The Social Life of Prayer Andreas Bandak, 2021-03-09 This book brings the theme of prayer into anthropological discussion Across diverse significant ethnographic case studies five anthropologists attend to prayers and how they are performed and seen to intervene in the social world The studies include Pentecostals in Zambia Charismatic Christians in Ghana Protestants in Scotland Eastern Orthodox Christians in Romania and Catholics in Syria Across these ethnographic cases the book argues that focusing on the social life of prayer offers a significant way to engage with matters close to people Prayers are a way to map affect and the affective relationships people hold in what they are oriented towards and care about Taking its cue from Marcel Mauss the book invites us to go beyond the individual and see how prayers always point to a broader social landscape of obligation and affective investment Focusing on the social life of prayers the book posits accordingly entices a particular form of situated comparison of diverse Christian traditions that pushes the scholarly conversation on Christianity to consider central questions of agency responsibility and subjectivity Taking up prayer as the object of study this book offers novel anthropological perspectives on Christian life and practice The chapters in this book were originally published a special issue of Religion

The Partisan Next Door Ethan C. Busby, Adam J. Howat, Jacob E. Rothschild, Richard M. Shafranek, 2021-09-29 In the United States politics has become tribal and personalized The influence of partisan divisions has extended beyond the political realm into everyday life affecting relationships and workplaces as well as the ballot box To help explain this trend we examine the stereotypes Americans have of ordinary Democrats and Republicans Using data from surveys experiments and Americans own words we explore the content of partisan stereotypes and find that they come in three main flavors parties as their own tribes coalitions of other tribes or vehicles for political issues These different stereotypes influence partisan conflict people who hold trait based stereotypes tend to display the highest levels of polarization while holding issue based stereotypes decreases polarization This finding suggests that reducing partisan conflict does not require downplaying partisan divisions but shifting the focus to political priorities rather than identity a turn to what we call responsible partisanship

Flourishing in Contexts and Cultures Gregory Arief D. Liem, Dennis M. McInerney, 2023-07-01 The youth of today is confronted with a myriad of challenges of living in a world that has never been more volatile uncertain complex and ambiguous These multifaceted challenges compromise their well being Fostering the well being of young people across sociocultural boundaries rather than of the select groups of privileged individuals is a timely and worthy endeavor and should not take a back seat The advent of Positive Education which is an educational paradigm that emphasizes the goal of developing both cognitive abilities and well being skills in students and young people in general has offered a promising generic approach to

promoting the well being of young people The twin goals of Positive Education are indeed aligned with two major views of well being eudaimonia highlighting the importance of one s engaged pursuit of meaningful goals and hedonia stressing the importance of one s positive emotion and life satisfaction in one s well being Their combination that wellness is achieved when a person is feeling good and functioning well has often been termed flourishing Unfortunately scholarly discussions on sociocultural influences on flourishing or well being and ways of promoting it have been scarce This volume addresses such a gap in a rigorous and timely manner International scholars from culturally diverse backgrounds put together their thoughts and ideas in their respective chapter contributions that collectively invite us to mindfully take into account youth s sociocultural and sociodemographic backgrounds in promoting their flourishing This book which embodies the who what when where and how of youth well being will be extremely insightful and useful for scholars and researchers as well as policy makers and practitioners teachers interventionists counsellors youth mentors who seek to promote the well being of young people in their respective contexts and beyond

Gracious Forgiveness Cristian F. Mihut, 2023-03-14 Divine forgiveness is expressed in biblical and liturgical contexts through a variety of metaphors canceling debts covering stains forgoing or stopping litigation forgetting iniquities and more In this study Cristian F Mihut retrieves a theologically paradigmatic liturgically deep and symbolically evocative image of divine forgiveness that has received little attention bearing burdens *Gracious Forgiveness A Theological Retrieval* articulates a divine disposition to forgive starting from this metaphor Embedded in a larger covenantal relational framework where sin is a cosmic sickness humans are targets of divine healing and divine transcendence is expressed through inexhaustible gracious commitments to redress brokenness divine forgivingness finds its most lucid tangible and full expression in the life and work of Jesus Christ In the person of Jesus Christ we see most clearly how a gracious God is committed to separating sinners from their sin and how God heals people by absorbing into God's own being the consequences of their offense A second main argument of the book is that sin bearing Christological forgivingness has ethical and relational ramifications The study articulates a human disposition to forgive forgivingness that involves both a certain conception of one's participation in Christ and a certain formation of one's sensibility Entrenching forgivingness depends at once on developing gracious hopeful and merciful dispositions but also on seeing oneself as a continuant of God's cosmic

story of redressing brokenness Mihut concludes with a defense of the surprising claim that curative forgivingness is compatible with anger and even recommended to people living under oppression *A Companion to Fritz Lang* Joe McElhaney, 2015-01-27 *A Companion to Fritz Lang* Fritz Lang's movie making spans a major part of the history of cinema across genres styles and national contexts With smartness and sharpness the essays in this essential volume come from many angles to capture the richness of Lang's cinema and bring great insight to its study Dana Polan Cinema Studies NYU Fritz Lang's influence on cinema cannot be overstated with a career that stretched from the silent era in Germany to the decline of the Hollywood studio system in the late 1950s from the Weimar Republic to Nazi Germany from Depression America to the McCarthy era One of the best known migr's from Germany's school of Expressionism Lang is also credited with influencing the emergence of film noir *A Companion to Fritz Lang* offers the first full scale collection of scholarship available in English on one of the most important filmmakers of all time Addressing much of Lang's voluminous body of work from *Metropolis* and *M* to lesser known titles such as *Western Union* and *Clash by Night* this volume offers a superb overview of Lang's cinema with revealing insights into his enduring influence on directors such as Godard Scorsese Chabrol and Tarantino The two dozen essays presented here are an unrivaled and up to the minute assessment of the prolific and resilient life and vision of one of cinema's greatest auteurs **Policy and Gay, Lesbian, Bisexual, Transgender and Intersex Students** Tiffany Jones, 2014-10-21
