasingly demands fluency in a variety of styles

The Cambridge Companion to Choral Music André De Quadros,2012-08-16 Bringing together perspectives on history global activity and professional development this Companion provides a unique overview of choral music **The Oxford Handbook of Singing** Graham Welch,David Howard,John Nix,2019-04-04 Singing has been a characteristic behaviour of humanity across several millennia Chorus America 2009 estimated that 42 6 million adults and children regularly sing in one of 270 000 choruses in the US representing more than 1 5 households Similarly recent European based data suggest that more than 37 million adults take part in group singing The Oxford Handbook of Singing is a landmark text on this topic It is a comprehensive resource for anyone who wishes to know more about the pluralistic nature of singing In part the narrative adopts a lifespan approach pre cradle to senescence to illustrate that singing is a commonplace behaviour which is an essential characteristic of our humanity In the overall design of the Handbook the chapter contents have been clustered into eight main sections embracing fifty three chapters by seventy two authors drawn from across the world with each chapter illustrating and illuminating a particular aspect of singing Offering a multi disciplinary perspective embracing the arts and

humanities physical social and clinical sciences the book will be valuable for a broad audience within those fields

The Routledge Companion to Interdisciplinary Studies in Singing, Volume II: Education Helga R. Gudmundsdottir, Carol Beynon, Karen Ludke, Annabel J. Cohen, 2020-05-19 The Routledge Companion to Interdisciplinary Studies in Singing Volume II Education examines the many methods and motivations for vocal pedagogy promoting singing not just as an art form arising from the musical instrument found within every individual but also as a means of communication with social psychological and didactic functions Presenting research from myriad fields of study beyond music including psychology education sociology computer science linguistics physiology and neuroscience the contributors address singing in three parts Learning to Sing Naturally Formal Teaching of Singing Using Singing to Teach In 2009 the Social Sciences and Humanities Research Council of Canada funded a seven year major collaborative research initiative known as Advancing Interdisciplinary Research in Singing AIRS Together global researchers from a broad range of disciplines addressed three challenging questions How does singing develop in every human being How should singing be taught and used to teach How does singing impact wellbeing Across three volumes The Routledge Companion to Interdisciplinary Studies in Singing consolidates the findings of each of these three questions defining the current state of theory and research in the field Volume II Education focuses on the second question and offers an invaluable resource for anyone who identifies as a singer wishes to become a singer works with singers or is interested in the application of singing for the purposes of education

The Confident Choir Michael Bonshor, 2017-12-06 The Confident Choir is an exploration of conditions affecting the confidence levels in singers of all levels to create an accessible synthesis of the psychological models and offer practical confidence building strategies for conductors teachers community musicians and workshop leaders Michael Bonshor combines his experience as a singing teacher and choral director with a series of in depth interviews that give an intimate depiction of the challenges faced by the contemporary choral singer These insights provide the basis for a range of suggested techniques to bolster confidence and reduce anxiety in the group singing context This book is primarily designed as a guide for leaders of amateur group singing activities and is relevant to choirs of all sizes and genres The content will appeal to singers teachers and choir leaders students and scholars in the fields of choral research community music music psychology and adult education and educators training the musical leaders of the future

[The Choral Rehearsal](#) James Mark Jordan, Eugene Corporon, 2008

Sound Advice Jean Ashworth Bartle, 2003-03-06 Sound Advice is a valuable resource for college students beginning teachers and experienced conductors of children s choirs It covers the vast array of skills needed by today s conductor and will benefit all choir directors who want their choirs to reach a higher level of artistry This book will be useful on many levels for the college student studying the child voice and elementary teaching methods for the teacher beginning to direct choirs in schools synagogues churches and communities for experienced children s choir directors who wish to know more about orchestral repertoire for treble voices conducting an orchestra and preparing a children s choir to sing a major work with a

professional orchestra The underlying educational philosophy is sound the author sees development of musicianship through singing as the primary goal of a children s choir program This philosophy differs dramatically from the traditional concept of the conductor as all knowing and the singers as receptacles An outstanding aspect of the book is how the author leads the reader to an understanding of how to teach musicianship Developing literacy in the choral setting is a mysterious amorphous process to many conductors but the author clearly outlines this important process with practical suggestions well documented examples and a clear reading style which will reach readers on many levels The comprehensive repertoire skill building sheets and programs for all types of children s choirs will provide teachers with immediate and highly valuable resources

Buffalo Music Learning Theory Edwin Gordon,2006 Gordon explains how to incorporate his music learning theory in a middle school high school college or university setting **Leading Musically** Dag Jansson,2018-04-17 Musical leadership is associated with a specific profession the conductor as well as being a colloquial metaphor for human communication and cooperation at its best This book examines what musical leadership is by delving into the choral conductor role what goes on in the music making moment and what it takes to do it well One of the unique features of the musical ensemble is the simultaneity of collective discipline and individual expression Music is therefore a potent laboratory for understanding the leadership act in the space between leader and team The musical experience is used to shed light on leading and following more broadly by linking it to themes such as authority control empowerment intersubjectivity sensemaking and charisma Jansson develops the argument that musical leadership involves the combination of strong power and deep sensitivity a blend that might be equally valid in other leadership domains Aesthetic knowledge and musical perception therefore offer untapped potential for leadership and organisational development outside the art domain

Learning Sequences in Music Edwin Gordon,2007 *Moving Spirits, Building Lives* Hugh Ballou,2005-06 **The American Organist** ,2001 *Clarity by Comparison and Relationship: A Bedtime Reader for Music Education* Edwin E. Gordon,2008 *Teaching Music Through Performance in Choir* Frank Abrahams,Anton Armstrong,Joseph Flummerfelt,Graeme Morton,Weston Noble,2005 Written researched and compiled by choral scholars and educators with a wealth of teaching and conducting experience the Teaching Music through Performance in Choir series aids conductors and educators on the quest toward full musical awareness Publisher description *The Exploration and Description of the Teaching Life of Two Exemplary Choral Teachers* James David Borst,2002 **Subject Guide to Books in Print** ,1997 **American Book Publishing Record** ,1996-05

Evoking Sound Fundamentals Of Choral Conducting And Rehearsing Book Review: Unveiling the Magic of Language
